NOTICE OF PROTECTION PROVIDED BY
CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association ("the Association"). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

- **Persons Covered**
  Generally, an individual is covered by the Association if the insurer was a member of the Association and the individual lives in California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees, whether or not they live in California.

- **Amounts of Coverage**
  The basic coverage protections provided by the Association are as follows.
  - **Life Insurance, Annuities and Structured Settlement Annuities**
    For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:
    - **Life Insurance**
      80% of death benefits but not to exceed $300,000
      80% of cash surrender or withdrawal values but not to exceed $100,000
    - **Annuities and Structured Settlement Annuities**
      80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not to exceed $250,000
  
  The maximum amount of protection provided by the Association to an individual, for all life insurance, annuities and structured settlement annuities is $300,000, regardless of the number of policies or contracts covering the individual.

  - **Health Insurance**
    The maximum amount of protection provided by the Association to an individual, as of April 1, 2011, is $470,125. This amount will increase or decrease based upon changes in the health care cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer.
COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society
- If the person is provided coverage by the guaranty association of another state.
- Unallocated annuity contracts; that is, contracts which are not issued to and owned by an individual and which do not guaranty annuity benefits to an individual
- Employer and association plans, to the extent they are self-funded or uninsured
- A policy or contract providing any health care benefits under Medicare Part C or Part D
- An annuity issued by an organization that is only licensed to issue charitable gift annuities
- Any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as certain investment elements of a variable life insurance policy or a variable annuity contract
- Any policy of reinsurance unless an assumption certificate was issued
- Interest rate yields (including implied yields) that exceed limits that are specified in Insurance Code Section 1607.02(b)(2)(C).

Term Of Policy

This Policy becomes effective on June 29, 2020 at 12:00 a.m. Pacific Time, and will remain in effect for a term of 12 consecutive months, subject to the payment of premiums as required in the "Premiums" section below. This Policy may be terminated by the Group with a 30 day written notice to HNL. HNL may terminate or not renew this Policy for good cause as set forth below with a 30 day written notice. If the terms of this Policy are altered by the consent of both parties, no resulting reduction in coverage will adversely affect a Covered Person who is confined to a Hospital at the time of such change.

Good cause for termination or not renewing of this Policy by HNL shall include:

- Failure of the Group to pay any premiums when due;
- Failure of the Group to meet minimum participation and the Group contribution requirement;
- HNL can demonstrate that the Group has performed an act or practice constituting fraud or made an intentional misrepresentation of material fact; or
- Failure of the Group to maintain minimum participation requirements as follows: where coverage is offered on a contributory basis, health plan enrollment represents the greater of 75% of the eligible active employee population or 76 enrolled active employees; if more than one health plan is offered, HNL’s enrollment represents the greater of 38% of the eligible active employee population or 38 enrolled active employees; if coverage is offered on a non-contributory basis, health plan enrollment will be 100% of the eligible employee population.

After 24 months following the issuance of this Policy, HNL shall not rescind the Policy for any reason, and shall not cancel the Policy, limit any of the provisions of the Policy or raise any premiums of the Policy due to any omissions, misrepresentations or inaccuracies in the Application for Group Policy, whether willful or not.

Termination of this Policy for good cause for the reasons described above shall become effective upon 30 days 'written notice to the Group.

Covered Persons who are totally disabled on the date coverage under this Policy ends may be eligible for continuation of coverage. See the "Extension of Benefits" portion of the "Eligibility, Enrollment and Termination" section in the Certificate portion of this Policy.

If HNL decides to discontinue offering a particular medical benefit plan in the group market in California, HNL will:

- Provide notice to the Commissioner of Insurance of California, each affected Group, and all affected Covered Persons of its intention to discontinue offering the particular medical benefit plan in California;
- Provide such notice at least 90 days prior to discontinuance of the particular Comprehensive Medical Benefit plan; and
- Offer to each affected group whose coverage is being discontinued, the option of replacing the discontinued plan with any other Group plan currently being offered by HNL in California, for which the Group is eligible.
Premiums

The Group shall pay HNL monthly premiums in accordance with the terms set out below. Charges shall be calculated by HNL from current records as to the number of Covered Persons enrolled. Retroactive payment adjustments will be made in subsequent billing statements for any additions or terminations of Covered Persons not currently reflected in HNL's records at the time of calculation of premiums. The effective date of the addition or termination will be in accordance with rules established by HNL for determining effective dates of retroactive adjustments, but in no event will the effective date be more than 180 days prior to the date of receipt of the written request by HNL.

In order for a credit of premiums to be applied for terminated Covered Persons, HNL must receive notification as soon as possible following the date of the Covered Person's ineligibility, but in no event later than 180 days following such date. HNL will credit a maximum of 180 days of premium to the Group for ineligible Covered Persons.

Only Covered Persons for whom payment is received by HNL shall be eligible for services and benefits hereunder and only for the period covered by such payment. Upon such termination, prepaid premiums received on account of the terminated Covered Person or Covered Persons applicable to periods after the effective date of the termination will be credited back to the Group on the next following billing statement, and HNL shall not have any further liability or responsibility under this Policy to such terminated Covered Person. HNL will credit a maximum of 180 days of premium to the Group for terminated Covered Persons.

In the foregoing instances where a Covered Person is being retroactively terminated, the effective date of retroactive termination cannot be prior to any date on which services or supplies were provided to the Covered Person under this Policy. In such instances, the date of termination will be the first day of the calendar month following the month in which services or supplies were provided, and any applicable credit of premium will be calculated from that date.

If the Group seeks to retroactively add Covered Persons, enrollment forms must be received by HNL as soon as possible following the Covered Person’s eligibility date, but in no event later than 180 days following such date. HNL will charge the Group retroactive premium(s) according to the Covered Person's Effective Date, which will be in accordance with rules established by HNL for determining effective dates of retroactive adjustments, but in no event will the effective date be more than 180 days prior to when HNL receives the enrollment or membership change form.

The first premiums must be paid to HNL on or before the effective date of this Policy. After that, payment is due on the first of each month while the Policy is in effect.

Except as described below, HNL will not change the premiums, applicable Copayments, Coinsurance or Deductibles for the length of this Policy, after (1) the Group has delivered notice of acceptance of the PPO846LRG(1/20)NG
Policy, (2) the start of the Group's Open Enrollment Period or (3) premiums are paid by the Group in the amount and manner provided for in this Policy.

HNL may change the premiums, applicable Copayments, Coinsurance and Deductibles under the following circumstances:

- When such changes are authorized or required under this Policy;
- When agreed to under a preliminary agreement which states that such agreement is subject to execution of a formal agreement between the Group and HNL; or
- When the terms of this Policy are altered, in writing, by the consent of both parties.

Any change to the premiums shall be made with at least a 60-day written notice to the Group prior to the date of such change. Payment of any installment of premiums as altered shall constitute acceptance of this change.

If a governmental authority (a) imposes a tax or fee that is computed on premiums or (b) requires a change in coverage or administrative practice that increases HNL's risk, HNL may amend this Policy and increase the premium sufficiently to cover the tax, fee, or risk. The effective date shall be the date set forth in a written notice from HNL to the Group. The effective date shall not be earlier than the date that the tax, fee, or required change in coverage or administrative practice is imposed by the governmental authority.

If this Policy is terminated for any reason, the Group shall be liable for all premiums for any time this Policy is in force during any grace period and any notice period.

**General Provisions**

**Form or Content of Policy**

No agent or employee of HNL is authorized to change the form or content of this Policy. Any changes can be made only through an endorsement authorized and signed by an officer of HNL.

**Entire Agreement**

This Policy, the application of the Group, including the conditions of enrollment, underwriting criteria and the enrollment forms of the Group's eligible employees shall constitute the entire agreement between the parties, and all statements made by the Group or by any individual Covered Person shall, in the absence of fraud, be deemed representations and not warranties, and no such statement shall be used in defense to a claim under this Policy unless it is contained in a written application. After 24 months following the issuance of this Policy, HNL may not rescind the Policy for any reason, and shall not cancel the Policy, limit any of the provisions of the Policy, or raise premiums on the Policy due to any fraud or any intentional misrepresentation of material fact.

**Grace Period**

A grace period will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force (subject to the right of the insurer to cancel in accordance with the "Term of Policy" section above). A minimum 31-day grace period will end no sooner than the 31st day following the last day of coverage for which HNL has received payment.

The grace period will begin on the first day after the last day of paid coverage and will end on either:

PPO846LRG(1/20)NG
a. The 31st day following the last day of paid coverage, if the notice of nonrenewal due to nonpayment has been sent by HNL no later than the first day after the last day of paid coverage; or

b. The 31st day following the day HNL sends the notice of nonrenewal due to nonpayment if the notice has been sent by HNL after the first day after the last day of paid coverage.

**Continuation of Coverage for Covered Persons**

Except as otherwise provided herein, HNL shall not have the right to cancel or terminate any individual Certificate issued to any Covered Person while this Policy remains in force and effect, and while said Covered Person remains in the eligible class of Employees of the Group and his or her premiums are paid in accordance with the terms of this Policy.

**Charter Not Part of Policy**

None of the terms or provisions of the charter, constitution or bylaws of HNL shall form a part of this Policy or be used in the defense of any suit hereunder, unless the same is set forth in full in this Policy.

**Distribution of Notices**

HNL will send required notices as specified in this Policy to the Group’s address on record. The Policy will be posted electronically on HNL’s secure Web site at [www.healthnet.com](http://www.healthnet.com). By registering and logging on to HNL’s Web site, the Group can access, download and print the Policy, if it so chooses, or the Group can opt to receive the Policy by U.S. mail, in which case HNL will mail the Policy to the Group’s address on record with HNL.

**Enrollment Regulations**

This Policy may be terminated by HNL if at any time the number of Covered Persons does not meet the enrollment regulations of HNL.

**Regulation and Interpretation of Policy**

This Policy is issued with and is governed by the State of California. The regulations and laws of California shall be applied to interpretations of this Policy.

**Recordkeeping**

The Group is responsible for keeping records relating to this Policy. HNL has the right to inspect and audit those records.

**Nondiscrimination**

HNL and the Group hereby agree that no person who is otherwise eligible for coverage under this Policy shall be refused enrollment nor shall his or her coverage be canceled solely because of race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, marital status, sexual orientation, age, disability, health status, or physical or mental handicap.

**Notice of Cancellation**

If this Policy terminates for any reason, HNL will send the notice of cancellation to the Group. The Group shall promptly mail a copy of the notice to each Covered Person and provide HNL proof of such
mailing, including the date thereof. However, if HNL decides to discontinue offering a particular medical benefit plan in the group market in California, HNL will notify both the Group and the affected Covered Persons of its intention to discontinue offering the particular medical benefit plan.

**Medical Loss Ratio (MLR) Rebates**
In conjunction with the requirements of the federal Affordable Care Act, upon HNL's request, the Group shall provide the Group's average number of employees employed on business days during the previous Calendar Year, in order for HNL to accurately categorize the Group, for purposes of determining the appropriate MLR value that is applicable to the Group.

**Misstatement of Age**
If the age of the Covered Person has been misstated, all amounts payable under this Policy shall be such as the premium paid would have been purchased at the correct age.

**Modifications to Plan and Notice Obligations**
If the plan is modified in accordance with the terms and provisions of this Group Policy, HNL will send notice of such modification to the holder of the Group Policy with at least 60 days written notice. HNL will provide notice of such changes to Covered Persons of this plan when it is required to do so by law. The Group may have obligations under state or federal law to provide notification of these changes to the Covered Persons under this plan.

**Modifications to Preferred Provider Organization Network and Notice Obligations**
HNL will send written notice to the holder of the Group Policy within a reasonable period of time, of any termination, permanent breach of contract or permanent inability to perform of any Preferred Provider, if that termination, breach or inability materially and adversely affects the holder of the Group Policy or Covered Persons of this plan. In such circumstances, the Group must provide the substance of such notice of the termination, breach or inability to perform, to the principal Covered Persons covered under this plan, not later than 30 days after the receipt of such notice from HNL.

**Religious Employer**
Only a "religious employer" that meets the definition below will be issued a Policy that does not provide coverage for contraceptives:
- The inculcation of religious values is the purpose of the entity.
- The entity primarily employs persons who share the religious tenets of the entity.
- The entity serves primarily persons who share the religious tenets of the entity.
- The entity is a nonprofit organization pursuant to Section 6033(a)(2)(A)(i) or (iii) of the Internal Revenue Code of 1986, as amended.

However, contraceptive drugs, devices and outpatient contraceptive services that are being prescribed for a medical condition other than contraceptive, abortifacient or abortion purposes are covered.
Worker’s Compensation Insurance

This Health Net PPO Policy is not a substitute for and does not affect any requirement for coverage by worker’s compensation insurance on behalf of Group.

Summary of Benefits and Coverage (SBC)

Regulations under the federal Patient Protection and Affordable Care Act (SBC Regulations) require that HNL (a group health insurance issuer) and Group (a group health plan) provide a Summary of Benefits and Coverage (SBC), notice of modification of the SBC, and, upon request, a uniform glossary to Participants and Beneficiaries who are enrolled in the group health plan (Covered Persons) as well as to Participants and Beneficiaries who are eligible for but not enrolled in the group health plan (Eligible Persons). These documents must be available without charge to individuals who enroll or re-enroll in group health coverage during an open enrollment period (including former employees with COBRA continuation coverage) or other than through an open enrollment period (including individuals who are newly eligible for coverage or Special Enrollees).

Group and HNL, in accordance with the responsibilities assigned to each party as set forth herein below, agree to undertake their respective assignments to satisfy all timing, form and content requirements that pertain to the distribution of SBCs and the uniform glossary to Covered and Eligible Persons. Both Group and HNL shall cooperate with each other in good faith and to the extent reasonably necessary to ensure that the parties fully comply with requirements of the SBC Regulations.

• DEFINITIONS

This provision defines words that will help you understand this "Summary of Benefits and Coverage (SBC)" section. The terms used within this section have certain meanings that are specific to this section.

1. "Beneficiary" means a person designated by a Participant, or by the terms of an employee benefit plan, who is or may become entitled to a benefit thereunder.

2. "Covered Persons" means Participants and Beneficiaries who are enrolled in the group health plan.

3. "Eligible Persons" means Participants and Beneficiaries who are eligible for but not enrolled in the group health plan.

4. "Group" is the business organization (usually an employer or trust) to which HNL has issued the agreement to provide the benefits to Covered Persons.

5. "Participant" means any employee or former employee of an employer, or any member or former member of an employee organization, who is or may become eligible to receive a benefit of any type from an employee benefit plan which covers employees of such employer or members of such organization, or whose beneficiaries may be eligible to receive any such benefit.

6. "Special Enrollee" means any Participant or Beneficiary who is eligible to enroll as described in the Certificate under "Exceptions to Late Enrollment Rule" in the "Eligibility, Enrollment and Termination" section.
• **PREPARATION OF SBCs:** HNL shall prepare and deliver to Group an SBC for each HNL health benefit plan which Group offers to Covered and Eligible Persons. HNL shall use reasonable commercial efforts to provide required SBCs to Group before Group’s open enrollment process for the next year is scheduled to commence. HNL shall prepare and deliver a modified SBC to Group whenever HNL determines that material modifications must be made to a previously delivered SBC.

• **DISTRIBUTION OF SBCs:** Group shall provide Covered and Eligible Persons with SBCs in the exact and unmodified form (including appearance and content) in which HNL provides the SBCs to Group pursuant to the provisions of this section and as described herein below.

• **TIMING:** Group shall provide an SBC to an Eligible or Covered Person:
  1. Upon application for enrollment:
     a. along with any written application materials, or, if the Group does not distribute written application materials for enrollment, then no later than the first date the Eligible or Covered Person is eligible to enroll in coverage for the Participant or any Beneficiaries; and by the first day of coverage, if HNL provides a modified SBC between the date an Eligible or Covered Person applied for coverage and the first day of coverage; or by the first day of coverage, if HNL provides a modified SBC between the date an Eligible or Covered Person applied for coverage and the first day of coverage; or
     b. within ninety (90) days following enrollment, if the Eligible or Covered Person is a Special Enrollee.
  2. Upon renewal or reissuance of this Agreement:
     a. no later than the date on which application materials (including, but not limited to, open enrollment materials) are distributed, if written application (or active election) is required for renewal; or
     b. if renewal is automatic, no later than 30 days prior to the first day of the new plan or policy year. If the Agreement is not issued or renewed before this 30 day period, Group shall provide the SBC as soon as practicable but not later than 7 business days after the Agreement is issued or HNL receives your Group’s written confirmation of its intent to renew the Agreement, whichever is earlier.
     c. The Group is not required to provide an SBC to a Covered Person automatically upon renewal for benefit packages in which the Covered Person is not enrolled. However, if a Covered Person requests an SBC for a benefit package in which he or she is not enrolled, such SBC must be provided as soon as practicable, but in no event later than 7 business days following receipt of the request.
  3. At any time, upon request for an SBC or summary information about any HNL health benefit package for which an eligible or Covered Person is eligible. The SBC must be provided as soon as practicable, but within 7 business days following receipt of the request.

• **NUMBER:** A single SBC may be provided to a Participant and any Beneficiaries at the Participant’s last known address, unless any Beneficiary is known to reside at a different address. In that case, a separate SBC must be provided to any Beneficiary at his or her last known address.
• **FORM AND MANNER:** Group shall provide the SBC to an Eligible or Covered Person in paper form or, alternatively, electronically (such as by email or an Internet posting) if the following conditions are met:

1. SBCs reproduced and distributed in paper form must be in the uniform format provided by HNL; they must be copied on four, double-sided pages in length and not include print smaller than 12-point font.

2. SBCs displayed electronically may be on a single webpage, so the viewer can scroll through the information required to be on the SBC without having to advance through pages. However, columns or rows may not be deleted when displaying a complete SBC.

3. For Covered Persons who are already covered under a benefit package provided under this Agreement, Group may provide the required SBCs electronically if the requirements of the U.S. Department of Labor’s regulations at 29 C.F.R. §2520.104b-1 are met. This regulation contains fiduciary disclosure requirements as well as an electronic distribution safe harbor.

4. For Eligible Persons, Group may provide SBCs electronically if (1) the format is readily accessible (such as in an html, MS Word, or PDF format) and can be electronically retained and printed, (2) paper copies are provided free of charge upon request, and (3) if the electronic form is an Internet posting, the Group timely advises Eligible Persons in paper form (such as a postcard) or by email that the SBCs are available on the Internet, provides the Internet address, and notifies the Eligible Persons that the documents are available in paper form upon request.

Model language for an e-card or postcard in connection with a website posting of an SBC follows:

```
Availability of Summary Health Information

As an employee, the health benefits available to you represent a significant component of your compensation package. They also provide important protection for you and your family in case of illness or injury.

Your plan offers a series of health coverage options. Choosing a health coverage option is an important decision. To help you make an informed choice, your plan makes available a Summary of Benefits and Coverage (SBC), which summarizes important information about any health coverage option in a standard format, to help you compare across options.

The SBC is available on the web at: www.healthnet.com. A paper copy is also available, free of charge, by calling 1-800-522-0088 (a toll free number).
```

• **NOTICE OF MODIFICATION OF AN SBC DURING THE PLAN OR POLICY YEAR:** Upon receipt of timely notice from HNL of material changes to the contents of an SBC and an updated SBC which reflects such changes, and that occurs other than in connection with a renewal or reissuance of coverage under this Agreement, Group shall provide notice of the material changes to Covered Persons no later than 60 days prior to the date on which material changes will become effective. Group shall distribute such notice to Covered and Eligible Persons in the same number, form and manner (so as to comply with the SBC regulations) in which Group provided the original SBC which was subsequently updated.
• **UNIFORM GLOSSARY:** The SBC informs the reader that he or she can view a Glossary of bolded terms used in the SBC at [www.cciio.cms.gov](http://www.cciio.cms.gov) or can call HNL at the number on his or her ID card to request a copy. HNL shall provide a written copy of the Glossary to a Covered or Eligible Person who requests a written copy within 7 business days after HNL receives the request.

• **PARTIES TO BEAR THEIR OWN COSTS:** HNL and Group shall each bear its own costs in connection with the execution of the respective party’s responsibilities under this Agreement, as amended, including but not limited to the production, reproduction and distribution of SBCs and the Glossary.

• **ADVICE OF COUNSEL:** Group and HNL each acknowledge that they have consulted with and have had appropriate advice and legal counsel to determine their responsibilities under the SBC Regulations. Group and HNL have executed this Agreement, as amended, knowingly and voluntarily.

• **DELAYED DISTRIBUTION:** In the event that HNL determines that the Group failed to distribute the SBCs to Covered Persons or Eligible Persons as required herein, HNL will contact the Group and assure the immediate distribution of the SBCs to comply with applicable federal statutes and regulations. In such case, the Group agrees to reimburse HNL for any costs incurred by HNL to assure distribution of the SBCs.

### Binding Arbitration

Sometimes disputes or disagreements may arise between HNL and the Group or Covered Persons regarding the construction, interpretation, performance or breach of this Policy, or regarding other matters relating to or arising out of this Policy. HNL uses binding bilateral arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as health care providers, or their agents or employees, are also involved. However, the Group and Covered Persons are not required to participate in final, binding arbitration to resolve disputes concerning adverse benefit determinations and are entitled to pursue any remedies available under the law. In addition, disputes with HNL involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

As a condition to contracting with HNL, **THE GROUP AND COVERED PERSONS AGREE TO SUBMIT ALL DISPUTES RELATING TO OR ARISING OUT OF HNL MEMBERSHIP, TO INDIVIDUAL FINAL AND BINDING ARBITRATION, EXCEPT DISPUTES CONCERNING ADVERSE BENEFIT DETERMINATIONS AS DEFINED IN 45 CFR 147.136, AND YOU AGREE NOT TO PURSUE CLASS ARBITRATION.** Likewise, HNL agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that Group, Covered Persons and HNL are bound to use binding bilateral arbitration as the final means of resolving disputes that may arise between them, and thereby the parties agree to forego any right they may have to a jury trial on such disputes. However, no remedies that otherwise would be available to the parties in a court of law will be forfeited by virtue of this agreement to use and be bound by HNL's binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

HNL’s binding arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is $200,000 or less ($50,000 or less with respect to
disputes with HNL involving alleged professional liability or medical malpractice), the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than $200,000 or $50,000, whichever is applicable. In the event that the total amount of damages is over $200,000 or $50,000, whichever is applicable, the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this time frame, then any party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter. When a petition is made to the court to appoint a neutral arbitrator, the court shall nominate five persons from lists of persons supplied jointly by the parties to the arbitration or obtained from a governmental agency concerned with arbitration or private disinterested association concerned with arbitration. The parties to the agreement who seek arbitration and against whom arbitration is sought may within five days of receipt of notice of the nominees from the court jointly select the arbitrator whether or not the arbitrator is among the nominees. If the parties fail to select an arbitrator within the five-day period, the court shall appoint the arbitrator from the nominees.

Arbitration can be initiated by submitting a demand for arbitration to HNL at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this Policy, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law, and that award will be final and binding on all parties except to the extent that state or federal law provides for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Covered Person, HNL may assume all or portion of a Covered Person's share of the fees and expenses of the arbitration. Upon written notice by the Covered Person requesting a hardship application, HNL will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Legal Department at the address provided above.

**COBRA and California-COBRA Program (Cal-COBRA) Continuation Coverage**

HNL recognizes that many Groups must comply with the continuation of group coverage requirements under federal and California laws and regulations, which respectively are commonly referred to as "COBRA" and "Cal-COBRA." HNL acknowledges that Groups who are so affected cannot discharge their legal responsibilities without HNL's informed and willing participation in providing the required continuation coverage.
HNL is, therefore, committed to the following:

- Maintaining an awareness of the continuation coverage requirements of federal and state laws. This includes federal requirements under the Employee Retirement Income Security Act of 1974 (ERISA), the Public Health Service Act, regulations which are issued by the Secretaries of federal agencies and state law requirements under the California COBRA Program (Article 4.5 of the California Health and Safety Code and Article 1.7 of the California Insurance Code);

- Providing continuation coverage to plan Covered Persons upon the request of a Group when such requests are consistent with the Group’s obligations under the law; and

- Sharing knowledge regarding COBRA and Cal-COBRA with Groups as they experience problems, but HNL will not give legal advice on these matters.

**Cal-COBRA Obligations**

California law requires health plans and insurers to offer individuals who began receiving federal COBRA coverage on or after January 1, 2003 and who have exhausted federal COBRA the opportunity to continue coverage for a total of 36 months through a combination of COBRA and Cal-COBRA. When such an individual has elected to continue coverage through Cal-COBRA, the Group must do the following:

- Notify current Cal-COBRA qualified beneficiaries of Group’s intent to terminate this Policy. If the Group intends to terminate this Policy with HNL and replace it with coverage through another California HMO or disability (health) insurer, the Group must, at least 30 days prior to the termination, inform all existing Cal-COBRA qualified beneficiaries of this action. The Group must also inform qualified beneficiaries that they have the ability to choose to continue coverage through the new plan for the balance of the period that they could have continued coverage through the HNL Plan. HNL will provide the employer the names and last known addresses of enrolled Cal-COBRA qualified beneficiaries.

- Notify the successor plan of the qualified beneficiaries currently receiving Cal-COBRA coverage. The Group must notify the successor plan in writing of the qualified beneficiaries currently receiving continuation coverage so that the successor plan, or contracting employer or administrator may provide those qualified beneficiaries with the necessary information to allow the qualified beneficiary to continue coverage through the new plan.

**Plan Benefits And Benefit Certificate**

HNL will issue and deliver to each principal Covered Person a Health Net PPO Certificate of Insurance, electronically by posting it on HNL’s website at [www.healthnet.com](http://www.healthnet.com), if so designated by the Group and elected by the Covered Person (or hard copy by mail to the Covered Person’s address on record if so designated by the Group and elected by the Covered Person). The Health Net PPO Certificate of Insurance sets forth a statement of benefits to which the Covered Persons are entitled. HNL will also issue and deliver an identification card by mail to the Covered Person’s address on record.

The benefits of this plan and the language of the Health Net PPO Certificate of Insurance are specifically incorporated herein by reference.
Coverage For Domestic Partners

A principal Covered Person’s Domestic Partner is eligible for coverage provided that the partnership meets the Group’s domestic partnership eligibility requirements. The Group’s eligibility requirements must be compliant with California law. The Domestic Partner and the dependent children of the Domestic Partner may enroll on the same basis as a principal Covered Person’s spouse and his or her children in accordance with the terms and conditions of this Policy that apply generally to the spouse of a principal Covered Person under this Plan.

Domestic Partners and their enrolled dependent children are eligible for California COBRA coverage on the same basis as other enrollees based on the Group’s eligibility rule. Determination of COBRA qualification for Domestic Partners and their children will be based on agreement between HNL and the Group. In addition, HNL agrees to provide federal COBRA-like coverage on the same basis to the Domestic Partner and his or her unmarried dependent children as other COBRA qualified enrollees.

Compliance with Medicare Part D Regulations in Administration of Group’s Outpatient Prescription Drug Plan (PDP)

Where Group offers a qualified retiree prescription drug plan, Group and HNL agree to the requirements set forth in sections A and B below:

A. In accordance with section 1860D-22 ("Part D") of the Social Security Act (the "Act"), HNL agrees that Group may determine how much of a Covered Person’s Part D monthly beneficiary premium it will subsidize, subject to the restrictions set forth below in (1) – (5).

1. Group can subsidize different amounts for different classes of Covered Persons in the Agreement’s PDP provided such classes are reasonable and based on objective business criteria, such as years of service, date of retirement, business location, job category, and nature of compensation (e.g., salaried versus hourly). Different classes cannot be based on eligibility for the Low Income Subsidy as defined in 1860D-14 of the Act.

2. Group cannot vary the premium subsidy for individuals within a given class of Covered Persons.

3. Group cannot charge a Covered Person for prescription drug coverage provided under the Agreement more than the sum of his or her monthly Medicare beneficiary premium attributable to basic prescription drug coverage and 100% of the monthly beneficiary premium attributable to his or her supplemental prescription drug coverage (if any).

4. For all Covered Persons eligible for the Low Income Subsidy, the low income premium subsidy amount will first be used to reduce the portion of the monthly beneficiary premium attributable to basic prescription drug coverage paid by the Covered Person, with any remaining portion of the premium subsidy amount then applied toward the portion of the monthly beneficiary premium attributable to basic prescription drug coverage paid by the Group.

5. If the low income premium subsidy amount for which a Covered Person is eligible is less than the portion of the monthly beneficiary premium paid by the Covered Person, then the Group shall communicate to the Covered Person the financial consequences for the Covered Person of enrolling in the Group’s PDP as compared to enrolling in another Part D plan with a monthly beneficiary premium equal to or below the low income premium subsidy amount.
B. Group agrees to notify Covered Persons of the Group’s intent to enroll them in HNL’s PDP and to provide them with all of the information more fully described in the instructions set forth in Subchapter 30.1.6 (Group Enrollment for Employer/Union Sponsored PDPs) of the Center for Medicare and Medicaid Services’ PDP Guidance for Eligibility, Enrollment and Disenrollment finalized August 29, 2005 and as summarized below.

1. Notify all Covered Persons that the Group intends to enroll Covered Persons in a PDP the Group is offering; and

2. Inform Covered Persons that they may affirmatively opt out of such enrollment; how to accomplish that; and any consequences to Group benefits opting out would bring; and

3. Provide notice to Covered Persons not less than 30 calendar days prior to the effective date of the Covered Persons enrollment in the Group sponsored PDP; and

4. Provide Covered Persons a summary of benefits offered under the Group sponsored PDP, an explanation of how to get more information about the PDP, and an explanation of how to contact Medicare for information on other Part D options that might be available to the Covered Person; and

5. Provide required enrollment disclosure information contained within the Centers for Medicare & Medicaid Services (CMS) model enrollment form; and

6. Provide all the information required for HNL to submit a complete enrollment request transaction to CMS; and

7. Provide CMS with any information it has on other insurance coverage for the purpose of coordination of benefits.

HEALTH NET PPO CERTIFICATE OF INSURANCE

ISSUED IN CONNECTION WITH THE HEALTH NET PPO GROUP INSURANCE POLICY

UNDERWRITTEN

BY

HEALTH NET LIFE INSURANCE COMPANY

Los Angeles, California

THIS BENEFIT PLAN DOES NOT PROVIDE PREFERRED PROVIDER BENEFITS FOR SERVICES (INCLUDING SERVICES FOR BEHAVIORAL HEALTH TREATMENT) PROVIDED OUTSIDE THE UNITED STATES, EXCEPT FOR EMERGENCY CARE AND URGENT CARE. OUTSIDE THE UNITED STATES, COVERAGE IS LIMITED TO EMERGENCY CARE AND URGENT CARE, AS DESCRIBED UNDER "FOREIGN TRAVEL OR WORK ASSIGNMENT" IN THE "MISCELLANEOUS PROVISIONS" SECTION.

HEALTH NET LIFE INSURANCE COMPANY (herein called HNL) agrees to provide benefits as described in this Certificate to You and Your eligible Dependents, subject to the terms and conditions of the Health Net PPO Insurance Policy (the Policy) which is incorporated herein and issued to the Group.

The benefits described under this Certificate do not discriminate on the basis of race, ethnicity, color, nationality, ancestry, national origin, sex, gender, gender identity, gender expression, marital status, Domestic Partner status, age, disability, sexual orientation, genetic information, or religion, and are not subject to any pre-existing condition or exclusion period.
PLEASE READ THE FOLLOWING INFORMATION TO KNOW FROM WHOM OR WHICH GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

**Preferred Providers** are providers who have agreed to participate in HNL's Preferred Provider Organization program (PPO), which is called Health Net PPO. They have agreed to provide You Covered Services and Supplies as explained in this *Certificate* and accept a special Contracted Rate, called the Contracted Rate, as payment in full. Your share of costs is based on this Contracted Rate. Preferred Providers are listed on the HNL website at [www.healthnet.com](http://www.healthnet.com) and selecting "Provider Search," or You can contact the Customer Contact Center at the telephone number on Your HNL ID card to obtain a copy of the Preferred Provider Directory at no cost.

The PPO Preferred Provider Network is subject to change. It is your obligation to be sure that the provider You choose is a Preferred Provider with an HNL PPO Agreement in effect. **IMPORTANT NOTE:** Please be aware that it is Your responsibility and in Your best financial interest to verify that the health care providers treating You are Preferred Providers, including:

- The Hospital or other facility where care will be given. After verifying that the Hospital or the facility is a PPO Preferred Provider, You should not assume all providers at that Hospital or facility are also Preferred Providers; if you receive services from an Out-of-Network Provider at that Hospital or other facility, refer to "When Out-of-Network Services are received at an In-Network Health Facility" below for information on how those services are paid.

- The provider You select, or to whom You are referred, at the specific location at which You will receive care. Some providers participate at one location, but not at others.

Preferred Providers may refer Covered Persons to Out-of-Network Providers. If Certification is required but not obtained prior to incurring services, such services will be subject to the noncertification penalty shown in the "Schedule of Benefits" section.

**Out-of-Network Providers** have not agreed to participate in the Health Net PPO program. You may choose to obtain Covered Services and Supplies from an Out-of-Network Provider. **WHEN YOU USE AN OUT-OF-NETWORK PROVIDER, BENEFITS ARE SUBSTANTIALLY REDUCED AND YOU WILL INCUR A SIGNIFICANTLY HIGHER OUT-OF-POCKET EXPENSE.** Your out-of-pocket expense is greater because: (i) You are responsible for a higher percentage cost of the benefits in comparison to the cost of benefits when services are provided by Preferred Providers; (ii) HNL's benefit for Out-of-Network Providers is based on the Maximum Allowable Amount; and (iii) You are financially responsible for any amounts these Out-of-Network Providers charge in excess of this amount. Please refer to the definition of Maximum Allowable Amount in the "Definitions" section for details.

**When Services are not Available through a Preferred Provider:** If HNL determines that the Medically Necessary care You require is not available because there is no provider or facility that can provide the care within the Preferred Provider network, HNL will authorize You to receive the care and will arrange for the required medically appropriate care from an available and accessible Out-of-Network Provider or facility. Covered Services and Supplies received from Out-of-Network Providers under these circumstances will be payable at the Preferred Provider level of coverage. Cost-sharing paid at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-of-Pocket Maximum and You will not be responsible for any amounts in excess of the Maximum Allowable Amount. If You need access to medically appropriate care that is not available in the PPO Preferred Provider network, or are being billed for amounts in excess of the Maximum

PPO847LRG(1/20)NG
Allowable Amount for Covered Services received under these circumstances, please call the Customer Contact Center at the number shown on your Health Net ID card.

**When Out-of-Network Services are received at an In-Network Health Facility:** In addition, if You receive covered non-emergent services at an in-network (PPO) health facility (including, but not limited to, a licensed Hospital, an ambulatory surgical center or other outpatient setting, a laboratory, or a radiology or imaging center), at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the Preferred Provider level of cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider’s billed charge and the Maximum Allowable Amount); the cost-sharing and Deductible will accrue to the Out-of-Pocket Maximum for Preferred Providers.

The Out-of-Network Provider may bill or collect from You the difference between a provider’s billed charge and the Maximum Allowable Amount in addition to any applicable Out-of-Network Deductible(s), Copayments and/or Coinsurance, only when You consent in writing at least 24 hours in advance of care. In order to be valid, that consent must meet all of the following requirements: (1) it must be in a document that is separate from the document used to obtain the consent for any other part of the care or procedure, (2) the Out-of-Network Provider has given You a written estimate of the total out-of-pocket cost of care, (3) the consent has advised You that You may elect to seek care from a Preferred Provider or may contact HNL to arrange to receive care from a Preferred Provider, (4) that any costs that You incur as a result of Your use of the Out-of-Network benefit shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Preferred Provider benefits or a Deductible, if any, for in-network benefits, and (5) the consent and estimate shall be provided to You in languages other than English under certain circumstances.

For information regarding HNL’s payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the "Definitions" section of this Certificate.

**To maximize the benefits received under this Health Net PPO insurance plan, You must use Preferred Providers. When contacting a provider, please identify yourself as a person covered under Health Net PPO.**

HNL applies certain payment policies and rules to determine appropriate reimbursement that may affect Your responsibility (including, but not limited to, rules affecting reductions in reimbursement for charges for multiple procedures, services of an assistant surgeon, unbundled or duplicate items, and services covered by a global charge for the primary procedure). See the "Authorized Hospital and Skilled Nursing Facility Services" portion of the "Schedule of Benefits" section and the "Professional Services" portion of the "Plan Benefits" section for additional details. Additional information about HNL’s reimbursement policies is available on the HNL website at [www.healthnet.com](http://www.healthnet.com) or by contacting HNL’s Customer Contact Center at the telephone number listed on Your Health Net PPO Identification Card.

**Some Hospitals and other providers do not provide one or more of the following services that may be covered under this Certificate and that You might need:** family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; Infertility treatments; or abortion. In order to determine from whom the above health care services may be available, HNL suggests You obtain this information prior to enrollment by calling prospective Physicians, Hospitals or clinics which contract with HNL or any
other provider of choice. You may also obtain this information by calling HNL's Customer Contact Center at 1-800-522-0088.

THE CONTINUED PARTICIPATION OF ANY ONE PHYSICIAN, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

IF YOU HAVE QUESTIONS ABOUT COVERAGE, PLEASE CONTACT OUR MEMBER SERVICES DEPARTMENT BEFORE YOU RECEIVE SERVICES FROM A PROVIDER.

THE TERMS "YOU" OR "YOUR," WHEN THEY APPEAR IN THIS CERTIFICATE, REFER TO THE PRINCIPAL COVERED PERSON (THE ENROLLED EMPLOYEE). THE TERMS "WE," "OUR" OR "US," WHEN THEY APPEAR IN THIS CERTIFICATE, REFER TO HNL. PLEASE REFER TO "COVERED PERSON" AND "HNL" IN THE "DEFINITIONS" SECTION FOR MORE INFORMATION.

THIS PLAN IS AVAILABLE TO ANY LARGE GROUP EMPLOYER IN THE STATE OF CALIFORNIA.

You will always be responsible for all expenses incurred for services or supplies that are not covered or that exceed the benefit maximums or other limitations of this plan.

**Calendar Year Deductibles**

Calendar Year Deductible (for Out-of-Network services, per Covered Person) ..............................................................$200

Number of Covered Persons in a family satisfying their "per Covered Person" Calendar Year Deductible to meet the Family Calendar Year Deductible. Each Covered Person in the family must only satisfy the Calendar Year Deductible for an individual Covered Person (for Out-of-Network services) ..........................................................................................................................3

**Additional Deductibles**

Unless otherwise noted, the following Deductibles apply to Covered Expenses for Covered Services and Supplies provided by both Preferred Providers and Out-of-Network Providers:

Infertility Deductible, per Covered Person, during a lifetime .................................................................$500

Emergency room and urgent care Deductible (per visit) .................................................................$100

**Exceptions to the Deductibles:**

- The Emergency room Deductible will not apply if the Covered Person is admitted to a Hospital directly from an emergency room or urgent care center.

**Out-of-Pocket Maximum**

Except as noted below in "Exceptions to the Out-of-Pocket Maximum," after an individual Covered Person has paid Deductibles, Copayments and Coinsurance equal to the Out-of-Pocket Maximum shown below, such Covered Person will have satisfied the Out-of-Pocket requirement and will not be required to pay further Copayments or Coinsurance for Covered Expenses incurred during the remainder of the PPO848LRG(1/20)NG
Calendar Year. The Covered Person will continue to be responsible for any charges billed in excess of Covered Expenses (Maximum Allowable Amounts) for the services of Out-of-Network Providers and will not be reimbursed for any amounts in excess of Maximum Allowable Amounts.

For services or supplies provided by a Preferred Provider .................................................................$2000
For services or supplies provided by an Out-of-Network Provider ......................................................$4000

In addition, if enrolled Covered Persons of the same family have paid Copayments and Coinsurance equal to the amounts shown below, the Out-of-Pocket Maximum will be considered to have been met for the entire family. No Copayment or Coinsurance for Covered Expenses shall be required from any enrolled Covered Person in that family for the remainder of that Calendar Year.

For services or supplies provided by a Preferred Provider .................................................................$6000
For services or supplies provided by an Out-of-Network Provider ......................................................$12000

Note: Any Copayments or Coinsurance paid for the services of a Preferred Provider which are Covered Expenses will apply toward both the Out-of-Pocket Maximum for Preferred Providers and the Out-of-Pocket Maximum for Out-of-Network Providers. In addition, Coinsurance paid for the services of an Out-of-Network Provider will apply toward both the Out-of-Pocket Maximum for Preferred Providers and the Out-of-Pocket Maximum for Out-of-Network Providers.

Copayments or Coinsurance paid for Out-of-Network Emergency Care (including emergency medical transportation and emergency Hospital care) and Urgent Care outside the United States will be applied to the Out-of-Pocket Maximum for Preferred Providers.

Exceptions to the Out-of-Pocket Maximum: Only Covered Expenses will be applied to the Out-of-Pocket Maximum.

Copayments and Coinsurance

You may be required to pay out-of-pocket charges for specific services and supplies after all applicable Deductibles have been satisfied. These charges are known as Copayments and Coinsurance.

Copayments: Copayments are fixed dollar amount charges, shown below, for which You are responsible. We will pay 100% of Covered Expenses for the services listed below after the Copayment is made. The Calendar Year Deductible does not apply. Services for which no Copayment or Coinsurance amount applies ($0) are subject to the Calendar Year Deductible. However, any Preventive Care Services for which no Copayment or Coinsurance amount applies ($0) are not subject to the Calendar Year Deductible.

You will be responsible for paying Copayments until the amount paid during a Calendar Year is equal to the Out-of-Pocket Maximum shown above.
Coinsurance: Coinsurance is the percentage, shown below, of Covered Expenses (as defined) for which You are responsible. After Your Deductible(s) have been satisfied, You will be responsible for paying Coinsurance until the amount paid during a Calendar Year is equal to the Out-of-Pocket Maximum.

Notes:

- You will also be required to pay any charges billed by an Out-of-Network Provider that exceed Covered Expenses (Maximum Allowable Amount). You will not be reimbursed for any amount in excess of Covered Expenses (Maximum Allowable Amount). Any Copayment or Coinsurance paid for the services of a Preferred Provider will apply toward the out-of-pocket Covered Expenses (as defined).

- The noncertification penalty listed above will apply before the Coinsurance is reduced to the amount shown. The noncertification penalty will not exceed the cost of the benefit to HNL.

- For a list of services which require Certification, please see the "Certification Requirement" section. The Coinsurance percentage applicable to the coverage of noncertified services is based on the amount determined to be a Covered Expense, not a percentage of the billed charges.

Note:

- The Copayment or Coinsurance amount shown for Out-of-Network Providers will only apply for services that do not meet the criteria of Emergency Care.

- The emergency room Deductible will not apply if the Covered Person is admitted to a Hospital directly from an emergency room or urgent care center. See "Authorized Hospital and Skilled Nursing Facility Services" below for applicable Coinsurance.

* Services which meet the criteria for Emergency Care are payable at the Preferred Provider level of coverage even if the services were provided by an Out-of-Network Provider. All Emergency Care services are subject to the Preferred Providers Copayment or Coinsurance shown above and any applicable Preferred Provider Calendar Year Deductible. Cost-sharing paid at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-of-Pocket Maximum. However, the Covered Person will remain responsible for amounts billed in excess of Covered Expenses (Maximum Allowable Amounts) when Emergency Care is received from an Out-of-Network Provider. For information regarding HNL’s payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the “Definitions” section of this Certificate.

HNL uses a prudent layperson standard to determine whether the criteria for Emergency Care have been met. HNL applies the prudent layperson standard to evaluate the necessity of medical services which a Covered Person accesses in connection with a condition that the Covered Person perceives to be an emergency situation. Please refer to “Emergency Care” in the "Definitions" section to see how the prudent layperson standard applies to the definition of "Emergency Care."

- Other professional services performed in the outpatient department of a Hospital, Outpatient Surgical Center or other licensed outpatient facility such as a visit to a Physician (office visit), laboratory and x-ray services, physical therapy, etc., may require a Copayment or Coinsurance when these services are performed. Look under the headings for the various services such as office visits, neuromuscular rehabilitation and other services to determine any additional Copayments or Coinsurances that may apply.
- Screening colonoscopy and sigmoidoscopy procedures (for the purposes of colorectal cancer screening) will be covered under the "Preventive Care Services" section below. Diagnostic endoscopic procedures (except screening colonoscopy and sigmoidoscopy), performed in an outpatient facility require the Copayment or Coinsurance applicable for outpatient facility services.
- The Preferred Provider Coinsurance will apply if the Covered Person is admitted to a Hospital directly from an emergency room or urgent care center. The Covered Person will remain responsible for amounts billed in excess of Covered Expenses (Maximum Allowable Amounts) for the inpatient stay by an Out-of-Network Provider. You will not be reimbursed for any amounts in excess of Maximum Allowable Amounts billed by an Out-of-Network Provider.
- The above Coinsurance for inpatient Hospital or Special Care Unit services is applicable for each admission for the hospitalization of an adult, pediatric or newborn patient. If a newborn patient requires admission to a Special Care Unit, a separate Coinsurance for inpatient Hospital services for the newborn patient will apply.

Out-of-Pocket Maximum

Except as noted below in "Exceptions to the Out-of-Pocket Maximum," after an individual Covered Person has paid Copayments and Coinsurance equal to the Out-of-Pocket Maximum shown below, such Covered Person will have satisfied the Out-of-Pocket requirement and will not be required to pay further Copayments or Coinsurance for Prescription Drugs incurred during the remainder of the Calendar Year.

For Prescription Drugs through a Participating Pharmacy .................................................................$2000
For Prescription Drugs through a Nonparticipating Pharmacy .............................................................$2000

In addition, if enrolled Covered Persons of the same family have paid Copayments and Coinsurance equal to the amounts shown below, the Out-of-Pocket Maximum will be considered to have been met for the entire family. No Copayment or Coinsurance for Prescription Drugs shall be required from any enrolled Covered Person in that family for the remainder of that Calendar Year.

- Maintenance Drugs may also be obtained at a CVS retail pharmacy under the mail order program benefits.

Who Is Eligible for Coverage

The Covered Services and Supplies of this plan are available to eligible employees (principal Covered Persons) as long as they live in the continental United States; either work or live in the Health Net PPO Service Area; are full-time, paid on a salary or hourly basis (not 1099, commissioned, or substitute), nonseasonal, and working the minimum number of hours per week, as specified by the Group Application; and meet any eligibility requirements of the Group, or as mutually agreed upon with HNL.

Covered Services and Supplies of this plan are also available to the following Dependents of the principal Covered Person who meet any eligibility requirements of the Group or as mutually agreed upon with HNL:

- Spouse: Your lawful spouse as defined by California law.
- Domestic Partner: The registered Domestic Partner, as defined by California law.
- Children: The children of the principal Covered Person or his or her spouse or Domestic Partner (including legally adopted children, stepchildren and wards, as defined in the following provision); and
- Wards: Children for whom the principal Covered Person or his or her spouse or Domestic Partner is a court-appointed guardian.

Please contact your Group administrator to discuss additional eligibility requirements.

Children of the principal Covered Person or his or her spouse or Domestic Partner who are the subject of a Medical Child Support Order, according to state or federal law, are also eligible. Coverage of care received outside the United States will be limited to services provided in connection with Emergency Care.

Age Limit for Children

Each child is eligible until the age of 26 (the limiting age).

Disabled Child

Children who reach age 26 are eligible to continue coverage if all of the following conditions apply:

- The child is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition; and
- The child is chiefly dependent upon the principal Covered Person for support and maintenance.

If You are enrolling a disabled child for new coverage, You must provide HNL with proof of incapacity and dependency within 60 days of the date You receive a request for such information about the dependent child from HNL. The child must have been covered as a dependent of the principal Covered Person or spouse or Domestic Partner under a previous group health plan at the time the child reached the age limit.

PPO847LRG(1/20)NG
HNL must provide You notice at least 90 days prior to the date Your enrolled child reaches the age limit that coverage will terminate. You must provide HNL with proof of Your child’s incapacity and dependency within 60 days of the date You receive such notice from HNL in order to continue coverage for a disabled child past the age limit.

You must provide the proof of incapacity and dependency at no cost to HNL.

Following the disabled child’s 28th birthday and no more often than annually thereafter, HNL may request that the Policyholder provide satisfactory evidence of the child’s disability, and the Policyholder shall have 60 days to respond. A disabled child may remain covered by this plan for as long as he or she remains incapacitated and continues to meet the eligibility criteria described above.

**How to Enroll for Coverage**

Notify the Group that You want to enroll an eligible person. The Group will send the request to HNL according to current procedures.

**Employee**

Each new employee entering employment subsequent to the Effective Date of the Group's initial enrollment period shall be permitted, without proof of insurability, to apply for coverage for himself or herself and eligible Dependents within 30 days of becoming eligible, subject to the enrollment regulations in effect with the Group. Such enrollments, if accepted by HNL, become effective when any waiting or probationary period required by the Group is completed.

When the employee is not subject to a probationary period, the enrollment becomes effective, in accordance with established Group eligibility rules, either on the date of hire or on the first day of the calendar month following the month in which the employee was hired.

Eligible employees who enroll in this plan are called principal Covered Persons.

**Newly Acquired Dependents**

You are entitled to enroll newly acquired Dependents as follows:

**Spouse:** If You marry while You are covered by this plan, You may enroll Your new spouse (and Your spouse’s eligible children) within 30 days of the date of marriage. Coverage begins on the first day of the month following the date the application for coverage is received.

**Domestic Partner:** If You are the principal Covered Person and You enter into a domestic partnership while You are covered by this plan, You may enroll Your new Domestic Partner (and his or her eligible children) within 30 days of the date a Declaration of Domestic Partnership is filed with the Secretary of State or other recognized state or local agency, or within 30 days of the formation of the domestic partnership according to Your Group's eligibility rules. Coverage begins on the first day of the month following the date the application for coverage is received.

**Newborn Child:** Coverage for newborn children will be effective upon birth and during the first 31 days following birth. However, coverage after 31 days is contingent upon You enrolling the newborn within 30 days following birth.

**Adopted Child:** A newly adopted child or a child who is being adopted, becomes eligible on the date You or Your spouse or Domestic Partner receive physical custody of the child.
Coverage begins automatically and will continue for 30 days from the date of eligibility. You must enroll the child before the 30th day for coverage to continue beyond the first 30 days. HNL will require written proof of the right to control the child's health care when such child is enrolled.

**Legal Ward (Guardianship):** If You or Your spouse or Domestic Partner become the legal guardian of a child, the child is eligible to enroll on the effective date of the court order, but coverage is not automatic. The child must be enrolled within 30 days of the effective date of the guardianship. Coverage will begin on the first day of the month after HNL receives the enrollment request.

HNL will require proof that You or Your spouse or Domestic Partner is the court-appointed legal guardian.

**Other Child:** Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled. This does not include foster children.

Coverage begins automatically and will continue for 30 days from the date of eligibility. You must enroll the child before the 30th day for coverage to continue beyond the first 30 days.

**Open Enrollment Period**

An Open Enrollment Period shall be held annually, at which time potential Covered Persons may enroll under this Certificate. Upon receipt of enrollment changes and corresponding payment of dues for an enrollment, such enrollment changes shall, if accepted by HNL, become effective on the first day of the calendar month for which the change is submitted, unless otherwise approved by HNL.

**Late Enrollment Rule**

HNL’s late enrollment rule requires that if an individual does not enroll within 30 days of becoming eligible for coverage, he or she must wait until the next Open Enrollment Period to enroll. (Time limits for enrolling are explained in the "Employee" and "Newly Acquired Dependents" provision above.)

The term "form" within this section may include electronic enrollment forms or enrollment over the phone. Electronic or phone enrollments are deemed signed when You use Your employer’s enrollment system to make or confirm changes to Your benefit enrollment.

A Late Enrollee may be excluded from coverage for 12 months or until the next Open Enrollment Period.

You may have decided not to enroll upon first becoming eligible. At that time, the Group should have given You a form to review and sign. It would have contained information to let You know that there are circumstances when You will not be considered a late enrollee.

If You later change Your mind and decide to enroll, HNL can impose its late enrollment rule. This means that individuals identified as declining coverage on the form the employee signed will not be allowed to enroll before the next Open Enrollment Period. There are, however, exceptions to this rule.
Exceptions to Late Enrollment Rule

If any of the circumstances below are true, the late enrollment rule will not apply.

1. **You Did Not Receive a Form To Sign or A Signed Form Cannot Be Produced**
   If You chose not to enroll when first eligible, the late enrollment rule will not apply to You:
   - If You never received from the Group or signed a form explaining the consequences of Your decision; or
   - Your signed form exists but cannot be produced as evidence of Your informed decision.

2. **You or Your Dependents Did Not Enroll Because of Other Coverage and Later the Other Coverage is Lost**
   If You or Your Dependents declined coverage in this plan, and You stated on the form the reason You or Your Dependents were not enrolling was because of coverage through another group health plan, and the other coverage is or will be lost, the late enrollment exclusion will not apply to You or Your Dependents. The reasons for loss of coverage include, but are not limited to:
   - The principal enrollee of the other plan has ceased being covered by that other plan, (except for either failure to pay premium contributions, or a "for cause" termination, such as fraud or intentional misrepresentation of material fact);
   - Loss of coverage because of termination of employment or reduction in the number of hours of employment;
   - Loss of coverage through an HMO or other individual arrangement because an individual ceases to reside, live or work in the service area;
   - Loss of coverage through an HMO or other arrangement in the group market because an individual ceases to reside, live or work in the service area, and no other benefit package is available to the individual;
   - The other plan was terminated and not replaced with other Group coverage;
   - The other Group stops making contributions toward employee's or dependent's coverage;
   - When the individual's plan ceases to offer any benefits to the class of similarly situated individuals that includes the individual;
   - The other principal enrollee or employee dies;
   - The principal enrollee and spouse or Domestic Partner are divorced or legally separated and this causes loss of the Group coverage;
   - Loss of coverage because cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan); or
   - The other coverage was federal COBRA or Small Employer Cal-COBRA, and the period of coverage ends.

3. **You or Your Dependents Lose Eligibility from a Medi-Cal Plan**
   If You or Your Dependents become ineligible and lose coverage under Medi-Cal, You and/or Your Dependent(s) will be eligible to enroll in this plan upon submitting a completed application form within 60 days of losing such coverage. If You and/or Your Dependent(s) wait longer than 60 days to enroll, You and/or Your Dependent(s) may not enroll until the next Open Enrollment period.
4. **Multiple Health Plans**  
If You are enrolled as a dependent in a health plan (not HNL), and the enrollee of that other plan, during open enrollment, chooses a different type of plan (such as moving from an HMO plan to a fee-for-service plan), and You do not wish to continue to be covered by the original plan, You will not be considered a late enrollee, should You decide to enroll in this plan.

5. **Court Orders**  
If a court orders You to provide coverage for a current spouse or Domestic Partner (not a former spouse or Domestic Partner), or orders You or Your enrolled spouse or Domestic Partner to provide coverage to a minor child through HNL, that spouse or Domestic Partner or child will not be treated as a late enrollee.

If the exceptions in 2 or 4 apply, You must enroll within 30 days of the loss of coverage. If You wait longer than 30 days to enroll, You will be a late enrollee and may not enroll until the next Open Enrollment Period. A court ordered dependent may be added without any regard to Open Enrollment restrictions.

**Special Enrollment Rule For Newly Acquired Dependents**  
If an employee gains new Dependents due to childbirth, adoption or marriage or domestic partnership the following rules apply:

**If the Employee Is Enrolled in this Plan**  
If You are covered by this plan as an employee of the Group, You can enroll a new dependent if You request enrollment within 30 days after childbirth, marriage, domestic partnership or adoption. In addition, a court ordered dependent may be added without any regard to open enrollment restrictions. More information about enrolling new Dependents and their Effective Date of coverage is available above under the heading "How to Enroll For Coverage" and subheading "Newly Acquired Dependents."

**If the Employee Declined Enrollment in this Plan**  
If You previously declined enrollment in this plan because of other Group coverage, and You gain a new dependent due to childbirth, marriage, domestic partnership, adoption or placement for adoption, You can enroll yourself and the dependent within 30 days of childbirth, marriage, domestic partnership, adoption or placement for adoption.

If you gain a new dependent due to a court order and you did not previously enroll in this plan, you may enroll yourself and your court ordered dependent(s) without any regard to open enrollment restrictions. In addition any other family members who are eligible for coverage may enroll at the same time as You and the new dependent. You no longer have to wait for the next Open Enrollment Period, and whether or not You are covered by another Group plan has no effect on this right.

If You do not enroll yourself, the new dependent and any other family members within 30 days of acquiring the new dependent, You will have to wait until the next Open Enrollment Period to do so.

The Effective Date of coverage for You and all Dependents who enroll within 30 days of childbirth, marriage, domestic partnership, adoption or placement for adoption will be the same as for the new dependent.

- In the case of childbirth, the Effective Date will be the moment of birth;
For marriage or domestic partnership, the Effective Date will be the first of the month following the date application for coverage is received;

Regarding adoption, the Effective Date will be the date of adoption or placement for adoption; and

In the case of a Medical Child Support Order, the Effective Date will be the date the Group is notified of the court order.

Note: When You are not enrolled in this plan, and You wish to have coverage for a newborn or adopted child who is ill, please contact the Group as soon as possible and ask that You (the employee) and the newborn be enrolled. You must be enrolled in order for Your eligible Dependent to be enrolled.

While You have 30 days within which to enroll the child, until You and Your child are formally enrolled and recorded as Covered Persons in HNL's computer system, We cannot verify coverage to any inquiring medical provider.

Special Reinstatement Rule For Reservists Returning From Active Duty

Reservists ordered to active duty on or after January 1, 2007 who were covered under this Certificate at the time they were ordered to active duty and their eligible Dependents will be reinstated without waiting periods. A reservist means a member of the U.S. Military Reserve or California National Guard called to active duty as a result of the Iraq conflict pursuant to Public Law 107-243 or the Afghanistan conflict pursuant to Presidential Order No. 13239. Please notify the Group when You return to employment if You want to reinstate Your coverage under the Certificate.

Special Reinstatement Rule Under USERRA

USERRA, a federal law, provides service members returning from a period of uniformed service who meet certain criteria with reemployment rights, including the right to reinstate their coverage without pre-existing exclusions or waiting periods, subject to certain restrictions. Please check with Your Group to determine if You are eligible.

When Coverage Ends

You must notify the Group of changes that will affect Your eligibility. The Group will send the appropriate request to HNL according to current procedures.

All Covered Persons

All Covered Persons of a Group become ineligible for coverage under this Certificate at the same time if the Policy (between the Group and HNL) is terminated for nonpayment of premiums by the Group, fraud or intentional misrepresentation of material fact, violation of participation or contribution rules, HNL’s withdrawal of this type of health insurance policy from the market, or HNL ceases to issue group health insurance policies in California, as described in the Group Policy.

Principal Covered Person and All Dependents

The principal Covered Person and all his or her Dependents will become ineligible for coverage at the same time if the principal Covered Person loses eligibility for this plan.
Individual Covered Persons

Individual Covered Persons become ineligible on the date any of the following occurs:

- The Covered Person no longer meets the eligibility requirements established by the Group and HNL. This will include a child subject to a Medical Child Support Order, according to state or federal law, who becomes ineligible on the earlier of:
  1. The date established by the order; or
  2. The date the order expired.
- The Covered Person establishes primary residency outside the United States;
- The Covered Person becomes eligible for Medicare and assigns Medicare benefits to another health maintenance organization or competitive medical plan; or
- Your marriage or domestic partnership ends by divorce, annulment or some other form of dissolution. Eligibility for Your enrolled spouse or Domestic Partner (now former spouse or Domestic Partner) and that spouse’s or Domestic Partner’s enrolled Dependents, who were related to You only because of the marriage or domestic partnership, will end.

Notice Of Ineligibility

It shall be Your responsibility to notify the Group of any changes that will affect Your eligibility or that of Your Dependents for services or benefits under this Certificate. HNL shall have no obligation to provide notification of ineligibility or termination of coverage to individual Covered Persons.

Coverage Options Following Termination

Please examine Your options carefully before declining coverage.

If coverage through this Certificate ends, the terminated Covered Person may be eligible for additional periods of coverage under this or other types of plans through HNL as follows:

COBRA Continuation Coverage

Many Groups are required to offer continuation coverage by the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). For most groups with 20 or more employees, COBRA applies to employees and their eligible Dependents, even if they live outside California. Please check with the Group to determine if You and Your Dependents are eligible for COBRA continuation.

Cal-COBRA Continuation Coverage

If You have exhausted COBRA and You live in the United States, You may be eligible for additional continuation coverage under state Cal-COBRA law. This coverage may be available if You have had less than 36 months of COBRA coverage and You are not entitled to Medicare. If You are eligible, You have the opportunity to continue group coverage under this Certificate through Cal-COBRA for up to 36 months from the date that federal COBRA coverage began.

HNL Will Offer Cal-COBRA to Covered Persons: HNL will send Covered Persons whose federal COBRA coverage is ending information on Cal-COBRA rights and obligations along with the necessary premium information, enrollment forms, and instructions to formally choose Cal-COBRA Continuation
Coverage. This information will be sent by U.S. mail with the notice of pending termination of federal COBRA.

**Choosing Cal-COBRA:** If an eligible Covered Person wishes to choose Cal-COBRA Continuation Coverage, he or she must deliver the completed enrollment form (described immediately above) to HNL by first class mail, personal delivery, express mail, or private courier company. The address appears on the back cover of this *Certificate*.

The Covered Person must deliver the enrollment form to HNL within 60 days of the later of (1) the Covered Person’s termination date for COBRA coverage or (2) the date he or she was sent a notice from HNL that he or she may qualify for Cal-COBRA Continuation.

**Payment for Cal-COBRA:** The Covered Person must pay HNL 110% of the applicable group rate charged for employees and their Dependents.

The Covered Person must submit the first payment within 45 days of delivering the completed enrollment form to HNL in accordance with the terms and conditions of the health plan contract. The first payment must cover the period from the last day of prior coverage to the present. There can be no gap between prior coverage and Cal-COBRA Continuation Coverage. The Covered Person's first payment must be delivered to HNL by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company. If the payment covering the period from the last day of prior coverage to the present is not received within 45 days of providing the enrollment form to HNL, the Covered Person's Cal-COBRA election is not effective and no coverage is provided.

All subsequent payments must be made on the first day of each month. If the payment is late, the Covered Person will be allowed a grace period of 30 days. Fifteen days from the due date (the first of the month), HNL will send a letter warning that coverage will terminate 15 days from the date on the letter. If the Covered Person fails to make the payment within 15 days of the notice of termination, enrollment will be canceled by HNL. If the Covered Person makes the payment before the termination date, coverage will be continued with no break in coverage. Amounts received after the termination date will be refunded to the Covered Person by HNL within 20 business days.

**Employer Replaces Previous Plan:** There are two ways the Covered Person may be eligible for Cal-COBRA Continuation Coverage if the employer replaces the previous plan:

- If the Covered Person had chosen Cal-COBRA Continuation Coverage through a previous plan provided by his or her current employer and replaced by this plan because the previous policy was terminated, or
- If the Covered Person selects this plan at the time of the employer's open enrollment.

The Covered Person may choose to continue to be covered by this plan for the balance of the period that he or she could have continued to be covered by the prior group plan. In order to continue Cal-COBRA coverage under the new plan, the Covered Person must request enrollment and pay the required premium within 30 days of receiving notice of the termination of the prior plan. If the Covered Person fails to request enrollment and pay the premium within the 30-day period, Cal-COBRA Continuation Coverage will terminate.

**Employer Replaces this Plan:** If the Policy between HNL and the employer terminates, coverage with HNL will end. However, if the employer obtains coverage from another insurer or HMO, the Covered
Person may choose to continue to be covered by that new plan for the balance of the period that he or she could have continued to be covered by the HNL plan.

**When Does Cal-COBRA Continuation Coverage End?** When a Qualified Beneficiary has chosen Cal-COBRA Continuation Coverage, coverage will end due to any of the following reasons:

- You have been covered for 36 months from Your original COBRA effective date (under this or any other plan).*
- The Covered Person becomes entitled to Medicare, that is, enrolls in the Medicare program.
- The Covered Person moves outside the United States.
- The Covered Person fails to pay the correct premium amount on the first day of each month as described above under "Payment for Cal-COBRA."
- Your Group’s Policy with HNL terminates. (See "Employer Replaces this Plan.")
- The Covered Person becomes covered by another group health plan that does not contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan.

If the Covered Person becomes covered by another group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, coverage through this plan will continue. Coordination of Benefits will apply, and Cal-COBRA plan will be the primary plan.

*The COBRA effective date is the date the Covered Person first became covered under COBRA continuation coverage.

**USERRA Coverage**

Under a federal law known as the Uniformed Services Employment and Reemployment Rights Act (USERRA), employers are required to provide employees who are absent from employment to serve in the uniformed services and their dependents who would lose their group health coverage the opportunity to elect continuation coverage for a period of up to 24 months. Please check with Your Group to determine if You are eligible.

**Extension of Benefits**

Described below in the subsection titled "Extension of Benefits."

**Continuation Of Coverage During A Labor Dispute**

If You cease to work because of a labor dispute and Your Employer is paying all or a portion of the premium for Your coverage pursuant to the terms of a collective bargaining agreement, You may continue Your coverage subject to the following terms and conditions:

- Continuation of coverage requires:
  1. Your payment to the union which represents You of the monthly premium required for this coverage;
  2. the union collecting such payments from at least 75% of the persons who cease to work because of the labor dispute; and
3. the timely payment of premiums to Us by the union or unions as required under the Policy for proper payment of premiums.

- If any premium due is unpaid on the date work ceases, there will be no continuation unless such premium is paid by Your Employer or the union prior to the next premium due date.

- The amount of Your monthly payment for continued coverage will be equal to the full group monthly cost for the coverage, including any portion usually paid by the Employer, and, except as provided in the bullet item immediately below, such premium rate will be the applicable rate then in effect for coverage under the Policy, on the date work ceases.

- The premium rates for coverage may be increased by 20% on the premium due date on or next after the date work ceases due to the labor dispute. Such increase will apply during the time coverage is continued under this provision. We still have the right to increase the premium rates before, during and after the date work ceases, if We would have had the right to increase rates under the Policy, had work not ceased.

- Your continued coverage under this provision will cease on the earliest of:
  1. The end of the period of time for which the union has made payment for Your coverage, if the next premium due is not made;
  2. the premium due date for which premiums are received for less than 75% of the persons eligible to continue coverage because of the labor dispute;
  3. the premium due date on or following the date that You start full-time work with another Employer;
  4. the premium due date on or after the date You ceased to be at work because of the labor dispute for 6 months; or
  5. the premium due date on or after the labor dispute is resolved.

- If You have Dependents insured on the date You cease work, You must also continue their coverage in order to continue coverage for You.

**Extension of Benefits**

If You are totally disabled when the Group Policy ends and are under the treatment of a Physician, the benefits of this Certificate may continue to be provided for services treating the totally disabling illness or injury. No benefits are provided for services treating any other illness, injury or condition.

You must submit a written request for these total disability benefits, which must include written certification by Your Physician that You are totally disabled. HNL must receive this certification within 90 days of the date coverage ends under this Certificate. At least once every 90 days while benefits are extended, HNL must receive proof that Your total disability is continuing. It shall be Your responsibility to ensure that HNL is notified of any requested extension of benefits prior to the required 90 day intervals. Benefits are provided until whichever of the following occurs first:

- You are no longer totally disabled;
- The maximum benefits of this Certificate are paid;
• You become covered under another group health plan that provides coverage without limitation on the disabling illness or injury; or

• A period of 12 consecutive months has passed since the date coverage ended.

For the purpose of this extension, the term "total disability" is defined as a disability that renders You unable to perform with reasonable continuity the substantial and material acts necessary to pursue Your usual occupation in the usual or customary way or to engage with reasonable continuity in another occupation in which You could reasonably be expected to perform satisfactorily in light of Your age, education, training, experience, station in life, physical and mental capacity.
CERTIFICATION REQUIREMENT

Some of the Covered Expenses under this plan are subject to a requirement of Certification in order for full benefits to be available. All Certifications are performed by HNL or an authorized designee.

Certification is NOT a determination of benefits. Some of these services or supplies may not be covered under Your Plan. Even if a service or supply is certified, eligibility rules and benefit limitations will still apply.

• Certification is not needed for the first 48 hours of inpatient Hospital services following a vaginal delivery nor the first 96 hours following a cesarean section. However, please notify HNL within 24 hours following birth or as soon as reasonably possible; no penalty will apply if notification is not received. Certification must be obtained if the Physician determines that a longer Hospital stay is Medically Necessary either prior to or following the birth.

• Certification is not required for the length of a Hospital stay mastectomies, lymph node dissections and for reconstructive surgery incident to a mastectomy (including lumpectomy).

Certification Procedure

Certification must be requested by You within the following periods:

• Five or more business days before the proposed admission date or the commencement of treatment, except when due to a medical emergency;

• 72 hours or sooner, taking into account the medical exigencies, for proposed services needed urgently.

• In the event of being admitted into a Hospital following outpatient emergency room or Urgent Care center services for Emergency Care; please notify HNL of the inpatient admission within 48 hours or as soon as reasonably possible; or

• Before admission to a Skilled Nursing Facility or Hospice Care program or before.
In order to obtain Certification, You or Your Physician are responsible for contacting HNL as shown on Your HNL Identification Card before receiving any service requiring Certification. If You receive any such service and do not follow the procedures set forth in this section, Your benefits may be reduced by a percentage stated in the "Schedule of Benefits" section of this Certificate and an additional Deductible may apply.

Notice of the determination of a Certification request will be provided within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the request by HNL. Notice of the determination for urgent care Certification requests must be provided within 72 hours of receipt of the request. Additionally, if the Covered Person requests to extend a course of treatment beyond time/number of treatments, the Certification request must be made at least 24 hours prior to the expiration of the prescribed period of time/number of treatments and notification of determination is required within 24 hours of the request.

Verbal Certification may be given for the service. Written Certification for inpatient services will be sent to You and the provider of service.

For Urgent Care requests, HNL will notify the Covered Person of Our decision as soon as possible, taking into account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the receipt of the request) of the specific information necessary to make the determination and a reasonable time frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time period to provide the requested information.

For all other requests in which the decisions are based in whole or in part on Medical Necessity, HNL will notify the Covered Person of Our decision not later than five (5) business days from the receipt of the request and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to "Timing of Notice" under the "Notification of HNL’s Initial Benefit Determination" provision in the "Coverage Decisions and Disputes Resolution" section of this Certificate.

Concurrent Review

Concurrent review is a type of treatment review that takes place during an inpatient stay or as part of an ongoing course of treatment to be provided over a period of time or number of treatments. HNL performs utilization management services for Members using approved clinical criteria in order to facilitate medical appropriateness, promote quality and continuity of care, and to coordinate discharge planning. Therefore, in the event of an admission a concurrent review of the admission is performed.

For treatment involving Urgent Care, the request by the Covered Person or the Covered Person’s Physician to extend the course of treatment beyond the period of time or number of treatments shall be decided as soon as possible, taking into account the medical exigencies. The Covered Person will be notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made to HNL at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an adverse benefit determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated. Refer to the "Resolution of Disputes" provision in this section if you disagree with Our decision.

PPO847LRG(1/20)NG
Retrospective Review

Retrospective review is a type of treatment review that occurs when the initial review of a Certification request takes place after services have been rendered. Such delayed review follows the same general process as Certification prior to treatment and concurrent review, including evaluation of the reasons Certification was not obtained and application of the Certification penalty when appropriate, and evaluation of medical records for demonstration of Medical Necessity.

Covered Persons and providers will be notified of relevant decisions, that are based in whole or in part on Medical Necessity, within 30 calendar days following the receipt of the claim and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to "Timing of Notice" under the "Notification of HNL’s Initial Benefit Determination" provision in the "Coverage Decisions and Disputes Resolution" section of this Certificate.

Notification of Adverse Benefit Determination

If Certification, concurrent review, or retrospective review results in denial, delay, or modification of a covered service, HNL will send a written or electronic notice to the patient and to the provider of the service. HNL’s decision will include a clear and concise explanation of the reasons for Our decision, a description of the criteria or guidelines used and the clinical reasons for the decisions regarding Medical Necessity. The explanation will also include the specific plan provisions on which determination is based. The Medical Necessity decisions communicated to the medical providers will include the name and telephone number of the health care professional responsible for the denial, delay or modification.

In the case of an adverse benefit determination involving Urgent Care, HNL may provide the decision verbally as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the request. The written or electronic notice will be provided to the Covered Person not later than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a description of the expedited review process.

Except for the benefit determination in relation to concurrent review and Urgent Care, if HNL is unable to make a decision to approve, modify or deny the request within the timeframes described under "Certification Procedure," and "Retrospective Review" provisions because we are not in receipt of all of the information reasonably necessary and requested, or because HNL requires consultation by an expert reviewer, or because HNL has asked that an additional examination or test be performed upon the Covered Person, provided that the examination or test is reasonable and consistent with good medical practice, HNL will provide a complete response based on the facts as then known by HNL within the specified timeframe. This response will specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. HNL shall also notify the provider and Covered Person of the anticipated date on which a decision may be rendered. Upon receipt of all information reasonably necessary and requested by HNL, HNL shall approve, modify, or deny the request for authorization within the timeframes specified above.

In the case of denial, HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which HNL contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delay, or deny health care services.
• If the adverse determination is based on Medical Necessity or experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

Effect on Benefits

If Certification is obtained and services are rendered within the scope of the Certification, benefits for Covered Expenses will be provided in accordance with the "Medical Benefits" subsection of the "Plan Benefits" of this Certificate.

If Certification is not obtained or services, supplies or expenses are received or incurred beyond the scope of Certification given, the payable percentage will be the reduced percentage as shown in the "Schedule of Benefits" section of this Certificate. Also, an additional Deductible penalty will be applied to Covered Expenses as shown in the "Schedule of Benefits" section.

Resolution of Disputes

In the event that You or Your Physician should disagree with any Certification, concurrent or retrospective review decision made, the following dispute resolution procedure must be followed:

• Either You or Your Physician may contact HNL to request an appeal of Our decision. Refer to the "Grievance and Appeals Process" provision in the "Coverage Decisions and Disputes Resolution" section for more details. Additional information may be requested or the treating Physician may be consulted in any reconsideration. A written reconsideration decision will be provided; and

• You may request an Independent Medical Review as set forth in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" provisions of the "Coverage Decisions and Disputes Resolution" section of this Certificate. There is no requirement that You participate in HNL’s grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials.

• The final step to resolve disputes, except disputes concerning adverse benefit determinations as defined in 45 CFR 147.136, is binding arbitration as set forth in the "Arbitration" provision of the "Coverage Decisions and Disputes Resolution" section of this Certificate.
PLAN BENEFITS

The services and supplies described below will be covered for the Medically Necessary treatment of a covered illness, injury or condition. These benefits are subject to all provisions of this Certificate.

In addition, many of the Covered Services and Supplies listed herein are subject to Certification in many instances, prior to the expenses being incurred. If Certification is not obtained, the available benefits will be subject to the noncertification penalty shown in the "Schedule of Benefits" section. Please refer to the "Certification Requirement" section for further details.

An expense is incurred on the date You receive the service or supply for which the charge is made. HNL shall not pay for expenses incurred for any services or supplies in excess of any visit or benefit maximum described in the "Schedule of Benefits" section or elsewhere in this Certificate, nor for any service or supply excluded herein.

The fact that a Physician or other provider may perform, prescribe, order, recommend or approve a service, supply or hospitalization does not, in itself, make it Medically Necessary, or make it a covered service.

Telephone triage or screening services to assess a Covered Person’s health concerns and symptoms are available 24 hours per day, 7 days per week by contacting the Customer Contact Center at the telephone number on the HNL ID card. Health assessments will be performed by a Physician, registered nurse, or other qualified health professional acting within his or her scope of practice and who is trained to screen or triage an insured who may need care, for the purpose of determining the urgency of the Covered Person's need for care and arranging for care in a timely manner appropriate for the nature of the Covered Person’s condition.

How Covered Expenses Are Determined

HNL will pay for Covered Expenses You incur under this plan. Covered Expenses are based on the maximum charge HNL will accept from each type of provider, not necessarily the amount a Physician or other health care provider bills for the service or supply. Other limitations on Covered Expenses may apply. See "Schedule of Benefits," "Plan Benefits" and "General Limitations and Exclusions" sections for specific benefit limitations, maximums, pre-Certification requirements and payment policies that limit the amount HNL pays for certain Covered Services and Supplies.

Preferred Providers

The maximum amount of Covered Expenses for a service or supply provided by a Preferred Provider is the lesser of the billed charge or the amount contracted in advance by HNL, referred to in this Certificate as the Contracted Rate.

Since the Preferred Provider has agreed to accept the Contracted Rate as payment in full, You will not be responsible for any amount billed in excess of the Contracted Rate. However, You are responsible for any applicable Deductible(s), Copayments or Coinsurance payment required. You are always responsible for services or supplies not covered by this plan.
Out-of-Network Provider

The maximum amount HNL will pay for Covered Expenses when services or supplies are received from an Out-of-Network Provider is the lesser of the billed charge or the Maximum Allowable Amount as defined in the "Definitions" section.

Since the Out-of-Network Provider has not agreed to accept the Maximum Allowable Amount as payment in full, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. You will need to pay that excess amount, in addition to any applicable Deductible(s), Copayments or Coinsurance payment required. You are always responsible for services or supplies not covered by this plan. Once the Maximum Allowable Amount is determined, the amount that HNL pays an Out-of-Network Provider and the amount which will be your responsibility are determined as follows:

- HNL pays an Out-of-Network Provider an amount equal to the Maximum Allowable Amount, less any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.

- The portion of the Maximum Allowable Amount that will be Your responsibility is any Deductible(s), Copayments and/or Coinsurance applicable to the Covered Expense for the service or supply that You receive.

- Unless the Out-of-Network Provider has agreed to accept the Maximum Allowable Amount as payment in full, as described in the definition of Maximum Allowable Amount, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. You will be responsible for that excess amount, in addition to any applicable Deductible(s), Copayments and/or Coinsurance payment required. In addition, You are always responsible for services or supplies not covered by this plan.

When Services are not Available through a Preferred Provider: If HNL determines that the Medically Necessary care you require is not available because there is no provider or facility that can provide the care within the PPO Preferred Provider network, HNL will authorize You to receive the care and will arrange for the required medically appropriate care from an available and accessible Out-of-Network Provider or facility. Covered Services and Supplies received from Out-of-Network Providers under these circumstances will be payable at the Preferred Provider level of coverage. Cost-sharing paid at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-of-Pocket Maximum and You will not be responsible for any amounts in excess of the Maximum Allowable Amount. If you need access to medically appropriate care that is not available in the PPO Preferred Provider network, or are being billed for amounts in excess of the Maximum Allowable Amount for Covered Services received under these circumstances, please call the Customer Contact Center at the number shown on your Health Net I.D. Card.

When Out-of-Network Services are received at an In-Network Health Facility: In addition, if You receive covered non-emergent services at an in-network (PPO) health facility (including, but not limited to, a licensed Hospital, an ambulatory surgical center or other outpatient setting, a laboratory, or a radiology or imaging center) at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the Preferred Provider level of coverage, with the same cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a
provider’s billed charge and the Maximum Allowable Amount); the cost-sharing and Deductible will accrue to the Out-of-Pocket Maximum for Preferred Providers.

The Out-of-Network Provider may bill or collect from You the difference between a provider’s billed charge and the Maximum Allowable Amount in addition to any applicable Out-of-Network Deductible(s), Copayments and/or Coinsurance, only when You consent in writing at least 24 hours in advance of care. In order to be valid, that consent must meet all of the following requirements: (1) it must be in a document that is separate from the document used to obtain the consent for any other part of the care or procedure, (2) the Out-of-Network Provider has given You a written estimate of the total out-of-pocket cost of care, (3) the consent has advised You that You may elect to seek care from a Preferred Provider or may contact HNL to arrange to receive care from a Preferred Provider, (4) that any costs that You incur as a result of Your use of the Out-of-Network benefit shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Preferred Provider benefits or a Deductible, if any, for in-network benefits, and (5) the consent and estimate shall be provided to You in languages other than English under certain circumstances.

For information regarding HNL’s payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the “Definitions” section of this Certificate.

**Important Note:** Even if a Hospital is a Preferred Provider, You should not assume that all Physicians at the Hospital and other individual providers of health care at the Hospital are Preferred Providers. If you receive services from an Out-of-Network Provider at that Hospital or other facility, refer to "When Out-of-Network Services are received at an In-Network Health Facility" above for information on how those services are paid.

### Deductibles

- After HNL determines the amount of Covered Expenses, HNL will subtract the applicable Deductible(s) and either the Copayment or the Coinsurance that applies to the covered service or supply. HNL will then pay up to the benefit limit shown in the "Schedule of Benefits" section.

- There may also be Deductibles in addition to the Calendar Year Deductible for Out-of-Network services that You may need to pay, depending on the services or supplies received. Please check the "Deductibles" section of the "Schedule of Benefits" section for details. Each Deductible is separate and distinct from the other, and Covered Expenses applied to one Deductible will not be applied to any other Deductible of this plan, except that a Calendar Year Deductible will be applied toward the satisfaction of the family Deductible, as set forth below unless otherwise noted.

- If 3 Covered Persons of an enrolled family satisfy their separate Calendar Year Deductibles during a Calendar Year, no further Calendar Year Deductible is required for any Covered Person during the remainder of that Calendar Year.

- Covered Expenses incurred under this plan in the last three months of a Calendar Year, used to satisfy this plan's Calendar Year Deductible for that year, may also be used to satisfy the Calendar Year Deductible for the following Calendar Year.
• Prior Deductible carryover credit applies if this Policy is replacing a similar policy that had been
issued to the Group Policyholder. If a Covered Person has satisfied any portion of the Deductible
under the prior carrier plan, the credit shall apply to the satisfaction of the Covered Person's initial
Calendar Year Deductible under this Certificate. Proof of Deductible satisfaction under the prior
carrier plan will be required upon submission of the initial claim for benefits to be payable under this
Certificate.

• You must satisfy the Infertility Deductible before benefits are payable for Infertility services or
supplies. This Deductible applies once during each Covered Person's lifetime.

• Expenses incurred under the Prescription Drug Benefit are not applied to the Calendar Year or
additional Deductible(s).

**Out-of-Pocket Maximum**

When Your total medical Copayments or Coinsurance payments, during any Calendar Year, equal the
Out-of-Pocket Maximum set forth in the "Schedule of Benefits" section, no further Copayments or
Coinsurance will be required from You for the remainder of that Calendar Year. (See the "Schedule of
Benefits" section for exceptions.)

Except for exceptions noted in the "Schedule of Benefits" section, Copayments or Coinsurance paid for
the services of a Preferred Provider will apply toward the Out-of-Pocket Maximum for Out-of-Network
Providers. Similarly, Coinsurance paid for the services of an Out-of-Network Provider will apply toward
the Out-of-Pocket Maximum for Preferred Providers.

**Medical Benefits**

Please read this description of plan benefits carefully. Please also read the "Schedule of Benefits"
section to understand Your out-of-pocket expenses and the "General Limitations and Exclusions"
section for details of any restrictions placed on the benefits.

Self-donated (autologous) blood transfusions are covered only for a scheduled surgery that has been certified. This Certificate covers treatments which use umbilical cord blood, cord blood stem cells and adult stem cells (nor their collection, preservation and storage) only when deemed appropriate by an Independent Medical Review, as such treatments are considered to be Experimental or Investigational in nature. (Please refer to "Independent Medical Review of Investigational or Experimental Therapies" in the "Coverage Decisions and Disputes Resolution" section for additional information.)

Benefits will be provided for Hospital services when it is necessary to perform dental services in a Hospital, either as an inpatient or an outpatient, due to an unrelated medical condition which would threaten Your health if the dental services are not performed and when use of the Hospital setting has been ordered by both a medical doctor and a dentist. HNL shall make the final determination as to whether use of a Hospital setting was necessary.

Gender Reassignment Services

Medically Necessary gender reassignment services, including, but not limited to, mental health evaluation and treatment, pre-surgical and postsurgical hormone therapy, fertility preservation, speech therapy and surgical services (such as hysterectomy, ovariectomy, and orchietomy, genital surgery, breast surgery, mastectomy, and other reconstructive surgery i.e. facial reconstruction), for the treatment of gender dysphoria or gender identity disorder are covered. Services not Medically Necessary for the treatment of gender dysphoria or gender identity disorder are not covered.

**Telehealth services that are not provided by Teladoc are not covered.** In addition, Teladoc consultation services do not cover:

- Specialist services; and
- Prescriptions for substances controlled by the DEA, non-therapeutic drugs or certain other drugs which may be harmful because of potential for abuse.
- For the purposes of this provision, the following definitions apply:
- "Telehealth services" means the mode of delivering health care services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient's health care while the patient is at the originating site and the provider for telehealth is at a distant site. Telehealth facilitates patient self-management and caregiver support for patients and includes synchronous interactions and asynchronous store and forward transfers.
- "Asynchronous store and forward" means the transmission of a patient's medical information from an originating site to the health care provider for telehealth at a distant site without the presence of the patient.
- "Distant site" means a site where a health care provider for telehealth who provides health care services is located while providing these services via a telecommunications system.
- "Originating site" means a site where a patient is located at the time health care services are provided via telecommunications system or where the asynchronous store and forward service originates.
• "Synchronous interaction" means a real-time interaction between a patient and a health care provider for telehealth located at a distant site.

**Professional Services**

Necessary services of a Physician, including office visits and consultations, Hospital and Skilled Nursing Facility visits, and visits to Your home.

PPO847LRG(1/20)NG
All covered surgical procedures, including the services of the surgeon or Specialist, assistant surgeon, and anesthetist or anesthesiologist, together with preoperative and postoperative care. Surgery includes surgical reconstruction of a breast incident to a mastectomy (including lumpectomy), including surgery to restore symmetry; it also includes prosthesis and treatment of physical complications at all stages of mastectomy, including lymphedema.

HNL uses available guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement. HNL uses Medicare guidelines to determine the circumstances under which claims for assistant surgeon services and co-surgeon and team surgeon services will be eligible for reimbursement, in accordance with HNL’s normal claims filing requirements.

When adjudicating claims for Covered Services for the postoperative global period for surgical procedures, HNL applies Medicare’s global surgery periods to the American Medical Association defined Surgical Package. The Surgical Package includes typical postoperative care. These criteria include consideration of the time period for recovery following surgery and the need for any subsequent services or procedures which are part of routine postoperative care.

When multiple procedures are performed at the same time, Covered Expenses include the Contracted Rate or Maximum Allowable Amount (as applicable) for the first (or major) procedure and one-half the Contracted Rate or Maximum Allowable Amount for each additional procedure. HNL uses Medicare guidelines to determine the circumstances under which claims for multiple surgeries will be eligible for reimbursement, in accordance with HNL’s normal claims filing requirements. No benefit is payable for incidental surgical procedures, such as an appendectomy performed during gall bladder surgery.

HNL uses available Medicare guidelines to determine which services and procedures are eligible for payment separately or as part of a bundled package, including but not limited to, which items are separate professional or technical components of services and procedures. HNL also uses proprietary guidelines to identify potential billing inaccuracies.

Certification may be required for outpatient surgery, including Outpatient Surgical Center and professional surgical services. Please refer to the "Certification Requirement" section of this Certificate for details.

**Non-preventive Physical Examinations**

A non-preventive physical examination is one that is not otherwise medically indicated or Physician-directed and is obtained for the purposes of checking Your general health in the absence of symptoms or other nonpreventive purpose. Examples include exams taken to obtain employment, or exams administered at the request of a third party, such as a school, camp or sports organization.

Please refer to "Annual non-preventive physical examination" in the "Schedule of Benefits" section for the applicable Copayment or Coinsurance required. See "Preventive Care Services" in this "Plan Benefits" section for information about coverage of exams that are for preventive health purposes.

Non-preventive physical examinations are not covered if performed by an Out-of-Network Provider.
Diagnostic Imaging (Including X-Ray) and Laboratory Procedures

All prescribed diagnostic imaging (including x-ray) and laboratory procedures, services and materials, including cancer screening tests and screening for blood lead levels in children as determined by a health care provider in accordance with standards adopted by the California Department of Public Health.

Home Health Care Services

The services of a Home Health Care Agency in the Covered Person’s home are covered when provided by a registered nurse or licensed vocational nurse and/or licensed physical, occupational, speech therapist or respiratory therapist. These services are in the form of visits that may include, but are not limited to, skilled nursing services, medical social services, rehabilitation therapy (including physical, speech and occupational), pulmonary rehabilitation therapy and cardiac rehabilitation therapy.

Home Health Care Services must be ordered by Your Physician and provided under a treatment plan describing the length, type and frequency of the visits to be provided. The following conditions must be met in order to receive Home Health Care Services:

- The skilled nursing care is appropriate for the medical treatment of a condition, illness, disease or injury;
- The Covered Person is homebound because of illness or injury (this means that the Covered Person is normally unable to leave home unassisted, and, when the Covered Person does leave home, it must be to obtain medical care, or for short, infrequent non-medical reasons such as a trip to get a haircut, or to attend religious services or adult day care);
- The Home Health Care Services are part-time and intermittent in nature; a visit lasts up to 4 hours in duration in every 24 hours; and
- The services are in place of a continued hospitalization, confinement in a Skilled Nursing Facility, or outpatient services provided outside of the Covered Person home.

Custodial Care services and Private Duty Nursing, as described in the "Definitions" section and any other types of services primarily for the comfort or convenience of the Covered Person, are not covered even if they are available through a Home Health Care Agency. Home Health Care Services do not include Private Duty Nursing or shift care. Private Duty Nursing (or shift care, including any portion of shift care services) is not a covered benefit under this plan even if it is available through a Home Health Care Agency or is Medically Necessary. See the "Definitions" section.

The maximum number of covered visits per Calendar Year is set forth in the "Schedule of Benefits" section.

In addition, in accordance with an approved treatment plan, coverage will be provided for therapies in the home, when medically appropriate as an alternative to inpatient care, upon prior written approval by HNL. All home health services and supplies directly related to infusion therapy are payable as stated in the "Outpatient Infusion Therapy" provision below, and are not payable under this Home Health Care Services benefit.

Payment of benefits will be subject to the noncertification penalty shown in the "Schedule of Benefits" section if Certification is not obtained for home-based physical, speech or occupational therapy.
Outpatient Infusion Therapy

Outpatient infusion therapy used to administer covered drugs and other substances by injection or aerosol is covered when appropriate for Your illness, injury or condition and will be covered for the number of days necessary to treat the illness, injury or condition.

Infusion therapy includes: total parenteral nutrition (TPN) (nutrition delivered through the vein); injected or intravenous antibiotic therapy; chemotherapy; injected or intravenous Pain management; intravenous hydration (substances given through the vein to maintain the patient's fluid and electrolyte balance, or to provide access to the vein); aerosol therapy (delivery of drugs or other Medically Necessary substances through an aerosol mist); and tocolytic therapy to stop premature labor.

Covered services include professional services (including clinical pharmaceutical support) to order, prepare, compound, dispense, deliver, administer or monitor covered drugs or other covered substances used in infusion therapy.

Covered supplies include injectable Prescription Drugs or other substances which are approved by the California Department of Health or the Food and Drug Administration for general use by the public. Other Medically Necessary supplies and Durable Medical Equipment necessary for infusion of covered drugs or substances are covered.

All services must be billed and performed by a provider licensed by the state. Only a 14-day supply will be dispensed per delivery.

Infusion therapy benefits will not be covered in connection with the following:

- Non-Prescription Drugs or medications;
- Any drug labeled "Caution, limited by Federal Law to Investigational use" or Investigational drugs not approved by the FDA unless deemed appropriate by an Independent Medical Review, as such treatments are considered to be Experimental or Investigational in nature. (Please refer to "Independent Medical Review of Investigational or Experimental Therapies" in the "Coverage Decisions and Disputes Resolution" section for additional information.);

Outpatient Prescription Drug Benefits

The preceding sections of this Certificate provide coverage for Prescription Drugs obtained while an inpatient in a Hospital or Skilled Nursing Facility. This plan also includes coverage for Prescription Drugs outside a Hospital or Skilled Nursing Facility setting. This outpatient Prescription Drug benefit is subject to a specific set of terms and conditions documented in this Certificate which You must be informed about in order to obtain the highest level of coverage under this benefit. The provisions which follow are in addition to, and do not replace, any other provision under this Certificate which may apply to Prescription Drugs. In addition, coverage is subject to exclusions and limitations as shown under the "Outpatient Prescription Drug Benefits" section in the "General Limitations and Exclusions" section.

Covered Drugs and Supplies

Medically Necessary Prescription Drugs are covered. Outpatient Prescription Drug Benefits shall be provided if You, while covered under this Certificate, incur an expense for Prescription Drugs which were prescribed by any Physician who is either a Preferred Provider or Out-of-Network Provider. You are responsible for the applicable Copayment or Coinsurance, as shown in the "Schedule of Benefits" section of this Certificate.

Cost-sharing and any accrual of amounts from all Drug Coupons paid on Your behalf for any prescription drugs obtained by You through the use of a Drug Discount, Coupon, or Copay Card provided by a prescription drug manufacturer will not apply toward Your plan Deductible or Out-of-Pocket Maximum.

PPO847LRG(1/20)NG
Prescription Drugs must be dispensed for a condition, illness or injury that is covered by this Plan. Refer to the "General Limitations and Exclusions" section of this Certificate to find out if a particular condition is not covered.

**Tier 1 Drugs (Primarily Generic) and Tier 2 Drugs (Primarily Brand)** Tier 1 and Tier 2 Drugs listed in the Health Net Formulary are covered, when prescribed by a Physician, an authorized referral Specialist or an emergent or urgent care Physician. Some Tier 1 Drugs and Tier 2 Drugs require Prior Authorization from HNL to be covered. The fact that a drug is listed in the Formulary does not guarantee that Your Physician will prescribe it for You for a particular medical condition.

**Tier 3 Drugs**

Tier 3 Drugs are Prescription Drugs that may be Generic Drugs or Brand Name Drugs, and are either:

- Specifically listed as Tier 3 on the Formulary; or
- Not listed in the Health Net Formulary that are not excluded or limited from coverage.

Some Tier 3 Drugs require Prior Authorization from HNL to be covered.

Please refer to the "Formulary" portion of this subsection for more details.

**Specialty Drugs**

Specialty Drugs listed in the Health Net Formulary are covered when Prior Authorization is obtained from HNL and the drugs are dispensed through HNL’s contracted Specialty Pharmacy Vendor. These include drugs that are made using biotechnology; drugs that require special training for self-administration; drugs that require regular monitoring of care by a pharmacy; and drugs that cost more than six hundred dollars for a one-month supply.

Specialty Drugs will be subject to the applicable Tier 1, Tier 2 or Tier 3 Copayment or Coinsurance shown in the "Outpatient Prescription Drugs" in the "Schedule of Benefits."

Self-administered injectable medications are defined as drugs that are:

- Medically Necessary;
- Administered by the patient or family member; either subcutaneously or intramuscularly;
- Deemed safe for self-administration as determined by Health Net’s Pharmacy and Therapeutics Committee;
- Included in the Health Net Formulary; and
- Shown on the Formulary as requiring Prior Authorization.
- Drugs used to treat hemophilia, including blood factors, are covered as Specialty Drugs under this pharmacy benefit.

Certain specified specialty drugs or drugs with limited distribution must be obtained through a contracted specialty pharmacy. These specified specialty drugs that must be obtained through the Specialty Pharmacy Program are limited up to a 30-day supply. The Specialty Pharmacy will deliver your medication to you by mail or common carrier. These drugs are subject to the applicable Copayments or Coinsurances listed under "Outpatient Prescription Drugs" in the "Schedule of Benefits."

PPO847LRG(1/20)NG
If you are out of a specialty drug which must be obtained through the specialty pharmacy program, HNL will authorize an override of the specialty pharmacy program requirement for 72-hours, or until the next business day following a holiday or weekend, to allow you to get an emergency supply of medication if your doctor decides that it is appropriate and medically necessary. You may have to pay the applicable Copayment.

**Generic Equivalents to Brand Name Drugs**

You are financially responsible for the applicable Deductible, Copayment or Coinsurance for the Brand Name Drug plus an additional amount, as shown in the "Schedule of Benefits" section of this Certificate, if a Generic Drug equivalent is commercially available, but You:

- Receive a Brand Name Drug at a Participating Pharmacy or through the Mail Order Program; or
- Submit a claim for a Brand Name Drug from a Nonparticipating Pharmacy or due to Emergency Care.

However, if the Prescription Drug Order indicates "do not substitute" or "dispense as written" or words of similar meaning, You are only responsible for the applicable Copayment.

**Off-Label Drugs**

A Prescription Drug prescribed for a use that is not stated in the indications and usage information published by the manufacturer is covered only if the drug meets all of the following coverage criteria:

      iii. The Thomson Micromedex DrugDex; OR

The following definitions apply to the terms mentioned in this provision only.

PPO847LRG(1/20)NG
"Life-threatening" means either or both of the following:

A. Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted;

B. Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

**Preventive Drugs and Women’s Contraceptives**

Preventive drugs, including smoking cessation drugs, and women’s contraceptives are covered as shown in the "Schedule of Benefits" section of this Certificate. Covered preventive drugs are over-the-counter drugs or Prescription Drugs that are used for preventive health purposes per the U.S. Preventive Services Task Force A and B recommendations.

Covered contraceptives are FDA-approved contraceptives for women that are either available over-the-counter or are only available with a Prescription Drug Order. Women’s contraceptives that are covered under this Prescription Drug benefit include vaginal, oral, transdermal and emergency contraceptives. For a complete list of contraceptive products covered under the Prescription Drug benefit, please refer to the Formulary.

Over-the-counter preventive drugs and women’s contraceptives that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such drugs or contraceptives.

Intrauterine devices (IUDs), injectable and implantable contraceptives are covered as a medical benefit when administered by a Physician. Please refer to the "Medical Services and Supplies" portion of this section, under the headings "Preventive Care Services" and "Family Planning" for information regarding contraceptives covered under the medical benefit.

You may use the Prior Authorization process to obtain coverage at no cost for a prescription contraceptive that is not on the Formulary or the brand name equivalent of a covered generic contraceptive that is unavailable. HNL will cover the contraceptive if Your Physician submits a Prior Authorization request. This request is not subject to denial by HNL.

HNL covers up to a 12-consecutive-calendar-month supply of covered FDA-approved, self-administered hormonal contraceptives when dispensed or furnished at one time by a contracted health care provider or pharmacist.
Smoking Cessation Coverage

In addition, all FDA-approved smoking cessation medications, including prescription and over the counter medications, are covered without prior authorization when prescribed by a Physician. Over-the-counter smoking cessation drugs that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such drugs. For all FDA-approved tobacco cessation medications, no limits will be imposed on the number of days that are covered, regardless of whether the medications are taken alone or in combination.

For information regarding smoking cessation behavioral modification support programs available through HNL, contact the Customer Contact Center at the telephone number on Your HNL ID card or visit Our website at www.healthnet.com (see "Wellsite").

Compounded Drugs

Compounded Drugs are prescription orders that have at least one ingredient that is Federal Legend or state restricted in a therapeutic amount as Medically Necessary and are combined or manufactured by the pharmacist and placed in an ointment, capsule, tablet, solution, suppository, cream or other form and require a prescription order for dispensing. Coverage for Compounded Drugs is subject to Prior Authorization by HNL and Medical Necessity. Refer to the "Off-Label Drugs" provision in the "Outpatient Prescription Drugs Benefits" portion of the "Plan Benefits" section for information about FDA approved drugs for off-label use. Coverage for Compounded Drugs requires the Tier 3 Drug Copayment and is subject to Prior Authorization by HNL and Medical Necessity. HNL covers compounded medication(s) when:

- The compounded medication(s) include at least one Drug, as defined;
- There are no FDA-approved, commercially available, medically appropriate alternative(s);

Schedule II Narcotic Drugs

Schedule II Drugs are Drugs classified by the Federal Drug Enforcement Administration as having a high abuse risk but also safe and accepted medical uses in the United States. A partial prescription fill, which is of a quantity less than the entire prescription, can be requested by you or your Physician. Partial prescription fills are subject to a prorated Copayment or Coinsurance based on the amount of the prescription that is filled by the pharmacy. Schedule II narcotic Drugs are not covered through mail order.

The Formulary

What is the Health Net Formulary?

HNL developed the Formulary to identify the safest and most effective medications for Health Net Life Covered Persons while attempting to maintain affordable pharmacy benefits. We specifically suggest to
all Preferred Providers that they refer to this Formulary when choosing drugs for patients who are Health Net Life Covered Persons. When Your Physician prescribes medications listed in the Formulary, it is ensured that You are receiving a high quality and high value prescription medication. In addition, the Formulary identifies whether a Generic version of a Brand Name Drug exists, and whether the drug requires Prior Authorization. If the Generic version exists, it will be dispensed instead of the Brand Name version.

You may call the Customer Contact Center at the telephone number on Your HNL ID card to find out if a particular drug is listed in the Formulary. You may also request a copy of the current Formulary, and it will be mailed to You. The current Formulary is also available on the HNL website at www.healthnet.com under the pharmacy information.

**How are Drugs Chosen for the Health Net Formulary?**

The Formulary is created and maintained by the Health Net Pharmacy and Therapeutics Committee. Before deciding whether to include a drug on the Formulary, the Committee reviews medical and scientific publications, relevant utilization experience and Physician recommendations to assess the drug for its:

- Safety
- Effectiveness
- Cost-effectiveness (when there is a choice between two drugs having the same effect, the less costly drug will be listed)
- Side effect profile
- Therapeutic outcome

This Committee has quarterly meetings to review medications and to establish policies and procedures for drugs included in the Formulary. The Formulary is updated as new clinical information and medications are approved by the FDA.

**Who is on the Health Net Pharmacy and Therapeutics Committee and How are Decisions Made?**

The Pharmacy and Therapeutics Committee ("Committee") develops, maintains, and oversees the Formulary. The Committee meets each quarter, and maintains written documentation of its decisions and the rationale informing its decisions.

Committee membership includes actively practicing Physicians of various medical specialties from Health Net contracting Physician groups and clinical pharmacists. HNL recruits voting members from contracting Physician groups throughout California based on their experience, knowledge and expertise. Frequently, the Committee consults external Physician experts for additional medical input. Neither voting members of the Committee nor the external medical professionals with whom the Committee consults are HNL employees, and this ensures decisions are unbiased and without conflicts of interest.

Additions to the Formulary are subject to a vote by the Committee, which may be based on the medical input from external physician experts. Moreover, in developing or modifying the Formulary, the Committee’s responsibilities include the following:

  a. Developing and documenting procedures to ensure appropriate drug review and inclusion;
b. Basing clinical decisions on the strength of the scientific evidence and standards of practice, including assessing peer-reviewed medical literature, pharmacoeconomic studies, outcomes research data, and other related information;

c. Considering the therapeutic advantages of drugs in terms of safety and efficacy when selecting formulary drugs;

d. Reviewing policies that guide exceptions and other utilization management processes, including drug utilization review, quantity limits, and therapeutic interchange;

e. Evaluating and analyzing treatment protocols and procedures related to the insurer’s formulary at least annually;

f. Reviewing and approving all clinical prior authorization criteria, step therapy protocols, and quantity limit restrictions applied to each covered drug;

g. Reviewing new United States Food and Drug Administration-approved drugs and new uses for existing drugs;

h. Ensuring HNL’s Formulary cover a range of drugs across a broad distribution of therapeutic categories and classes and recommended drug treatment regimens that treat all disease states, and do not discourage enrollment by any group of insureds; and

i. Ensuring HNL’s Formulary provides appropriate access to drugs that are included in broadly accepted treatment guidelines and that are indicative of general best practices at the time.

**Prior Authorization Process**

Prior Authorization status is included in the Formulary. The Formulary identifies which drugs require Prior Authorization. A Physician must get approval from HNL before writing a Prescription Drug Order for a drug that is listed as requiring Prior Authorization, in order for the drug to be covered by HNL. Step therapy exceptions are also subject to the Prior Authorization process. You may obtain a list of drugs requiring Prior Authorization by visiting Our website at www.healthnet.com. If a drug is not on the Formulary, Your Physician should call HNL to determine if the drug requires Prior Authorization.

Requests for Prior Authorization, including step therapy exceptions, may be submitted electronically or by telephone (at the phone number shown on your HNL ID card) or facsimile (1-800-314-6223). Urgent requests from Physicians for authorization are processed, and prescribing providers notified of HNL’s determination as soon as possible, not to exceed 24 hours after HNL's receipt of the request and. A Prior Authorization request is urgent when a Covered Person is suffering from a health condition that may seriously jeopardize the insured’s life, health, or ability to regain maximum function. Routine requests from Physicians are processed, and prescribing providers notified of HNL’s determination in a timely fashion, not to exceed 72 hours after HNL's receipt of the request. For both urgent and routine requests, HNL must also notify the insured or his or her designee of its decision. If HNL fails to respond within the required time limit, the Prior Authorization request is deemed granted.

If a drug is not on the Formulary, your Physician can ask for an exception. To request an exception, your Physician can submit a Prior Authorization request along with a statement supporting the request. Requests for Prior Authorization may be submitted electronically or by telephone or facsimile. If we approve an exception for a drug that is not on the Formulary, the non-preferred Brand Name Drug tier (Tier 3) or Specialty Copayment applies. If You are suffering from a condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current
course of treatment using a drug that is not on the Formulary, then You, Your designee or Your Physician can request an expedited review. Expedited requests for an exception will be processed, and You, Your designee and the prescribing providers will be notified, within 24 hours after HNL’s receipt of the request. Standard requests for an exception will be processed, and You, Your designee and the prescribing provider will be notified within 72 hours after HNL’s receipt of the request. Exceptions based on your medical condition will be for the duration of your medical condition.

If you are denied a request for a drug not on the Formulary, you, your designee or your prescribing physician may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. HNL will make its determination on the external exception request and notify you, your designee or your prescribing physician of its coverage determination no later than 72 hours following receipt of a standard request and no later than 24 hours following receipt of an expedited exception request.

If a drug is eliminated from the Formulary, HNL will continue to cover the drug for Covered Persons who were taking the drug when it was eliminated, provided that the drug is appropriately prescribed and is safe and effective for treating the Covered Person’s medical condition.

HNL will evaluate the submitted information upon receiving Your Physician’s request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for Prior Authorization are developed and based on input from the Health Net Pharmacy and Therapeutics Committee as well as Physician experts. Your Physician may contact HNL to obtain the usage guidelines for specific medications.

If you are denied Prior Authorization, you may request an independent review or go through the binding arbitration remedy set forth in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" provisions of the "Coverage Decisions and Disputes Resolution" section of this Certificate.

**Step Therapy**

Step therapy is a process in which You may need to use one type of Prescription Drug before HNL will cover another one. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help you get high quality and cost effective Prescription Drugs. Exceptions to the step therapy process are subject to Prior Authorization. However, if You were taking a Prescription Drug for a medical condition under a previous plan before enrolling in this Health Net PPO plan, You will not be required to use the step therapy process to continue using the Prescription Drug.

**Retail Pharmacies and the Mail Order Program**

**Prescription Drugs Dispensed by a Participating Pharmacy**

You must purchase covered drugs at a Participating Pharmacy to receive the highest available benefits for Prescription Drugs under this Plan.

HNL is contracted with many major pharmacy chains, supermarket based pharmacies and privately owned neighborhood pharmacies in California. To find a conveniently located Participating Pharmacy, please visit Our website at www.healthnet.com or call the Customer Contact Center at the telephone number on Your HNL ID card. Present the HNL ID card and pay the appropriate Copayment when the drug is dispensed.
If refills are stipulated on the Prescription Drug Order, a Participating Pharmacy may dispense up to a 30-consecutive-calendar-day supply for each Prescription Drug Order or for each refill at the appropriate time interval.

In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL's usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

*(If the Health Net PPO identification card has not been received or if it has been lost, refer to the provision below, "When the Health Net PPO Identification Card is not in Your Possession.")*

Preferred Providers and Participating Pharmacies prescribe and dispense Prescription Drugs listed in the Formulary.

**Prescription Drugs Dispensed by a Nonparticipating Pharmacy**

The maximum charge HNL will allow for a Prescription Drug Order is the Prescription Drug Covered Expense, as defined in the "Definitions" section. It is not necessarily the amount a Nonparticipating Pharmacy will charge. You are financially responsible for any amount charged by a Nonparticipating Pharmacy which exceeds the amount of Prescription Drug Covered Expense in addition to the appropriate Copayment or Coinsurance. If You present a Prescription Drug Order for a Brand Name Drug, pharmacists will offer a Generic Drug equivalent if commercially available. At the time of the Emergency or Urgent Care visit, You should advise the treating Physician of any drug allergies or reactions, including to any Generic Drugs.

When Prescription Drugs are dispensed by a Nonparticipating Pharmacy, You will be required to:

- Pay the full cost of the Prescription Drug that is dispensed; and
- Submit a claim to HNL for possible reimbursement of a Covered Expense.

To receive the highest available benefits for Prescription Drugs under this Certificate, You must have the Prescription Drug Order dispensed by a Participating Pharmacy, and request that Generic Drugs be substituted for Brand Name Drugs.

*Claim forms will be provided by HNL upon request.*

**Prescription Drugs Dispensed Through the Mail Service Prescription Drug Program**

If your prescription is for a Maintenance Drug, You shall be entitled to have a Prescription Drug Order filled through a mail delivery program selected by HNL. Through this program You can receive through the mail up to a 90-consecutive-calendar-day supply of a Maintenance Drug when so prescribed. In some cases a 90-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan, according to FDA or HNL usage guidelines. The lesser of the applicable mail order Copayments or Coinsurance or the mail order pharmacy's retail price will be required.

To use this program, You must place an order through the mail by completing a Prescription Mail Order Form. It must be accompanied by the original Prescription Drug Order, not a copy. The Prescription Mail Order Form and an explanation of how to use the program will be provided by HNL upon request. Please contact the Customer Contact Center at the telephone number on Your HNL ID card.
Maintenance drugs may also be obtained at a CVS retail pharmacy under the mail order program benefit.

**Note:** Schedule II narcotic analgesics, sexual dysfunction and smoking cessation drugs and specialty drugs are not covered through the mail order program. Refer to the "Outpatient Prescription Drug Benefits" portion of the "General Limitations and Exclusions" section for more information.

**When the Health Net PPO Identification Card Is Not In Your Possession**

If You need to have a Prescription Drug Order filled by a Participating Pharmacy and have not received a Health Net PPO Identification Card, or it has been lost, or eligibility cannot be determined, You must pay for the drug(s). You may then be entitled to reimbursement in accordance with the terms of this Certificate. After the Health Net PPO Identification Card has been received, You must file a claim. Claim forms will be provided by HNL upon request.

GENERAL PROVISIONS

Term of Certificate

This *Certificate* shall remain in effect for the period of time specified in the Policy held by the Group, subject to the payment of premiums as required and subject to the right of HNL and the Group to terminate or modify it, including the right to change premiums, in accordance with the terms of the Group Policy. Notice of modification or termination will be sent to the holder of the Group Policy. HNL will provide notice of such changes to Covered Persons of this plan when it is required to do so by law. The Group may have obligations under state or federal law to provide notification of these changes to the Covered Persons under this plan. Modification shall not affect the right to benefits provided under this *Certificate* in connection with a Hospital confinement commencing prior to such date.

Covered Persons who are totally disabled on the date coverage under this *Certificate* ends may be eligible for continuation of coverage. See the "Extension of Benefits" portion of the "Eligibility, Enrollment and Termination" section of this *Certificate*.

Coordination of Benefits

Explanation

Benefits provided under this *Certificate* are subject to coordination with benefits payable to You for eligible expenses by any other group coverage including any Hospital, surgical or medical benefit policy, service plan contract, group prepayment plan, coverage through any governmental program or provided by any state or federal statute, as permitted by applicable law.

Purpose

Coordination of Benefits (COB) determines responsibility for payment of eligible expenses among insurers providing group coverage to You, so that the total of all reasonable expenses for Covered Services and Supplies will be paid up to the stated limits of each coverage, but not to exceed total expenses incurred for those services and supplies.

Administration

If You are known to have group coverage through any other health plan or insurer, responsibility for payment of benefits is determined by following the Rules Establishing the Order of Benefits Determination, formulated by the Insurance Commissioner of the State of California and incorporated in this *Certificate*. Such rules determine the order of payment responsibilities between HNL and any other applicable group insurer, by establishing which is the Primary Plan and which is the Secondary Plan. (For Medicare coordination of benefits, please refer to the "Medicare Coordination of Benefits (COB)" portion of this section.)

*The Covered Person’s coverage is subject to the same limitations, exclusions and other terms of this Certificate whether HNL is the Primary Plan or the Secondary Plan.*
• **COVERED EMPLOYEE:** HNL is the **Primary Plan** with responsibility for first payment, *except* when (a) You are covered by another group health plan or insurer as the employee and that plan has covered You longer than the HNL plan or (b) the group plan or insurer does not contain a "COB" provision similar to this one.

• **SPOUSE OR DOMESTIC PARTNER:** HNL is the **Primary Plan** with responsibility for first payment, *except* when (a) the spouse or Domestic Partner is covered under another group health plan or insurer as the employee or (b) the other group plan or insurer does not contain a "COB" provision similar to this one.

• **CHILD:** Determination of the **Primary Plan** will be based on the following:
  1. The insurer, under whom the child is covered as a principal Covered Person, employee or primary individual, shall be the **Primary Plan** for that child;
  2. If the child is not covered as specified above and is covered as a dependent under the insurers of both parents, then the insurer of the parent whose date of birth, but not year of birth, occurs earlier in a Calendar Year shall be the **Primary Plan** for dependent children covered under their group health plan. The insurer of the parent whose birthday occurs later in the Calendar Year shall be the **Secondary Plan** for dependent children covered under their group health plan;
  3. Group health plan as determined above is the **Primary Plan** with responsibility for first payment, unless the Rules Establishing the Order of Benefit Determination are affected because of a divorce and assignment of legal custody of the child. The group plan or insurer of the **parent that has legal custody** pays first; the group plan or insurer of the stepparent (if any) pays second; and the group plan or insurer of the parent **that does not have legal custody** pays third; or
  4. However, if the child's parents are separated or divorced and there is a court decree which would otherwise establish financial responsibility for the medical, dental or other health care expenses of that child, then the group health plan of the parent with such court-ordered financial responsibility shall be the **Primary Plan**. The group health plan of the other parent shall be the **Secondary Plan**.

When the points above do not establish an order of benefit determination, the insurer or group health plan who has covered the person for the longer period of time shall be the **Primary Plan** and the other insurer shall be the **Secondary Plan**, provided that:

• The benefits of a group health plan or insurer covering the person as a laid off or retired employee or dependent of such person, shall be determined after the benefits of any other insurer or group health plan covering such person as an employee, other than a laid off or retired employee or dependent of such person; and
• If either group health plan does not have a provision regarding laid off or retired employees, which results in each insurer or group health plan determining its benefits after the other, then the provisions of statement above shall not apply.

**Facility of Payment**

If payments which should have been made under this *Certificate* are made by any other group health plan or insurer, HNL shall have the right to pay over to such health plan or insurer any amount HNL determines to be warranted in order to satisfy the intent of this provision. Any amounts so paid shall be
deemed to be benefits under this Certificate and to the extent of such payments, HNL shall be fully discharged from liability under this Certificate.

**Right to Receive and Release Necessary Information**

HNL may obtain or release any information considered to be necessary for "COB" with respect to any person claiming benefits under this Certificate without consent of or notice to You or any other person or organization. However, HNL shall not be required to determine the existence of any other group plan or insurer, or the benefits payable under such plan or insurer, when computing benefits due to You covered under this Certificate.

**Services Instead of Cash Payments**

When another group health plan or insurer provides services rather than cash payments, the reasonable cash value of each service rendered shall be deemed to be both an allowable expense and a benefit paid. The reasonable cash value of any services provided to the covered individual by any service organization group plan shall be deemed an expense incurred by the individual and the liability of HNL under this Certificate will be reduced accordingly.

**Right of Recovery**

Whenever HNL's payment for covered services exceeds the maximum amount of payment necessary to satisfy the intent of this provision, HNL shall have the right to recover those excessive amounts from any group health plan, any organization or any persons.

**Medicare Coordination of Benefits (COB)**

When You reach age 65, You may become eligible for Medicare based on age. You may also become eligible for Medicare before reaching age 65 due to disability or end stage renal disease. We will solely determine whether we are the primary plan or the secondary plan with regard to services to a Covered Person enrolled in Medicare in accordance with the Medicare Secondary Payer rules established under the provisions of Title XVIII of the Social Security Act and its implementing regulations. Generally, those rules provide that:

If You are enrolled in Medicare Part A and Part B, and are not an active employee or Your employer group has less than twenty employees, then this plan will coordinate with Medicare and be the secondary plan. This Plan also coordinates with Medicare if You are an active employee participating in a Trust through a small employer, in accordance with Medicare Secondary Payer rules. (If You are not enrolled in Medicare Part A and Part B, HNL will provide coverage for Medically Necessary Covered Services without coordination with Medicare.)

For services and supplies covered under Medicare Part A and Part B, claims are first submitted by Your provider or by You to the Medicare administrative contractor for determination and payment of allowable amounts. The Medicare administrative contractor then sends Your medical care provider a Medicare Summary Notice (MSN), (formerly an Explanation of Medicare Benefits (EOMB)). In most cases, the MSN will indicate that the Medicare administrative contractor has forwarded the claim to HNL for secondary coverage consideration. HNL will process secondary claims received from the Medicare administrative contractor. Secondary claims not received from the Medicare administrative contractor must be submitted to HNL by You or the provider of service, and must include a copy of the MSN. HNL and/or Your medical provider is responsible for paying the difference between the Medicare PPO847LRG(1/20)NG
paid amount and the amount allowed under this plan for the covered services described in this Certificate, subject to any limits established by Medicare COB law. This Plan will cover benefits as a secondary payer only to the extent services are coordinated by Your Physician and authorized by HNL as required under this Certificate.

If either You or Your spouse or Domestic Partner is over the age of 65 and You are actively employed, neither You nor Your spouse or Domestic Partner is eligible for Medicare Coordination of benefits, unless You are employed by a small employer and pertinent Medicare requirements are met.

Notification of HNL’s Initial Benefit Determination

Timing of notice:
HNL shall notify the Covered Person of the initial benefit determination within the timeframes described below.

For Urgent Care claim: HNL will notify the Covered Person of Our decision as soon as possible, taking into account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the receipt of the request) of the specific information necessary to make the determination and a reasonable time frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time period to provide the requested information.

For concurrent care decisions: If the treatment involves Urgent Care, the request by the Covered Person or the Covered Person’s Physician to extend the course of treatment beyond the period of time or number of treatments shall be decided as soon as possible, taking into account the medical exigencies. The Covered Person will be notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made to HNL at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an adverse benefit determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated.

For all other claims: The time frames that are described under the "Certification Procedure" and "Retrospective Review" provisions in the "Certification Requirements" section apply to pre-service and post-service claims in which the benefit determinations are based on Medical Necessity. Benefit determinations that are not based on Medical Necessity are subject to the time frames that are described herein.

In the case of a pre-service claim, HNL shall notify the Covered Person of Our decision within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the receipt of the request. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL’s control. HNL will notify the Covered Person, prior to the end of the initial 15-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a decision. In the case in which HNL requires additional information that is necessary to make Our determination, the notice of extension shall describe the required information and the time frame (that is at least 45 days from the Covered Person’s receipt of the notice) to provide the specified information.

In the case of a post-service claim, the Covered Person shall be notified of relevant decisions within a reasonable period of time, but no later than 30 calendar days following the receipt of the claim by HNL. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL’s control. HNL will notify the Covered Person, prior to the end of the initial 30-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a
decision. In the case in which HNL requires additional information that is necessary to make Our
determination, the notice of extension shall describe the required information and the time frame (that is
at least 45 days from the Covered Person’s receipt of the notice) to provide the specified information.

**Manner and content of notice of an adverse benefit determination:**
If Our determination results in an adverse benefit determination, HNL shall send a written or electronic
notice to the Covered Person and to the provider of the service that shall include a clear and concise
explanation of the reasons for Our decision, a description of the criteria or guidelines used and the
clinical reasons for the decisions regarding Medical Necessity, and a description of any additional
material or information necessary for the claimant to perfect the claim and an explanation of why such
material or information is necessary. The explanation will also include the specific plan provisions on
which determination is based. The Medical Necessity decisions communicated to the medical providers
will include the name and telephone number of the health care professional responsible for the denial,
delay or modification.

In the case of an adverse benefit determination involving Urgent Care, HNL may provide the decision
verbally as soon as possible, taking into account the medical exigencies, but not later than 72 hours after
receipt of the request. The written or electronic notice shall be provided to the Covered Person not later
than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a
description of the expedited review process.

HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which
  HNL contracts for utilization review or utilization management functions, to determine whether to
  authorize, modify, delay, or deny health care services.

- If the adverse determination is based on Medical Necessity or experimental treatment or similar
  exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

**Grievance and Appeals Process**

Appeal, complaint or grievance means any dissatisfaction expressed by You or Your representative
concerning a problem with HNL, a medical provider or Your coverage under this Certificate, including
an adverse benefit determination as set forth under the Affordable Care Act (ACA). An adverse benefit
determination means a decision by HNL to deny, reduce, terminate or fail to pay for all or part of a
benefit that is based on:

- A denial, reduction or termination of, or a failure to provide or make payment (in whole or in part)
  for, a benefit resulting from the application of any utilization review; or

- Any reduction or termination of an approved ongoing course of treatment to be provided over a
  period of time or number of treatments before the end of such period of time or number of
  treatments. If there is an adverse benefit determination, the Covered Person will be notified
  sufficiently in advance of the reduction or termination to allow time to appeal and obtain a
determination on review of that adverse benefit determination before the benefit is reduced or
terminated.

PPO847LRG(1/20)NG
• Rescission of coverage, even if it does not have an adverse effect on a particular benefit at that time; or
• Determination of an individual's eligibility to participate in this HNL plan; or
• Determination that a benefit is not covered; or
• An exclusion or limitation of an otherwise covered benefit based on a source-of-injury exclusion; or
• Determination that a benefit is Experimental, Investigational, or not Medically Necessary or appropriate.

If You are not satisfied with efforts to solve a problem with HNL or a provider before filing an arbitration proceeding, You must file a grievance or appeal against HNL by calling the Customer Contact Center at the telephone number on Your HNL ID card or by submitting a Member Grievance Form through the HNL website at www.healthnet.com. You must file Your grievance or appeal within 365 calendar days following the date of the incident or action that caused Your grievance. You may also file a complaint in writing by sending information to:

Health Net Life Insurance Company
Appeals and Grievance Department
P.O. Box 10348
Van Nuys, CA 91410-0348

There is no requirement that You participate in HNL’s grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials. In such cases, You may contact the California Department of Insurance (CDI) to request an IMR of the denial.

For a grievance or appeal of HNL’s benefit determination, HNL shall notify the Covered Person of Our decision in writing or electronically within the following time frames:

Urgent Care claims: As soon as possible, taking into account the medical exigencies, but not later than 72 hours from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have not been rendered (pre-service claims): Within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have already been rendered (post-service claims): Within a reasonable period of time, but not later than 60 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

If Our decision is to uphold the adverse benefit determination, the notice of Our decision shall include the specific reason or reasons for the adverse determination and reference to the specific plan provisions on which the determination is based. HNL will provide the following upon request:

• Copies of, all documents, records, and other information relevant to the claim;
• An internal rule, guideline, protocol, or other similar criterion that was relied upon in making the adverse determination;
• If the adverse benefit determination is based on a Medical Necessity or Experimental treatment or similar exclusion or limitation, an explanation of the scientific or clinical judgment used for the determination.

**Independent Medical Review of Grievances Involving a Disputed Health Care Service**

You may request an independent medical review (IMR) of Disputed Health Care Services from the Department of Insurance (Department) if You believe that health care services eligible for coverage and payment under Your HNL plan have been improperly denied, modified or delayed by HNL. A "Disputed Health Care Service" is any health care service eligible for coverage and payment under Your HNL plan that has been denied, modified or delayed by HNL or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available. You will not pay any application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. HNL will provide You with an IMR application form and HNL’s grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause You to forfeit any statutory right to pursue legal action against HNL regarding the Disputed Health Care Service.

**Eligibility**

Your application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

• Your provider has recommended a health care service as Medically Necessary, You have received urgent or Emergency Care that a provider determined to have been Medically Necessary; or in the absence of provider recommendation You have been seen by a Physician for the diagnosis or treatment of the medical condition for which You seek IMR;

• The Disputed Health Care Service has been denied, modified or delayed by HNL, based in whole or in part on a decision that the health care service is not Medically Necessary; and

• You have filed a grievance with HNL and the disputed decision is upheld by HNL or the grievance remains unresolved after 30 days. Within the next six months, You may apply to the Department for IMR or later, if the Department agrees to extend the application deadline. If Your grievance requires expedited review You may bring it immediately to the Department’s attention. The Department may waive the requirement that You must follow HNL’s grievance process in extraordinary and compelling cases.

If Your case is eligible for IMR, the dispute will be submitted to a medical Specialist who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made in Your case from the IMR. If the IMR determines the service is Medically Necessary, HNL will provide benefits for the Disputed Health Care Service in accordance with the terms and conditions of this Certificate. If the case is not eligible for IMR, the Department will advise You of Your alternatives.

PPO847LRG(1/20)NG
For non-urgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents. For urgent cases involving an imminent and serious threat to Your health, including, but not limited to, serious Pain, the potential loss of life, limb, or major bodily function or the immediate and serious deterioration of Your health, the IMR organization must provide its determination within three days.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious Pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person’s health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer’s grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

For more information regarding the IMR process or to request an application form, please contact the Customer Contact Center at the telephone number on Your HNL ID card.

### Independent Medical Review of Investigational or Experimental Therapies

HNL does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if HNL denies or delays coverage for requested treatment on the basis that it is Experimental or Investigational and You meet the eligibility criteria set out below, You may request an independent medical review (IMR) of HNL’s decision from the Department of Insurance.

#### Eligibility

- You must have a life-threatening or seriously debilitating condition;
- Your Physician must certify to HNL that You have a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving Your condition or are otherwise medically inappropriate and there is no more beneficial therapy covered by HNL;
- Your Physician must certify that the proposed Experimental or Investigational therapy is likely to be more beneficial than available standard therapies, or as an alternative, You may submit a request for a therapy that, based on documentation presented from medical and scientific evidence, is likely to be more beneficial than available standard therapies;
- You have been denied coverage by HNL for the recommended or requested therapy; and
- If not for HNL’s determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

For purposes of this provision, "life-threatening" means either or both of the following:

- Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.
- Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

PPO847LRG(1/20)NG
For purposes of this provision, "seriously debilitating" means diseases or conditions that cause major irreversible morbidity.

For purposes of this provision, "medical and scientific evidence" means the following sources:

1. Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

2. Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health’s National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline and MEDLARS database of Health Services Technology Assessment Research (HSTAR).

3. Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.

4. Either of the following reference compendia:
   a. The American Hospital Formulary Service’s Drug Information.
   b. The American Dental Association Accepted Dental Therapeutics.

5. Any of the following reference compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen:
   b. The National Comprehensive Cancer Network Drug and Biologics Compendium.
   c. The Thomson Micromedex DrugDex.

6. Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.

7. Peer-reviewed abstracts accepted for presentation at major medical association meetings.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious Pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person’s health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer's grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

If HNL denies coverage of the recommended or requested therapy and You meet the eligibility requirements, HNL will notify You within five business days of its decision and Your opportunity to request an external review of HNL’s decision through IMR. HNL will provide You with an application form to request an IMR of HNL’s decision. The IMR process is in addition to any other procedures or remedies that may be available. You will not pay any application or processing fees of any kind for IMR. You have the right to provide information in support of Your request for IMR. If Your Physician
determines that the proposed therapy should begin promptly, he or she may request expedited review and the experts on the IMR panel will render a decision within seven days of the request. If the IMR panel recommends that HNL cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which You are entitled. A decision not to participate in the IMR process may cause You to forfeit any statutory right to pursue legal action against HNL regarding the denial of the recommended or requested therapy. For more information, please contact the Customer Contact Center at the telephone number on Your HNL ID card.

Arbitration

As a condition to becoming a HNL Covered Person, YOU AGREE TO SUBMIT ALL DISPUTES RELATING TO OR ARISING OUT OF YOUR HNL MEMBERSHIP TO INDIVIDUAL FINAL AND BINDING ARBITRATION, EXCEPT DISPUTES CONCERNING ADVERSE BENEFIT DETERMINATIONS AS DEFINED IN 45 CFR 147.136, AND YOU AGREE NOT TO PURSUE CLASS ARBITRATION. Likewise, HNL agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both You and HNL are bound to use binding bilateral arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial on such disputes. However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by HNL’s binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Sometimes disputes or disagreements may arise between You (including Your enrolled Dependents, heirs or personal representatives) and HNL regarding the construction, interpretation, performance or breach of this Certificate, or regarding other matters relating to or arising out of Your HNL membership. Typically such disputes are handled and resolved through the HNL Grievance, Appeal and Independent Medical Review process described above and you must attempt to resolve your dispute by utilizing that process before instituting arbitration. In the event that a dispute is not resolved in that process, HNL uses binding bilateral arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as employer groups, health care providers, or their agents or employees, are also involved. However, you are not required to participate in final, binding arbitration to resolve disputes concerning adverse benefit determinations and are entitled to pursue any remedies available under the law. In addition, disputes with HNL involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

HNL’s binding arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is $200,000 or less ($50,000 or less with respect to disputes with HNL involving alleged professional liability or medical malpractice), the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than $200,000 or $50,000, whichever is applicable. In the event that total amount of damages is over $200,000 or $50,000, whichever is applicable, the parties shall, within 30 days of submission of the
demand for arbitration to HNL, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this time frame, then, in accordance with California Insurance Code 10123.19(b), either party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter.

Arbitration can be initiated by submitting a demand for arbitration to HNL at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

Health Net Life Insurance Company  
Attention: Legal Department  
P.O. Box 4504  
Woodland Hills, CA 91365-4504

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this Certificate, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law. The award will be final and binding on all parties except to the extent that state or federal law provide for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Covered Person, HNL may assume all or portion of a Covered Person's share of the fees and expenses of the arbitration. Upon written notice by the Covered Person requesting a hardship application, HNL will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Legal Department at the address provided above.

**Medical Malpractice Disputes**

HNL and the health care providers that provide services to You through this plan are each responsible for their own acts or omissions and are ordinarily not liable for the acts or omissions or costs of defending others.
SPECIFIC PROVISIONS

Recovery of Benefits Paid by HNL When You Are Injured

If You are ever injured through the actions of another person or yourself (responsible party), HNL will provide benefits for all Covered Services and Supplies that You receive through this plan. However, if You receive money or are entitled to receive money because of Your injuries, whether through a settlement, judgment or any other payment associated with Your injuries, HNL or the medical providers for retain the right to recover the value of any services provided to You under this Certificate.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Covered Person due to a Covered Person’s injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how You could be injured through the actions of a responsible party are:

- You were in a car accident; or
- You slip and fall in a store.

HNL’s rights of recovery apply to any and all recoveries made by You or on Your behalf from the following sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection, no fault or any other first party coverage;
- Workers Compensation or Disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners’ insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party’s actions.

By accepting benefits under this Plan, You acknowledge that HNL has a right of reimbursement that attaches when HNL has paid for health care benefits for expenses incurred due to the actions of a responsible party and You or Your representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, HNL’s legal right to reimbursement creates a health care lien on any recovery. By accepting benefits under this Plan, You also grant HNL an assignment of Your right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all covered services provided by HNL and You specifically direct such medical payments carriers to directly reimburse HNL on Your behalf.
Steps the Covered Person Must Take

If You are injured because of a responsible party, You must cooperate with HNL’s and the medical providers’ efforts to obtain reimbursement, including:

- Telling HNL and the medical providers the name and address of the responsible party, if You know it, the name and address of his or her lawyer, if he or she is using a lawyer, the name and address of any insurance company involved with Your injuries and describing how the injuries were caused;
- Completing any paperwork that HNL or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;
- Notifying the lienholders immediately upon You or Your lawyer receiving any money from the responsible parties, any insurance companies, or any other source;
- Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due HNL for the full cost of benefits paid under HNL that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether you are made whole or fully compensated for your loss;
- Do nothing to prejudice HNL’s rights as set forth above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery the full cost of all benefits paid by HNL; and
- Hold any money that You or Your lawyer receive from the responsible parties or, from any other source, in trust and reimbursing HNL and the medical providers for the amount of the lien as soon as You are paid.

How the Amount of the Covered Person’s Reimbursement is Determined

The following section is not applicable to Workers’ Compensation liens and may not apply to certain ERISA plans, Hospital liens, Medicare plans and certain other programs and may be modified by written agreement.*

- The Covered Person’s reimbursement to HNL or the medical provider under this lien is based on the value of the services received and the costs of perfecting this lien. For purposes of determining the lien amount, the value of the services depends on how the provider was paid, as summarized below, and will be calculated in accordance with California Civil code Section 3040, or as otherwise permitted by law. The amount of the reimbursement owed to HNL or the medical provider will be reduced by the percentage that the recovery is reduced if a judge, jury or arbitrator determines that the Covered Person was responsible for some portion of his or her injuries;
- The amount of the reimbursement owed HNL or the medical provider will also be reduced by a pro rata share for any legal fees or costs paid from money the Covered Person received
- The amount the Covered Person will be required to reimburse HNL or the medical provider for services received under this plan will not exceed one-third of the money the Covered Person received if he or she engages a lawyer or one-half of the money received if a lawyer is not engaged.
For health care services not provided on a capitated basis, the amount actually paid by the licensee, medical group, or independent practice association pursuant to that contract or policy to any treating medical provider.

For health care services provided on a capitated basis, the amount equal to 80 percent of the usual and customary charge for the same services by medical providers that provide health care services on a noncapitated basis in the geographic region in which the services were rendered.

*Reimbursement related to Workers’ Compensation benefits, ERISA plans, Hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Certificate and applicable law.

### Surrogacy Arrangements

A Surrogacy Arrangement is an arrangement in which a woman agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

### Your Responsibility for Payment to HNL

If You enter into a surrogacy arrangement, You must pay Us for Covered Services and Supplies You receive related to conception, pregnancy, or delivery in connection with that arrangement (“Surrogacy Health Services”), except that the amount You must pay will not exceed the payments You and/or any of Your family members are entitled to receive under the surrogacy arrangement. You also agree to pay Us for the Covered Services and Supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, except that if You provide proof of valid insurance coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to HNL in advance of delivery, You will not be responsible for the payment of the child’s medical expenses.

### Assignment of Your Surrogacy Payments

By accepting Surrogacy Health Services, You automatically assign to Us Your right to receive payments that are payable to You or Your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure Our rights, we will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy Our lien. The assignment and Our lien will not exceed the total amount of Your obligation to Us under the preceding paragraph.

### Duty to Cooperate

Within 30 days after entering into a surrogacy arrangement, You must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

- Surrogacy Third Party Liability –Product Support
- The Rawlings Company
- One Eden Parkway
- LaGrange, KY 40031-8100
You must complete and send Us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for Us to determine the existence of any rights we may have under this "Surrogacy Arrangements" provision and/or to determine the existence of (or accounting for funds contained in) any escrow account or trust established pursuant to Your surrogacy arrangement and to satisfy HNL’s rights.

You must do nothing to prejudice the health plan’s recovery rights.

You must also provide Us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce Our rights under this provision without Our prior, written consent. If Your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, Your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to Our liens and other rights to the same extent as if You had asserted the claim against the third party. We may assign Our rights to enforce Our liens and other rights.

**Out-of-State Providers**

Health Net PPO allows Covered Persons access to participating providers outside their state of residence. These providers participate in a network, other than the HNL PPO network, that agrees to provide discounted health care services to HNL Covered Persons. This program is through the out-of-state provider network shown on Your HNL ID card and is limited to Covered Persons traveling outside their state of residence.

If You are traveling outside Your state of residence, require medical care or treatment, and use a provider from the out-of-state provider network, Your out-of-pocket expenses may be lower than those incurred when You use an Out-of-Network Provider.

When You obtain services outside Your state of residence through the out-of-state provider network, You will be subject to the same Copayments, Coinsurances, Deductibles, maximums and limitations as You would be if You obtained services from a Preferred Provider in Your state of residence. There is the following exception: Covered Expenses will be calculated based on the lower of (i) the actual billed charges or (ii) the charge that the out-of-state provider network is allowed to charge, based on the contract between HNL and the network. In a small number of states, local statutes may dictate a different basis for calculating Your Covered Expenses.
Second Medical Opinion

The second opinion consultation is a consultation by an appropriately qualified healthcare professional, and may include recommendations for additional x-ray, laboratory services or treatment. You may seek a second opinion consultation from a provider without first receiving authorization from HNL. However, services recommended by the second opinion consultation may be subject to Certification. Please refer to the “Certification Requirements” section to determine which services are subject to Certification. When a Covered Person receives a second opinion, he or she will be responsible for any applicable Deductible, Copayments or Coinsurance. Reasons for a second opinion include, but are not limited to, the following:

- If the Covered Person questions the reasonableness or necessity of recommended surgical procedures.
- If the Covered Person questions a diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to, a serious Chronic condition.
- If clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition and the Covered Person requests an additional diagnosis.
- If the treatment plan in progress is not improving the medical condition of the Covered Person within an appropriate period of time given the diagnosis and plan of care, and Covered Person requests a second opinion regarding the diagnosis or continuance of the treatment.
- If the Covered Person has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.

As used above, an appropriately qualified health care professional is a Physician or a Specialist who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, injury, condition or conditions associated with the request for a second opinion.

Proofs of Loss

Written proof of loss of time must be furnished to Us at P.O. Box 9040, Farmington, MO 63640-9040, in case of claim for loss for which this Certificate provides any periodic payment contingent upon continuing loss, within 90 days after the termination of the period for which HNL is liable; in the case of claim for any other loss, written proof of loss must be furnished within 90 days after the date of the loss. Failure to furnish such proof within the time required will not invalidate or reduce any claim if proof is furnished as soon as reasonably possible. Except in the absence of legal capacity, however, We are not required to accept proofs more than one year from the time proof is otherwise required.

Expenses for Copying Medical Records

We will reimburse the Covered Person or provider for reasonable expenses incurred in copying medical records requested by Us.

Time of Payment of Claims

We will pay benefits promptly upon receipt of due written proof of loss. HNL will reimburse each complete claim, or portion thereof, whether in-state or out-of-state, as soon as practical, but no later than 30 working days after receipt of the complete claim by HNL. Within 30 working days after receipt of the complete claim by HNL, HNL may contest or deny a claim, or portion thereof, by notifying the claimant, in writing, that the claim is contested or denied. The notice will identify the contested or denied portion(s) of the claim, and the specific reasons for such contention or denial, as supported by the factual and legal bases known to HNL at that time.

In the event HNL requires additional time to affirm or deny the claim, HNL shall notify the claimant in writing. This written notice shall specify any additional information HNL requires in order to make a determination and shall state any continuing reasons for HNL’s inability to make a determination. This notice shall be given within thirty calendar days of the notice that the claim is being contested and every thirty calendar days thereafter until a determination is made or legal action is served. If the determination cannot be made until some future event occurs, HNL shall comply with this continuing notice requirement by advising the claimant of the situation and providing an estimate as to when the determination can be made.

Indemnities payable under this Certificate for any loss other than loss for which this Certificate provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Certificate provides periodic payment will be paid and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.
Payment of Life Claim

Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the Covered Person. Any other accrued indemnities unpaid at the Covered Person’s death may, at the option of HNL, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the Covered Person.

If any indemnity of this Certificate shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, HNL may pay such indemnity, up to an amount not exceeding $1,000 to any relative by blood or connection by marriage or domestic partnership of the insured or beneficiary who is deemed by HNL to be equitably entitled thereto. Any payment made by HNL in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment.

Subject to any written direction of the Covered Person in the application or otherwise all or a portion of any indemnities provided by this Certificate on account of Hospital, nursing, medical, or surgical services may, at the HNL’s option and unless the Covered Person requests otherwise in writing not later than the time of filing proofs of that loss, be paid directly to the person or persons having paid for the hospitalization or medical or surgical aid, or to the Hospital or person rendering those services; but it is not required that the service be rendered by a particular Hospital or person.

Cash Benefits

In most instances, You will not need to file a claim when You receive Covered Services and Supplies from a Preferred Provider. If you use an Out-of-Network Provider and file a claim, HNL will reimburse You for the amount You paid for Covered Expenses, less any applicable Deductible, Copayment or Coinsurance.

If a parent who has custody of a child submits a claim for cash benefits on behalf of the child who is subject to a Medical Child Support Order, HNL will send the payment to the custodial parent.

Claims Denial

1. DENIAL: If the Covered Person submits a fully completed claim to HNL, and it is partially or totally denied, he or she will be notified in writing of the denial within 30 working days from the date the claim was submitted. The Covered Person will be given the specific reasons and sections of the Certificate on which the denial is based. If the claim might be paid with more information, the Covered Person will be told what additional information is necessary and why.

2. APPEAL: The Covered Person or his or her authorized representative has the right to appeal the denial or partial denial of any claim made under the Certificate by requesting a review of the claim. The request must be made in writing to HNL within 365 days of the date that appears on the claims denial.

If the request is not made within the 365 day period, the Covered Person waives the right to a review.
This request must include the Covered Person’s name, address, date of denial and the reasons upon which the request for review is based. Any facts that support these reasons and any issues or comment the Covered Person or the representative deems relevant should be included. In addition, the Covered Person or the representative may examine pertinent documents that relate to the denial of the claim.

3. REVIEW AND DECISION: Upon receipt of the request for review, HNL will make full and fair review of the claim and its denial.

HNL has a period of 60 days (after the receipt of the request for review of an adverse benefit determination) in which to make a decision and notify the Covered Person.

The decision on the request for review will be in writing and will include the specific reasons supporting it and specific references to the pertinent Certificate provisions on which the decision is based. If HNL upholds the denial, the Covered Person may request an independent medical review or initiate binding arbitration. There is no requirement that a Covered Person participate in HNL’s grievance or appeals process before requesting independent medical review for denials. See "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and “Arbitration” under "Coverage Decisions and Disputes Resolution" for the procedure to request an Independent Medical Review or arbitration of a Plan denial of coverage.

Payment to Providers or Covered Persons:

- **Direct Payment.** Benefit payment for Covered Expenses will be made directly to:
  1. **Contracting Hospitals:** Hospitals which have Provider Service Agreements with HNL to provide services to Covered Persons.
  2. **Providers of Ambulance transportation, nurse practitioners, midwives for perinatal care and certified nurse midwives:** As required by the California Insurance Code, this must occur. However, if the submitted provider's statement or bill indicates that the charges have been paid in full, payment will be made to You.
  3. **Other providers of service not mentioned above, Hospital and professional:** When required by law or at HNL’s election if you agree, in writing.

- **Joint Payment.** Benefit payment for Covered Expenses may be made jointly to other providers and You, at HNL's election, when a written agreement stipulates joint payment.

If an overpayment is discovered, we will notify You within 6 months of the date of the error. In the case of an error prompted by representations or nondisclosure of claimants or third parties, We will notify You within fifteen (15) calendar days after the date of discovery of such error. The notice will include the cause of the error and the amount of the overpayment. You will have 30 days to dispute the overpayment, and if We are notified within the time allotted of Your disagreement that an overpayment occurred, the overpayment will not be deducted from future benefits.
Payment When You Are Unable to Accept
If a claim is unpaid at the time of Your death or if You are not legally capable of accepting it, it will be paid to Your estate or any relative or person who may legally accept on Your behalf.

Physical Examination and Autopsy
HNL, at its expense, has the right and opportunity to examine or request an examination of any Covered Person whose injury or sickness is the basis of a claim as often as is reasonably required while the claim is pended and to make an autopsy in case of death where it is not forbidden by law.

Change of Beneficiary
Unless the Covered Person makes an irrevocable designation or beneficiary, the right to change of beneficiary is reserved to the Covered Person and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this Certificate or to any change of beneficiary or beneficiaries, or to any other changes in this Certificate.

Dependent Coverage Outside California
Dependents living outside California and away from the primary residence of the principal Covered Person can still obtain Preferred Provider coverage within the United States, as described in the "Out-of-State Providers" provision in the "Specific Provisions" section. Outside the United States, coverage is limited to Emergency Care and Urgent Care, as described below under "Foreign Travel or Work Assignment" in this "Miscellaneous Provisions" section.

Foreign Travel or Work Assignment
Benefits will be provided for Emergency Care and Urgent Care received in a foreign country. Determination of Covered Expenses will be based on the amount that is no greater than the Maximum Allowable Amount in the USA for the same or a comparable service. The Maximum Allowable Amount is defined in the "Definitions" section.

Workers' Compensation Insurance
This Certificate is not in lieu of and does not affect any requirement for, or coverage by, Workers' Compensation Insurance.

Diethylstilbestrol
Coverage under this Certificate will not be reduced, limited or excluded solely due to conditions attributable to diethylstilbestrol or exposure to diethylstilbestrol.
Notice

Any notice required of HNL, other than a notice required by law, shall be sufficient if mailed to the holder of the Group Policy at the address appearing on the records of HNL. This Certificate, however, will be posted electronically on HNL’s website at www.healthnet.com. The Group can opt for the Covered Person to receive this Certificate online. By registering and logging on to HNL’s website, Covered Persons can access, download and print this Certificate, or can choose to receive it by U.S. mail, in which case HNL will mail this Certificate to each Covered Person’s address on record.

If notice is required of You or the Group, it will be sufficient if mailed to the HNL office at the address listed on the back cover of this Certificate.

Interpretation of Certificate

The laws of the State of California shall be applied to interpretations of this Certificate.

Legal Actions

No action at law or in equity may be brought to recover benefits prior to the expiration of 60 days after written Proof of Loss has been furnished. No such action may be brought after a period of 3 years (or the period required by law, if longer) after the time limits stated in the Proofs of Loss section.

Misstatement of Age

If the age of any Covered Person covered under this Certificate has been misstated, there shall be an adjustment of the premium for this Certificate so that there shall be paid to the insurer the premium for the coverage of such Covered Person at his correct age, and the amount of the insurance coverage shall not be affected.

Clerical Error

No clerical error on the part of the Group applying for coverage shall affect the insurance, or amount thereof, of any Covered Person, provided proper premium adjustment is made upon discovery of such error.

Non-Regulation of Providers

This Health Net PPO plan does not regulate the amounts charged by providers of medical care, except to the extent that the rates for the Covered Services and Supplies are negotiated with Preferred Providers.

Free Choice of Provider

As a Covered Person in this Health Net PPO plan, You are not required to select a primary care provider. This Health Net PPO plan does not interfere with Your right to select any properly licensed Hospital, Physician (including Specialists and behavioral health care providers), laboratory or other health care professional or facility that provides services or supplies covered by this plan. However, PPO847LRG(1/20)NG
Your choice of provider may affect the amount of benefits payable. To identify a Preferred Provider, visit the HNL website at [www.healthnet.com](http://www.healthnet.com) or contact the Customer Contact Center at the telephone number on Your HNL ID card to obtain a copy of the Preferred Provider Directory.

**Timely Access to Care:**

The California Department of Insurance (CDI) has issued regulations (California Code of Regulations Title 10 sections 2240.15 and 2240.16) with requirements for timely access to non-emergency health care services through Preferred Providers. HNL is required to provide or arrange for the provision of covered health care services in a timely manner appropriate for the nature of the Covered Person's condition consistent with good professional practice. Please contact HNL at the number shown on Your HNL ID card, 7 days per week, 24 hours per day to access triage or screening services.

When You need to see a Preferred Provider, call his or her office for an appointment. Please call ahead as soon as possible. When You make an appointment, identify yourself as an HNL Member, and tell the receptionist when You would like to see Your doctor. The receptionist will make every effort to schedule an appointment at a time convenient for You. If You need to cancel an appointment, notify Your Physician as soon as possible.

Language assistance is available at all medical points of contact where a covered benefit or service is accessed including, but not limited to, at the time of Your appointment. HNL’s Customer Contact Center has bilingual staff and interpreter services for additional languages to handle Your language needs. Call the Customer Contact Center number on Your HNL ID card for this free interpretive service. The use of the interpretive services will not cause a delay of Your scheduled appointment. Please see the "Customer Contact Center Interpreter Services" section for more details regarding the availability of interpreter services.

Please see the list of maximum waiting times as listed below. (A business day is every official working day of the week. Typically, a business day is Monday through Friday, and does not include weekends or holidays.) Wait times depend on Your condition and the type of care You need. At the request of the Covered Person, HNL shall arrange for continuing care, at the in-network benefit level, from a provider who has been terminated from the PPO network by HNL while the Covered Person is undergoing a course of treatment with that terminated provider for any of the conditions described below. The provider must agree to accept the same contract terms that were in place prior to the time of contract termination. If the provider does not accept such terms, HNL is not obligated to provide continuing care coverage at the in-network benefit level.

#### Conditions Eligible for Continuity of Care:

1. An acute condition (a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration);

2. A serious chronic condition (completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, not to exceed 12 months from the contract termination date.);

3. A pregnancy;

4. A terminal illness (Completion of covered services shall be provided for the duration of a terminal illness, which may exceed 12 months from the contract termination date);

### Providing of Care

HNL is not responsible for providing any type of Hospital, medical or similar care. HNL is also not responsible for the quality of any type of Hospital, medical or similar care.

### Relationship of Parties

The relationship, if any, between HNL and any health care providers is that of an independent contractor relationship. Physicians, Hospitals, Skilled Nursing Facilities and other health care providers and
community agencies are not agents or employees of HNL. HNL shall not be liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by You while receiving care from any health care provider. Neither the Group nor any Covered Person is the agent or representative of HNL. Neither shall be liable for any acts or omissions of HNL, its agents or employees.

HNL retains the right to designate or replace an administrator to perform certain functions for providing the Covered Services and Supplies of this Certificate. If HNL does designate or replace any administrator, HNL will inform You of all new procedures. Any administrator designated by HNL is an independent contractor and not an employee or agent of HNL.

**Technology Assessment**

New technologies are those procedures, drugs or devices that have recently been developed for the treatment of specific diseases or conditions or are new applications of existing procedures, drugs or devices. New technologies are considered Investigational or Experimental during various stages of clinical study as safety and effectiveness are evaluated and the technology achieves acceptance into the medical standard of care. The technologies may continue to be considered Investigational or Experimental if clinical study has not shown safety or effectiveness or if they are not considered standard care by the appropriate medical specialty. Approved technologies are integrated into HNL benefits.

HNL determines whether new technologies should be considered medically appropriate, or Investigational or Experimental, following extensive review of medical research by appropriately specialized Physicians. HNL requests review of new technologies by an independent, expert medical reviewer in order to determine medical appropriateness or Investigational or Experimental status of a technology or procedure.

The expert medical reviewer also advises HNL when patients require quick determinations of coverage, when there is no guiding principle for certain technologies or when the complexity of a patient’s medical condition requires expert evaluation. If HNL denies, modifies or delays coverage for Your requested treatment on the basis that it is Experimental or Investigational, You may request an independent medical review (IMR) of HNL’s decision from the Department of Insurance. Please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" in the "Coverage Decisions and Disputes Resolution" section for additional details.

**Confidentiality of Medical Records**

A STATEMENT DESCRIBING HNL’S POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST.

**Health Care Plan Fraud**

Health care plan fraud is a felony that can be prosecuted. Any person who knowingly presents false or fraudulent claim for the payment of a loss is guilty of a crime and may be subject to fines and confinement in state prison.

PPO847LRG(1/20)NG

**Intermittent Skilled Nursing Services** are services requiring the skilled services of a registered nurse or LVN, which do not exceed 4 hours in every 24 hours provided either continuously or intermittently, in a 24-hour period. Covered Person’s condition requires the services of a nurse, physical therapist, occupational therapist, or speech therapist.

**Investigational (or Experimental)** means a drug, biological product, device, equipment, medical treatment, therapy, or procedure (“Service”) that is not presently recognized as standard medical care for a medically diagnosed condition, illness, disease, or injury, but which Service is being actively investigated for use in the treatment of the diagnosed condition, illness, disease, or injury.

A service is Investigational or Experimental if it meets any of the following criteria:

- It is currently the subject of active and credible evaluation (e.g., clinical trials or research) to determine:
  - clinical efficacy,
  - therapeutic value or beneficial effects on health outcomes, or
  - benefits beyond any established medical based alternative.

- It is the subject of an active and credible evaluation and does not have final clearance from applicable governmental regulatory bodies (such as the US Food and Drug Administration "FDA") and unrestricted market approval for use in the treatment of a specified medical condition or the condition for which authorization of the service is requested.

- The most recent peer-reviewed scientific studies published or accepted for publication by nationally recognized medical journals do not conclude, or are inconclusive in finding, that the service is safe and effective for the treatment of the condition for which authorization of the service is requested.

**Maintenance Drugs** are Prescription Drugs (excluding specialty drugs) taken continuously to manage chronic or long term conditions where Covered Persons respond positively to a drug treatment plan with a specific medication at a constant dosage requirement.

**Maximum Allowable Amount (MAA)** is the amount on which HNL bases its reimbursement for Covered Services and Supplies provided by an Out-of-Network Provider, which may be less than the amount billed for those services and supplies. HNL calculates Maximum Allowable Amount as the lesser of the amount billed by the Out-of-Network Provider or the amount determined as set forth below. Maximum Allowable Amount is not the amount that HNL pays for a Covered Service; the actual payment will be reduced by applicable Coinsurance, Copayments, Deductibles and other applicable amounts set forth in this *Certificate*.

- **Maximum Allowable Amount for Covered Services and Supplies, excluding Emergency Care and outpatient pharmaceuticals**, received from an Out-of-Network Provider is a percentage of what Medicare would pay, known as the Medicare Allowable Amount, as defined in this *Certificate*.

For illustration purposes only, **Out-of-Network Provider: 70% HNL Payment / 30% Covered Person Coinsurance:**

Out-of-Network Provider’s billed charge for extended office visit ............................................ $128.00

MAA allowable for extended office visit (example only; does not mean that MAA always equals this amount) ................................................................. $102.40

**Your Coinsurance is 30% of MAA:** 30% x $102.40 (assumes Deductible has already been satisfied) ................................................................. $30.72

You also are responsible for the difference between the billed charge ($128.00) and the MAA amount ($102.40) ................................................................. $25.60
Total amount of $128.00 charge that is your responsibility ....................................................$56.32

The Maximum Allowable Amount for facility services, including but not limited to Hospital, Skilled Nursing Facility, and Outpatient Surgery, is determined by applying 150% of the Medicare Allowable Amount.

Maximum Allowable Amount for Physician and all other types of services and supplies is the lesser of the billed charge or 100% of the Medicare Allowable Amount.

In the event there is no Medicare Allowable Amount for a billed service or supply code:

a. Maximum Allowable Amount for professional and ancillary services shall be 100% of FAIR Health’s Medicare gapfilling methodology. Services or supplies not priced by gapfilling methodology shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) the 50th percentile of FAIR Health database of professional and ancillary services not included in FAIR Health Medicare gapfilling methodology (3) 100% of the Medicare Allowable Amount for the same Covered Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider’s billed charges for Covered Services. A similar type of database or valuation service will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination.

b. Maximum Allowable Amount for facility services shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) 100% of the derived amount using a method developed by Data iSight for facility services (a data service that applies a profit margin factor to the estimated costs of the services rendered), or a similar type of database or valuation service, which will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination; (3) 150% of the Medicare Allowable Amount for the same Covered Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider’s billed charges for Covered Services.

- **The Maximum Allowable Amount for Out-of-Network Emergency Care** will be the greatest of: (1) the median of the amounts negotiated with Preferred Providers for the emergency service provided, excluding any in-network Copayment or Coinsurance; (2) the amount calculated using the same method HNL generally uses to determine payments for Out-of-Network providers, excluding any in-network Copayment or Coinsurance; or (3) the amount paid under Medicare Part A or B, excluding any in-network Copayment or Coinsurance.

- **Maximum Allowable Amount for non-emergent services at an in-network health facility, at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider**, the non-emergent services provided by an Out-of-Network Provider will be payable at the greater of the average Contracted Rate or 125% of the amount Medicare reimburses on a fee-for-service basis for the same or similar services in the general geographic region in which the services were rendered unless otherwise agreed to by the noncontracting individual health professional and HNL.

- **Maximum Allowable Amount for covered outpatient pharmaceuticals** (including but not limited to injectable medications) dispensed and administered to the patient, in an outpatient setting, including, but not limited to, Physician office, outpatient Hospital facilities, and services in the patient’s home, will be the lesser of billed charges or the Average Wholesale Price for the drug or medication.
The Maximum Allowable Amount may also be subject to other limitations on Covered Expenses. See "Schedule of Benefits," "Plan Benefits" and "General Limitations and Exclusions" sections for specific benefit limitations, maximums, pre-certification requirements and payment policies that limit the amount HNL pays for certain Covered Services and Supplies. HNL uses available guidelines of Medicare and its contractors, other governmental regulatory bodies and nationally recognized medical societies and organizations to assist in its determination as to which services and procedures are eligible for reimbursement.

In addition to the above, from time to time, HNL also contracts with vendors that have contracted fee arrangements with providers ("Third Party Networks"). In the event HNL contracts with a Third Party Network that has a contract with the Out-of-Network Provider, HNL may, at its option, use the rate agreed to by the Third Party Network as the Maximum Allowable Amount. Alternatively, We may, at Our option, refer a claim for Out-of-Network Services to a fee negotiation service to negotiate the Maximum Allowable Amount for the service or supply provided directly with the Out-of-Network Provider. In either of these two circumstances, You will not be responsible for the difference between billed charges and the Maximum Allowable Amount. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the Out-of-Network level.

Note: When the Centers for Medicare and Medicaid Services (CMS) adjusts the Medicare Allowable Amount, HNL will adjust, without notice, the Maximum Allowable Amount based on the CMS schedule currently in effect. Claims payment will be determined according to the schedule in effect at the time the charges are incurred. Claims payment will also never exceed the amount the Out-of-Network Provider charges for the service or supply. You should contact the Customer Contact Center if You wish to confirm the Covered Expenses for any treatment or procedure You are considering.

For more information on the determination of Maximum Allowable Amount, or for information, services and tools to help You further understand Your potential financial responsibilities for Covered Out-of-Network Services and Supplies please log on to www.healthnet.com or contact HNL Customer Service at the number on Your Health Net PPO identification card.

Medically Necessary (or Medical Necessity) means health care services and outpatient Prescription Drug benefits that a Physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:

- In accordance with generally accepted standards of medical practice;
• Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease; and

• Not primarily for the convenience of the patient, Physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician Specialty Society recommendations, the views of Physicians practicing in relevant clinical areas and any other relevant factors.

**Medicare** is the name commonly used to describe Health Insurance Benefits for the Aged and Disabled provided under Public Law 89-97 as amended to date or as later amended.

**Medicare Allowable Amount:** HNL uses available guidelines of Medicare to assist in its determination as to which services and procedures are eligible for reimbursement. HNL will, to the extent applicable, apply Medicare claim processing rules to claims submitted. HNL will use these rules to evaluate the claim information and determine accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying Medicare rules may affect the Maximum Allowable Amount if it is determined the procedure and/or diagnosis codes used were inconsistent with Medicare procedure coding rules or reimbursement policies.

Medicare pays 100% of the Medicare Allowable Amount. The Medicare Allowable Amount is subject to automatic adjustment by the Centers for Medicare and Medicaid Services (CMS), an agency of the federal government which regulates Medicare.
