2.3 OTHER RULES OF ELIGIBILITY

No person is eligible to enroll or re-enroll if such person’s Coverage under this Agreement, or under any other large group agreement with Plan has been terminated for:
(A) Nonpayment by such person; or
(B) Fraud or other intentional misrepresentation of material fact by such person.

No person who is otherwise eligible will be refused enrollment because of his or her health status; medical condition or type of illness, including both physical and mental illness; claims experience; medical history; genetic information; disability; treatment or requirements for health services; blindness; existence of a preexisting physical or mental disorder at the time of his or her enrollment; previous accident; or evidence of insurability including conditions arising out of acts of domestic violence.

2.4 GROUP’S ELIGIBILITY RULES; OBLIGATIONS

Group’s eligibility requirements for Coverage in effect on the Effective Date of Coverage are material to the execution of this Agreement by Plan. No change in Group’s eligibility or participation requirements shall affect the requirements for eligibility or enrollment under this Agreement unless such changes are agreed to in writing by Plan.

Group agrees to accept the responsibility for furnishing current electronic eligibility information and Plan may rely upon the latest information received as correct without further verification as defined in the Section 2.5, Retroactive Eligibility Adjustment. Plan reserves the right to verify eligibility data maintained by Group and to review all employee records maintained by Group as they relate to establishment and maintenance of eligibility for Plan membership.

2.5 RETROACTIVE ELIGIBILITY ADJUSTMENT

Group agrees to accept the responsibility for furnishing current eligibility information (electronic or hardcopy). Plan may rely upon the latest information received as correct without further verification. Unless otherwise agreed to in writing by Plan and Group:

(i) Plan will not refund to Group any Premiums paid for an ineligible person if the request for such refund is made later than six months after the receipt of payment by Plan for said ineligible person, e.g. Group will not retroactively terminate an ineligible person and take back premiums for more than six months; and

(ii) Group will not retroactively add an eligible person for such request when an add is made later than six months. Group is responsible to retroactively pay for all premiums from the effective date of the retroactive add.

2.6 MEDICARE ELIGIBLE MEMBERS

If Group employs twenty or more employees for each working day in each of 20 or more weeks in the current Calendar Year or the preceding Calendar Year, and thus is obligated to comply with the Tax Equity and Fiscal Responsibility Act (TEFRA) laws and regulations, as amended, then Subscribers who are:

(i) employees actively at work (including reemployed retirees or annuitants) and who are age 65 or older, and/or

(ii) employees actively at work who have a covered Eligible Dependent age 65 or older who elects Coverage under this Agreement, will be subject to the same benefits, prepayment fees, and other conditions as other Members, and
Plan will provide primary Coverage with respect to such active employees and/or covered Eligible Dependent. Members who are or who become Medicare eligible shall enroll in Medicare (Part A) as a condition of continued eligibility for Plan Benefits.

Except as otherwise provided in the next paragraph, if Group normally employs at least 100 employees on a typical business day during the previous Calendar Year, then Members under age 65 who are entitled to Medicare based on disability shall be subject to the same benefits, prepayment fees, and other conditions as other Plan Members, and Plan will provide primary Coverage with respect to such disabled Members. Members who are or who become Medicare eligible shall enroll in Medicare (Part A) as a condition of continued eligibility for Plan Benefits.

Irrespective of the number of employees of Group, Members who are under age 65 and who are entitled to Medicare solely on the basis of End Stage Renal Disease shall, for a period of 18 months from inception of Medicare eligibility, or such other period as may be required by law, be subject to the same benefits, prepayment fees and other conditions as other Plan Members, and Plan will provide primary Coverage to such Members for such time period. Notwithstanding any other limitation contained herein, Members who have End Stage Renal Disease (whether or not entitled to Medicare) will also be subject to the same benefits and the same prepayment fees as other Plan Members who do not have End Stage Renal Disease, provided that following the 18-month period or such other period as may be required by law, Plan will provide secondary Coverage with respect to such Members who are Medicare eligible.

Except as otherwise provided above, Members who are or who become Medicare eligible shall enroll in Medicare (Parts A and B) as a condition of continued eligibility for Plan benefits. Plan will provide with respect to such Members only secondary Coverage with Medicare deemed to be primary. Group is required to submit Medicare documentation when retiree becomes eligible and when retiree’s date of birth is 65 and older.

2.7 REPLACEMENT COVERAGE

Whereas this Agreement provides replacement Coverage within 60 days after the discontinuance of a prior group HMO contract or insurance policy, then all persons who were validly covered under the previous contract or policy at the date of discontinuance and who otherwise meet the eligibility requirements of this Agreement are eligible to enroll, subject to the limitations of this paragraph and the paragraphs below.

Members who are initially eligible and enrolled under the paragraph above, qualify for full benefits under this Agreement upon meeting all eligibility requirements and complying with the enrollment requirements set forth below in the paragraphs entitled Enrollment. Full Coverage will commence as described in paragraphs entitled Commencement of Coverage as if the Member became newly eligible and enrolled after the Effective Date of Coverage.

2.8 LATE MEMBERS

A Late Member is not eligible to enroll for membership in Plan until the Group’s next Open Enrollment Period following the date of any request for membership subsequent to the Initial Eligibility Period.

A Member is not a Late Member if any of the following conditions apply:

(A) The individual meets all of the following requirements:
(1) The individual was covered under another employer health benefit plan Covered California coverage, or Medi-Cal coverage at the time the individual was eligible to enroll;

(2) The individual certified in writing at the time of the initial enrollment that coverage under another employer health benefit plan, Covered California coverage, or Medi-Cal coverage was the reason for declining enrollment, provided that the individual was given the opportunity to make such certification and was notified that failure to do so could result in later treatment as a Late Member;

(3) The individual has lost or will lose coverage under another employer health benefit plan as a result of termination of employment, change in employment status, termination of the other plan’s coverage, cessation of an employer’s contribution toward coverage, divorce or death of a person through whom the individual was covered as a dependent; and

(4) The individual requests enrollment within 31 days after termination of coverage or cessation of employer contribution toward coverage provided under another employer’s health benefit plan;

(B) The individual is employed by an employer that offers multiple health benefit plans and the individual elects a different plan during the period of initial eligibility (see Section 1 definition “Initial Eligibility Period”) and the individual’s other employer health plan’s coverage terminates. The individual must request enrollment within 31 days after termination;

(C) A court has ordered Coverage for a spouse or minor Child and request for enrollment is made within 31 days after issuance of the court order;

(D) The individual is an Eligible Dependent who previously lost Coverage under this Agreement and elects to re-enroll, the individual must request enrollment during open enrollment or as defined by Group;

(E) The individual is an Eligible Employee who previously declined coverage under an employer health benefit plan and who has subsequently acquired a dependent who would be eligible for coverage as a dependent of the employee through marriage, birth, adoption, or placement for adoption, and who enrolls for coverage under that employer health benefit plan on his or her behalf, and on behalf of his or her dependent within 31 days following the date of marriage, birth, adoption, or placement for adoption. The effective date of coverage shall be the first day of the month following the date the completed request for enrollment is received or the date of marriage, the date of birth, or the date of adoption, or placement for adoption, whichever applies; or

(F) The individual is an Eligible Employee who has declined coverage for himself or herself or his or her dependents during a previous enrollment period because his or her dependents were covered by another employer health benefit plan at the time of the previous enrollment period and enrollment is requested within 31 days of the loss of such coverage.
2.9 ENROLLMENT

Each person eligible to become a Subscriber, who submits to Plan a complete membership application for himself/herself and his/her Eligible Dependents on forms provided or approved (prior to use by Group) by Plan no later than 31 days after he/she first becomes eligible (see Section 1 definition “Initial Eligibility Period”), and who has fulfilled the requirements of this section, shall have fulfilled the conditions of enrollment.

If an application for membership as a Subscriber is not received by Plan within 31 days after a person first becomes eligible to become a Subscriber, Plan will refuse such membership until the Group’s next Open Enrollment Period.

If an application for membership for an Eligible Dependent is not received by Plan within 31 days of the day on which that Eligible Dependent first becomes eligible for membership, Plan will refuse such membership until Group’s next Open Enrollment Period.

Applicants for membership must complete and submit to Plan such applications or other forms or statements as Plan may reasonably request. Subscribers represent that all information with respect to Subscriber and his/her Eligible Dependents contained in such applications, questionnaires, forms or statements submitted to Plan incident to enrollment under this Agreement or the administration hereof shall be true, correct and complete and all rights to benefits hereunder are subject to the condition that all information shall be true, correct and complete.

At the time of enrollment, all Members must designate a Primary Care Physician, who will be responsible for the coordination of Member’s health care. Subscribers may select a different Primary Care Physician for each Eligible Dependent. If an enrollment form is received without selection of a Primary Care Physician, Plan will assign a Primary Care Physician, but the Member may request a change to another Primary Care Physician. If a Member wishes to change Primary Care Physicians, the Member must first contact Plan and follow the instructions which are provided.

2.10 COMMENCEMENT OF COVERAGE

After fulfilling all conditions of enrollment as stated above, and provided that the Premiums have been paid and all other conditions of this Agreement, have been met, Coverage will commence as follows:

A. For a Subscriber and his/her Eligible Dependents who are enrolled on the original Effective Date of Coverage, Coverage will commence as of the Effective Date of Coverage;

B. For a Subscriber who is enrolled after the Effective Date of Coverage and for his/her Eligible Dependents, Coverage will commence as follows:

1) For active employees, eligibility is not loaded until Wednesday night of the eligible pay period due to the Group providing the eligibility file during the day on Wednesday; and

2) For active employees, eligibility is effective as of the first day of the pay period as defined by Group and at such time pre-paid premium is received by Plan following the pay-period in which the active employee Subscriber satisfies the Group’s eligibility criteria (e.g. hire date = 6/14/10; deduction date = 6/28/10; effective = 7/12/10); or
3) For retired employees, eligibility is effective on the first (1st) day of the month as defined by Group and at such time pre-paid premium is received by Plan and the retiree Subscriber satisfies the Group’s eligibility criteria; and

4) The effective date for Cobra enrollment and for members who transition from active to Cobra status is the day after active coverage terminates (e.g. active coverage ends = 7/1/18 (end of pay period); Cobra effective date = 7/2/18) and at such time, prorated premium is determined by the proration formula:

\[
\text{Prorated Premium} = \frac{\text{Monthly Premium}}{\text{Days in the Month}} \times \text{Days of Active Coverage in the Month}
\]

**Example:** Classic Active to Classic Cobra 7/2/18:

\[
\$921.54 = \frac{\$952.26}{31 \text{ Days in the Month}} \times 30 \text{ Days of Active Coverage in the Month}
\]

C. For an Eligible Dependent of a Subscriber who becomes newly eligible after such Subscriber has been enrolled, Coverage will commence as of the first day of the pay period or first (1st) day of the month or the day after active terminates will be the effective date for Eligible Dependents, following the date eligibility occurred as defined by Group or on the effective date of the qualifying event (i.e. marriage, birth, adoption, or placement for adoption) whichever applies.

D. For any Subscriber and his/her Eligible Dependents who apply for enrollment or re-enrollment during the Group’s Open Enrollment Period, Coverage is effective as of the day of the month mutually agreed upon by Group and Plan. However, no enrollment shall be effective unless the Member’s completed application is received by Plan within 31 days after such Coverage was to become effective.

**SECTION 3 – CHOICE OF PHYSICIANS AND PROVIDERS**

### 3.1 REQUIRED USE OF PARTICIPATING PROVIDERS

#### 3.1.1 Lock-in provisions apply. The benefits described in this Agreement are Covered Services only if, and to the extent that, they are Medically Necessary and meet the following requirements:

(A) They are provided by, or prescribed or referred in advance by, the Member’s designated Primary Care Physician, and

(B) They are obtained from a Plan Provider.

#### 3.1.2 The only exceptions to the above requirements are:

(A) When a Member requires Emergency Services; or

(B) When a Member requires Urgently Needed Services and while Out-of-Network when out of the Service Area; or
(C) When the requested service is Medically Necessary but not available by a Plan Provider and Prior Authorization is granted by the Medical Director.

(D) When a Member is new to the Plan and requests Covered Services for continuity of care – see continuity of care information under section 3.2.

Certain services or supplies within the Service Area also require Prior Authorization. Members must identify themselves to the Plan Provider as a Plan Member before receiving any service or supply.

Members also have a right to a second medical opinion, when medically appropriate, from another Plan Physician within the VHP Network; authorization is required. If the Member requests a second opinion about care from a specialist, the second opinion shall be provided by a contracted provider within the Member’s Primary Care Physician Network of the same or equivalent specialty.

3.2 SELECTION OF A PRIMARY CARE PHYSICIAN AND ASSOCIATED HOSPITAL

At enrollment, Plan requires each Member to designate a Primary Care Physician. If a Member does not designate a Primary Care Physician, Plan will assign the Member to a Primary Care Physician. Primary Care Physicians are then notified of the selection. A Primary Care Physician is one who is identified by Plan as such and who is willing to assume responsibilities regarding continuity of care, record keeping and referrals to specialist Plan Physicians.

Once the Primary Care Physician is designated, the Member must contact his/her Primary Care Physician before seeking Medical Services or Hospital Services unless the Member requires Emergency Services. When a Member requires Emergency Services, the Member may obtain the nearest available medical care.

Each Primary Care Physician is a member of a Network that includes a Plan Hospital and facilities providing subacute, transitional inpatient and skilled nursing services. The Member must use the Plan Hospital and the facilities providing subacute, transitional inpatient and skilled nursing services in the Primary Care Physician’s Network unless it is Medically Necessary to receive services elsewhere, for example, when Emergency Services are required.

In a health care matter beyond the normal practice of the Primary Care Physician, he or she may refer the Member to a specialist Plan Physician who will usually be a member of the Primary Care Physician’s Network. The Primary Care Physician will manage referrals and ongoing care supplied by other Plan Providers.

Prior Authorization must be requested by a Member’s Primary Care Physician. Except as listed below, services obtained from or prescribed by Plan Specialists or other Plan Providers but are not authorized by the Plan will not be paid for by Plan. Covered Services not requiring a referral are limited to:

(A) Emergency Services or out of Service Area Urgently Needed Services;

(B) Services provided by on-call physicians who are providing care in the Primary Care Physician’s place;

(C) Routine lab services, Ultrasound, X-ray, Fetal non-stress testing, immunizations and vaccines;

(D) Self-referral services:
(1) Routine obstetrical/gynecological services from physicians who have access to contracted Plan Hospital/Facilities, once the Member has properly designated a Primary Care Physician.

(2) Outpatient Mental Health Counseling Covered Services provided by a VHP Mental Health Provider that is a Psychologist (PhD), Marriage and Family Counselor (MFC/MFT) or Licensed Clinical Social Care Worker (LCSW). No authorization is required for Outpatient Mental Health Counseling Services; however, the Member can contact the VHP Member Services Department or the Member may contact their Primary Care Physician for assistance in obtaining these services.

(3) Routine and diagnostic mammograms.

(4) Telehealth for urgent care and behavior health services only.

Except in the case of Emergency Services or out of Service Area Urgently Needed Services, Plan does not cover services provided by Non-Plan Providers or by Plan Providers outside of the Primary Care Physician’s Network unless Prior Authorization has been obtained.

Members do have the right to Covered Services for continuity of care to complete Covered Services from Non-Plan Providers. If the Member or their Dependents have an Acute Condition that requires prompt medical attention and that has a limited duration; a Serious Chronic Condition that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration; a Pregnancy; a pregnancy-related mental health condition; a terminal illness; a newborn child between birth and age 36 months is under medical care; an authorized surgery; or acute, serious or chronic mental health condition, the Member may be eligible to continue to receive treatment from their provider (e.g. physician or hospital) either at the time of a Plan Provider’s termination as a VHP Plan Provider, or from a non-participating provider at the time of enrollment in the VHP Plan. Members can request a copy of the Plan’s Continuity of Care policy. Continuity of care Covered Services will be provided to qualified Members from their provider for up to 12 months as deemed appropriate for a safe transfer of the Member to a Plan Provider. Continuity of care Covered Services may exceed 12 months in the event of a terminal illness. Treatment will be provided on a timely and appropriate basis as determined by the Plan Physician. In the case that the Member is pregnant, continuum of care Covered Services will be provided until postpartum services related to the delivery are complete or until such time as it is deemed appropriate. Plan Providers will consult with the Member’s provider to determine when it is safe to transfer.

3.3 CHANGING PRIMARY CARE PHYSICIANS

If a Member wishes to change his/her Primary Care Physician, the Member must first contact Plan and follow the instructions which are provided. The Primary Care Physician may decide to refuse the relationship at any time when allowed by medical ethics and contract, and will require the Member to change his/her Primary Care Physician designation.

Failure to comply with any of the provisions regarding selection and changing of Primary Care Physicians will result in the Subscriber or Eligible Dependent being responsible for the charges.

3.4 REIMBURSEMENT PROVISIONS

It is not anticipated that Member will make payments to any provider for the Covered Services under this Agreement except for:
(A) The applicable Copayments; and

(B) When Emergency Services or Urgently Needed Services are obtained outside the Service Area

If a Member pays a Plan Provider for Covered Services (other than Copayments), the Member must advise the Plan Provider and request that he/she bill Plan directly. The Member will be reimbursed by the Plan Provider for amounts paid for Covered Services (other than Copayments).

If a Member pays a Non-Plan Provider for Covered Services (e.g., Emergency Services or out of Service Area Urgently Needed Services), the Member must furnish evidence satisfactory within 90 days from the date of service to Plan that payment to such person or institution has been made for Covered Services. Plan will reimburse Member for such charges less applicable Copayments and less any payments made by Plan prior to receipt of Member’s evidence of payment.

If a Member obtains covered medical transportation services from a non-Plan medical transportation provider, the Provider shall file a claim for such services with Plan. Plan will review and reimburse qualified services directly to the non-Plan medical transportation provider if such provider has not received payment for those services from any other source.

Medical and pharmacy claim instructions are available by contacting a VHP Member Services representative at 1.888.421.8444 (toll-free) or by going to VHP’s website at www.valleyhealthplan.org. Under no circumstances will Plan reimburse for charges unless written proof of the charge is furnished to Plan within 90 days after performance of the service.

All such charges will be paid within 45 business days of Plan’s receipt of the satisfactory evidence described above, provided that all required information has been supplied and that Plan does not contest the claim. If Plan contests the claim, Plan will notify the Member within 30 business days. Information required of Member may include but is not limited to medical reports, financial statements, releases, consents and assignments.

3.5 TIMELY ACCESS TO CARE

VHP provides and arranges for the provision of Covered Services in a timely manner appropriate for the nature of the Member’s condition and consistent with professionally recognized standards of practice. VHP has Timely Access to Care standards as set forth in Section 1300.67.2.2 of Title 28 of the California Code of Regulations. These services include:

(A) A “24-Hour Medical Advice Line” that Members can call at any time to obtain triage or screening for the purpose of determining the urgency of the Member’s need for care.

(B) A 24-Hour telehealth service for urgent care.

(C) An Authorization system in place that allows timely referrals for other Medically Necessary Covered Services through the Plan Provider Network.

(D) A process to find an appropriate Provider. VHP has a website www.valleyhealthplan.org that directs Members to VHP Providers or to locations. This website directs the Member to Plan Providers, including emergency and urgent care. The website details provider telephone numbers and gives the Member Urgent Care Clinic’s hours of operation. Many of VHP’s Urgent Care Clinics offer self-referral/walk-in same day urgent care services. Appointments are not necessary but it can usually save the Member time if s/he calls ahead.
(E) A Member Services Department, with English, Vietnamese, and Spanish speaking
representatives, who offer assistance in obtaining Covered Services and answering Member
questions such as health care benefits, available Services, and the facilities where Members
can receive care. Additional interpreter services are available, as needed, at the time of the
appointment or in the interpretation of critical documents, such as needed during the Plan’s
Grievance Process.

(F) Professionally recognized standards of practice used to determine wait times when scheduling
appointments that meet legislative requirements. Such standards do not prohibit the Plan or the
Plan Providers from accommodating a Members’ preference to wait for a later appointment
from a specific Plan Provider.

SECTION 4 – FEES AND CHARGES

4.1 PREPAYMENT FEES

Group will pay Plan Premiums in the amounts and on the dates set forth in the Rate Schedule attached
hereto as Exhibit “A” and incorporated herein by this reference, as amended from time to time as
provided herein. Any contribution to the fees by Subscribers will be arranged solely by and between
Group and Subscriber. If Group requires such contributions from Subscribers, Group will provide a
payroll deduction plan comparable to that made available to any alternative health benefit plan or
insurance plan offered by Group.

Only Members for whom the stipulated payment is actually received by Plan are entitled to Covered
Services under this Agreement for the period for which such payment is received.

Unless otherwise stated on the Rate Schedule, Premiums will be paid by Group to Plan at its offices on
the last day of each calendar month, as payment for Coverage in the succeeding calendar month. Plan will
determine any Premiums due from Group for a period of less than one month and any Premium credit for
a period of less than one calendar month. If a Member is no longer eligible to receive Coverage under this
Agreement and the Group has paid Premiums for this Member after the Member was eligible, the Group
will be eligible to receive credit for any such Premiums paid for the Member’s Coverage; provided Group
has notified Plan in writing within 60 days after the Member is no longer eligible and Plan has not
provided or arranged any Medical or Hospital Services for the Member within these 60 days.

Plan will allow a grace period for the payment of Premiums between the due date for such payment (the
last day of the month) and the 15th day of the next calendar month. If the required Premiums are not paid
in full on the date the grace period expires, then Group will be in default and Plan may deem the failure of
Group to pay Premiums as action by Group to cancel this Agreement in accordance with Section 6 (Term,
Cancellation and Related Provisions), subject to the reinstatement provisions of set forth in that section.
Further, Plan will notify Group that it has failed to make the required prepayment and Group will
immediately notify the Member(s) of such failure. If Group fails to give this required notice within five
days of the notification of delinquency, Plan may give such notice.

If Group defaults in the payment of Premiums and any amount remains due, Group will pay to Plan a late
payment penalty in an amount equal to one and one-half percent of the Premiums past due. Such late
payment penalty is due and payable with the Premiums then owing to Plan.
4.2 OTHER CHARGES

Members will be required to make certain Copayments for the Covered Services as indicated in Section 11, (Principal Covered Services and Coverages) and the Copayment Schedule. Copayments must be paid at the time the Covered Services are rendered. Upon application by the Subscriber no later than 60 days after the end of the contract year, Plan shall reimburse Copayments in excess of the Maximum Copayment. Reimbursement will not be made unless all receipts and records are submitted to Plan within such 60 day period.

4.3 CHANGES IN FEES AND CHARGES

Plan reserves the right to change the Premiums or Copayments for any reason, on any renewal date of this Agreement, provided that written notice of such change must be emailed, mailed (postage paid), or hand delivered at least 60 days in advance of the renewal date on which such change is to take effect.

Plan will have the right to change the Premiums or Copayments as agreed to by Group as of any date during the Agreement period. Plan or Group will give written notice 30 days before such change in Premiums or Copayments take effect.

Payment of any Premiums as changed in accordance with this section constitutes acceptance of continued Coverage at the changed Premiums.

4.4 PREMIUMS AND HEALTH CARE BENEFITS RATIO

Beginning January 1, 2011, regulations require that VHP spends on average at least 85% of premiums on health care benefits, this requirement is known as a "medical loss ratio" or "minimum loss ratio" (MLR). MLR is the ratio of administrative costs, including taxes and fees, vs medical costs.

Premiums are adjusted on an annual basis and are outlined in the Agreement. VHP spends at least 85% of its Premiums or MLR for the geographic area of Santa Clara County. Santa Clara County is the Service Area for the Plan.

SECTION 5 – RECORDS

5.1 MAINTENANCE OF RECORDS

Plan will keep a record of Members. Group will forward the information periodically required by Plan in connection with the administration of this Agreement. Plan’s liability for the fulfillment of any obligation that is dependent on information to be furnished by Group or Member shall not arise prior to receipt of that information in the form requested by Plan. Nor will Plan be liable for any obligation resulting from information incorrectly supplied by Group or Member. All records of Group, which have a bearing on Coverage, will be open for inspection by Plan at any reasonable time. Plan adheres to HIPAA and protects PHI as required by law.

5.2 SUBMISSION OF CORRECT INFORMATION BY MEMBER

Members or applicants for membership will be required to complete and submit to Plan such applications, medical review questionnaires, or other forms or statements as Plan may reasonably request. Members will be required to warrant that all information contained in such applications, questionnaires, forms or statements submitted to Plan incident to enrollment under this Agreement or the administration hereof will be true, correct, and complete. Any breach of this warranty may give rise to termination of Coverage as provided in Section 6 (Term, Cancellation and Related Provisions).
5.3 AUTHORIZATION OF DISCLOSURE

Plan is entitled to receive from any provider of services to Member, information reasonably necessary in connection with the administration of this Agreement. By acceptance of Coverage under this Agreement, each Member authorizes every provider of medical services to such Member to disclose all facts pertaining to such care and treatment, and physical condition of such Member, to Plan upon request, to render reports pertaining to the same, and permit copying of records by Plan. Plan adheres to HIPAA and protects PHI as required by law.

5.4 CONFIDENTIALITY

Information from medical records of Members and information received from physicians, surgeons or hospitals pursuant to the doctor-patient relationship will be kept confidential; and, except for use incident to bona fide medical research or education, or reasonably necessary in connection with the administration of this Agreement, the aforementioned information will not be disclosed without the written consent of Member or as required by law. Plan adheres to HIPAA and protects PHI as required by law.

SECTION 6 – TERM, CANCELLATION AND RELATED PROVISIONS

6.1 TERM

This Agreement will continue in effect for the term indicated in the Declarations; provided however, that Plan reserves the right to change the Premiums set forth in the Rate Schedule and the benefits and coverages herein, on each anniversary date of this Agreement. This Agreement will renew automatically from year to year on the anniversary date unless terminated pursuant to this section, and subject to any changes in Premiums, other charges, benefits and coverages pursuant to Section 4 (Changes in Fees and Charges) and the paragraph entitled “Change in Agreement” under Section 9 (General Provisions).

6.2 EFFECT OF CANCELLATION

Upon termination of this Agreement and/or an individual Member’s Coverage under this Agreement, all rights of Group’s Members or such individual Member to receive Covered Services hereunder are terminated subject to any applicable provisions for reinstatement, temporary continuation of benefits, Continuation Coverage or extension of benefits. Cancellation of this Agreement cancels Coverage for all Subscribers of Group and their Eligible Dependents. Cancellation of a Subscriber’s Coverage cancels Coverage for such Subscriber’s Eligible Dependents.

This Agreement and/or an individual Member’s Coverage may be cancelled for the reasons identified below. When cancelled, all Coverage and rights hereunder will terminate at the time indicated below. Any benefits or services received after the effective cancellation date will be directly chargeable to the Member.

6.3 CANCELLATION OF INDIVIDUAL MEMBERS

6.3.1 Loss of Eligibility

If a Member ceases to meet the eligibility requirements of Section 2 (Eligibility), then (subject to any applicable provisions for continuation of benefits) the Member’s Coverage terminates as determined by Group at midnight on the last day of the month, or 14th day of the month, or at midnight on the last day of the pay period in which loss of eligibility occurs. Group and Members agree to notify Plan immediately if a Member ceases to meet the eligibility requirements.
6.3.2 Disenrollment by Member

If a Member elects coverage under an alternative health benefits plan offered by or through Group as an option in lieu of Coverage under this Agreement, then Coverage for such Member terminates automatically at the time and date the alternate coverage becomes effective. In such event, Group agrees to notify Plan immediately that the Member has elected coverage elsewhere.

Member may voluntarily disenroll from Plan at any time for any reason by notifying Group of the intent to cancel membership. The Member’s Coverage terminates at midnight on the last day of the month or last day of the pay period during which the Group notified Plan of the Member’s intent to disenroll.

6.3.3 Cancellation of Members for Cause

(A) Nonpayment. If a Member fails to pay or fails to make satisfactory arrangements to pay any Premium due Plan, then Coverage may be cancelled following a notice of cancellation. Notice of cancellation can be mailed or hand delivered and must give the Member a 30-day grace period to pay Premium due Plan (State law required 30-day notice).

(B) Fraud or Deception. If a Member engages in fraud or deception in the use of membership, Plan, or a Plan Provider or permits such fraud or deception by another. Some examples of fraud or deception include:

- Intentional failure or with willful misrepresentation to provide material information required in connection with enrollment in this Agreement, or provides materially incorrect or misleading enrollment information or updated enrollment/eligibility information. If the Member does not furnish or make satisfactory arrangements to provide materially correct and complete enrollment/eligibility information within 15 days of mailing of Plan’s written request to do so, then Plan may cancel Coverage of the Member effective at midnight on the 15th day after the day Plan mails or hand delivers a notice of cancellation (State law required 30 day notice).

- Unauthorized use of a Plan identification card by permitting a non-Member to use a Member identification card to obtain Benefits, then Plan may cancel the Coverage of the Member(s) involved effective as of the date that Plan mails notice of cancellation to such Member(s).

- Engaging in deception in the use of VHP services or facilities, Plan Providers, or Non-Plan Providers, then Plan may cancel the Coverage of the Member(s) involved effective as of the date that Plan mails notice of cancellation to such Member(s).

As agreed to by Plan and Group, Plan may cancel Coverage of a Member as a result of the following:

(C) Medicare Enrollment. As per Group labor agreements, if a non-TEFRA Member (see Section 2 — Eligibility) fails to enroll for Medicare coverage when eligible to purchase Medicare, Group will notice Plan and Plan may cancel Coverage of that Member.
6.4 CANCELLATION OF ENTIRE AGREEMENT

6.4.1 Nonpayment

If the Group fails to pay when due any Monthly Premium on behalf of each Member, then Plan may cancel this Agreement. Upon such default, all rights to benefits terminate at the end of the period for which Premiums have been paid for all Members, including those who are hospitalized or undergoing treatment for an ongoing condition unless Member may be covered under the paragraph entitled “Extension of Covered Services” in Section 7 (Individual Continuation of Group Covered Services and Individual Conversion) due to Total Disability. In such event, Plan will give Group 15 days written notice of the effective date of termination. Group will promptly mail to each Subscriber a legible, true copy of the notice of termination and will promptly provide Plan proof of such mailing and the date thereof.

6.4.2 Fraud

If Group knowingly furnishes materially incorrect, incomplete or misleading enrollment or other requested information regarding Group, its business, or any Member; or if Group knowingly permits fraud or deception by any of its Members, Plan may give Group written notice of termination. Group will promptly mail to each Subscriber a legible, true copy of the notice of termination and will promptly provide Plan proof of such mailing and the date thereof. Termination will be effective 15 days after the notice is mailed to the Subscriber.

6.4.3 Cancellation by Group

This Agreement may be terminated by Group by giving 60 days prior written notice to Plan. In such event, all rights to benefits hereunder cease as of the effective date of termination of this Agreement regardless of whether a condition or course of treatment commenced while Coverage was in effect. Plan has no obligation to notify Subscribers in the event of such termination by Group. Group will promptly notice each Subscriber of Group’s termination of Plan Agreement. Such notice will be to all Members on COBRA or Cal-COBRA and notification will be provided as required by Section 1366.25 of the Health and Safety Code.

6.4.4 Cancellation by Plan for Cause

Plan may decline to renew or may terminate this Agreement for material noncompliance with or breach of this Agreement (collectively, “Breach”), which Breach is not cured by Group within 60 days after notice to the Group of the nature of the Breach. If such Breach cannot be cured within such 60-day period, then the commencement of such cure within such 60-day period and its diligent prosecution to completion will automatically rescind the notice of termination. In the event of nonrenewal or termination, Group will promptly mail to each Subscriber a legible, true copy of the notice of termination and will promptly provide Plan proof of such mailing and the date thereof.

Plan may decline to renew or may terminate this Agreement if Plan ceases to provide or to arrange for the provision of health care services for new health benefit plans in this state. In the event of such termination, Plan will give written notice to Group by mail (postage prepaid) or hand delivery at least 180 days in advance of the effective date of such termination.
6.5 NOTICE OF CANCELLATION

6.5.1 Notice When Individual Member’s Coverage is Cancelled

If Plan cancels or refuses to renew an individual Member’s enrollment under this Agreement, Plan will mail notice thereof to the Subscriber at the Subscriber’s address of record with Plan or hand deliver such notice to the Subscriber.

6.5.2 Notice Where Agreement With Group is Cancelled

If Plan cancels or refuses to renew this Agreement, the following provisions will apply regarding notice to all Subscribers of Group:

(A) Group’s Obligation to Give Notice. If Plan mails or hand delivers a notice of cancellation to Group (by address or delivery to the person signing this Agreement on behalf of Group or such person’s successor) with instructions that Group give notice to all Subscribers under this Agreement, then Group will promptly mail a legible, true copy of such notice to each Subscriber under this Agreement at the Subscriber’s current address. Group will promptly provide proof of such mailing and the date thereof to Plan.

(B) Plan’s Obligation to Give Notice. If Plan does not mail or deliver a notice of cancellation to the Group with instructions that Group give notice to Group’s Subscribers, Plan will mail a notice of cancellation to each Subscriber under this Agreement at each Subscriber’s address of record with Plan.

Notice that is given to each Subscriber is deemed notice given to each Eligible Dependent who receives Coverage through the Subscriber.

6.6 CESSATION OF COVERAGE

Plan does not cover any services or supplies provided after the effective date of termination of this Agreement or of a Member. Coverage ceases regardless of whether a condition or course of treatment commenced while Coverage was in effect. The only exceptions are the provisions set forth in Section 7 (Individual Continuation of Group Covered Services), where applicable. Where termination is for fraud or for any of the reasons set forth in Paragraph 6.3.3 (Cancellation of Members for Cause), Members are not entitled to individual continuation of group benefits set forth in Section 7.

6.7 REINSTATEMENT

Receipt by Plan of the proper Monthly Premium after termination of Group for non-payment of Premiums will reinstate Group as though there never was a termination, if such payment is received on or before the due date for the succeeding Monthly Premium, unless:

(A) in the notice of termination, Plan notifies Group that if payment is not received within 15 days, a new application is required and the conditions on which a new contract will be issued or the original contract reinstated;

(B) such payment is received more than 15 days after issuance of the notice of termination, and Plan refunds such payment within 20 business days; or

(C) such payment is received more than 15 days after issuance of the notice of termination, and Plan issues to Group within 20 business days or receipt of such payment, a new contract
accompanied by written notice stating clearly those aspects in which the new contract differs from the canceled contract in benefits, coverage or otherwise.

6.8 REFUNDS IN THE EVENT OF CANCELLATION

In the event of cancellation by either Plan or Group, Plan will return to Group, within 30 days of the effective cancellation date, the pro rata portion of the Premiums paid to Plan which correspond to any unexpired period for which payment had been received together with amounts due Members on claims for reimbursement of charges (for Covered Services) incurred prior to the effective date of termination, if any, less any amounts due Plan or Plan Providers, and neither Plan nor Plan Providers has any further liability or responsibility under this Agreement. However, no such refund will be made where cancellation is in the case of fraud or deception in the use of services or facilities of Plan or knowingly permitting such fraud or deception by another.

6.9 MEMBER’S RIGHT TO REVIEW OF CERTAIN CANCELLATIONS

A Member who alleges that Member’s Coverage, subscription or enrollment has been cancelled or not renewed because of the Member’s health status or requirements for health care services, may request a review by the California Department of Managed Health Care.

SECTION 7 – INDIVIDUAL CONTINUATION OF GROUP BENEFIT

7.1 CONTINUED GROUP COVERAGE UNDER COBRA/CAL-COBRA

Under the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”), an employer who maintains a group health plan and employs 20 or more employees on a typical business day during the prior Calendar Year is required to provide Members with the opportunity to elect to continue their Coverage in certain circumstances where Coverage would otherwise terminate. Similarly, under the California Continuation Benefits Replacement Act (“Cal-COBRA”), an employer who maintains a group health plan, employs two to 19 employees on at least 50% of its working days in the prior Calendar Year (or previous calendar quarter, if the employer was not in business during any part of the preceding year), and is not subject to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement or Income Security Act is required to offer Continuation Coverage in certain circumstances where Coverage would otherwise terminate. Such employers and their group health plan’s administrators (in certain cases, the employer may be the plan administrator) have the obligation to:

1) provide Members with notice of the opportunity to elect Continuation Coverage; and
2) administer the Continuation Coverage.

The obligation to provide notice includes general notification to Members of their right to elect Continuation Coverage. In addition, each Member must be provided notification of the right to Continuation Coverage within a specific time period after the occurrence of the event, which triggers the Continuation Coverage option. In the event that Group terminates the Agreement, Group must notice Members either 30 days prior to the termination of Agreement, or when all enrolled employees are notified, whichever is later. Group must ensure that the notice is distributed to its Continuation Coverage Members and that these Members are eligible to enroll in continuation coverage in any successor health plan that Group enrolls in.

Group hereby acknowledges its legal obligations and agrees to abide by applicable legal requirements with respect to Continuation Coverage. Group also agrees to forward to Plan in a timely manner copies of any notice regarding Continuation Coverage provided to Members. Group further acknowledges that in the event a Subscriber is terminated by Group because of gross misconduct, the Group will notify Plan
immediately or within ten days of termination of employment; such Subscriber would not be eligible for Continuation Coverage.

7.1.1 Eligibility for Continuation of Coverage

The following persons are entitled to elect Continuation Coverage:

(A) Subscribers whose Coverage under this Agreement ends because of termination of Subscriber’s employment (unless employment is terminated because of gross misconduct), or whose Coverage terminates because of a reduction in hours of employment, have the right to elect Continuation Coverage for themselves and their Eligible Dependents;

(B) Eligible Dependents of Subscribers have the right to Continuation Coverage if they would lose Coverage for any of the following reasons:

(1) Death of the Subscriber;

(2) Divorce or legal separation from the Subscriber;

(3) Enrollment of Subscriber in Medicare;

(4) Termination (other than for gross misconduct) or reduction of hours of the Subscriber’s employment; and

(5) Loss of Eligible Dependent status by a dependent enrolled in Plan.

(C) Certain retired Subscribers and their Eligible Dependents whose employer files for bankruptcy under Chapter 11 may be eligible for Continuation Coverage. (Special rules apply in this instance and employees should consult their employer or plan administrator.)

The occurrence of an event that causes any Member to be entitled to elect Continuation Coverage is referred to herein as a “qualifying event”.

7.1.2 Maximum Time Periods of Coverage

Continuation Coverage begins on the date of the event that would otherwise trigger the loss of Coverage under this Agreement and terminates no later than 36 months thereafter, except if Coverage for the Subscriber and Eligible Dependents ends because of the termination or reduction in hours of Subscriber’s employment. In that instance, Continuation Coverage will terminate no later than 18 months thereafter; provided, however, that:

(A) If the Subscriber or Eligible Dependent notifies the plan administrator within 60 days after the date of a determination, under Titles II or XVI of the Social Security Act, that he or she was disabled at any time within the first 60 days of Continuation Coverage, Coverage will terminate no later than 29 months thereafter.

(B) If during the 18 month period or, where applicable, 29 month period from the date of the termination or reduction in hours of Subscriber’s employment, one of the events described in subsection 7.1.1 (B)(1), (2), (3) or (5) above occurs, Coverage under this Agreement will terminate no later than 36 months from the date of the termination of employment or reduction in hours.
(C) If within 18 months of an event described in subsection 7.1.1 (B)(3) above, the Subscriber subsequently loses Coverage because of an event described in subsection 7.1.1 (B)(4) above, the Eligible Dependents, other than the Subscriber, shall be entitled to elect Continuation Coverage for a period of up to 36 months from the date of the event described in subsection 7.1.1 (B)(3) above.

(D) If the Subscriber or Eligible Dependent notifies the employer or plan administrator within 60 days after the date of a determination, under Section 1366.29 of the Health and Safety Code, that he or she has exhausted continuation coverage under COBRA, Coverage will terminate no later than 18 months from the COBRA termination. Continuation Coverage under this subsection 7.1.2 (D) will terminate no later than 36 months from the date of the qualifying event.

7.1.3 Exceptions to Maximum Time Periods of Coverage

Notwithstanding the maximum time periods set forth above, Continuation Coverage will end upon the occurrence of any one of the following events:

(A) On the date Group ceases to provide any group health plan to any employee. For purposes of this Section 7 the term “employer” is that term as defined under COBRA and applicable regulations; provided, however, that if Group employs two to 19 employees, then the term “employer” shall have the meaning ascribed to it under Cal-COBRA and applicable regulations;

(B) On the date Member becomes covered under another health plan which does not contain any exclusion or limitation with respect to any preexisting condition of the Member;

(C) On the date Member is enrolled for Medicare benefits; or

(D) In the case of the 11 month extended Coverage provided due to a disability, on the first (1st) day of the month which starts at least 30 days after a final determination, under the Social Security Act, that Member is no longer disabled.

7.1.4 Type of Coverage

Coverage provided under the Continuation Coverage option will be identical to the Coverage Group provides to similarly situated persons who have not lost group Coverage under this Agreement. Continuation Coverage will not be conditioned on evidence of insurability.

7.1.5 Premiums

Group may require the Member to pay for Continuation Coverage as long as the amount does not exceed 102% of the applicable premium, except that:

(A) In the case of a Member who is entitled to the 11 month extended Continuation Coverage period as a result of a disability, such Member may be required to pay up to 150% of the applicable premium for the Coverage during that extended period of Coverage.

(B) In the case of a Member who is entitled to up to the 18 month extended Continuation Coverage period as a result of exhausting continuation coverage
under COBRA Coverage, such Member may be required to pay up to 110% of the applicable premium for the Coverage during that extended period of Coverage.

“Applicable premium” for any 12 month period of Continuation Coverage under (A) and (B) above means the Premium paid by the Group to Plan for such Coverage during the period for similarly situated persons who did not lose Group Coverage under this Agreement.

Group will remit to Plan the Premiums for Members who elect Continuation Coverage through Group’s COBRA administrator via a regular monthly payment. If Group requires a Subscriber or Eligible Dependent paying Continuation Coverage to pay all or any part of the Premiums for such Continuation Coverage, Group will be solely responsible for collecting those Premiums. Group agrees that Continuation Coverage will be provided only for persons eligible for such Continuation Coverage under applicable law and regulations and for whom applicable Premiums have been received by Plan.

Plan will provide Group a grace period of 30 days prior to terminating Coverage for failure to pay premium. However, Group will immediately notify Plan if the Group fails to receive the Member’s Premiums on the due date. If a Member elects Continuation Coverage after the date of the event which entitles him or her to Continuation Coverage, Group must remit the first premium retroactive to the date Coverage would otherwise have terminated within 45 days of the date of the election. No grace period applies to this first premium.

Eligible persons will be terminated from Coverage upon a qualifying event but will be enrolled retroactively to the qualifying event upon timely election of Continuation Coverage under COBRA [or Cal-COBRA]. If an eligible person requires services before election, the eligible person must either (1) elect and pay for the Coverage or (2) pay Reasonable Charges (i.e. reasonable and customary charges) for the services subject to reimbursement by Plan within 30 days of such person’s timely election of Continuation Coverage under COBRA [or Cal-COBRA].

7.1.6 Notice of Qualifying Event

In the event of eligibility for Continuation Coverage due to divorce, legal separation, a Child losing Eligible Dependent status, or the exhaustion of continuation coverage under COBRA, the Member has the responsibility to notify the administrator of Group’s health benefit plan of such qualifying event within 60 days after the date of such event. If the Member fails to give that notice within the 60-day period, he or she will not be entitled to Continuation Coverage. The plan administrator is designated in the document establishing Group’s health benefits plan. In the absence of such designation, the administrator is the employer. Group must notify the plan administrator (if Group and plan administrator are not the same) within 30 days of the occurrence of any other qualifying event. In turn, the plan administrator is obligated to notify Subscriber and Eligible Dependents of the opportunity to elect Continuation Coverage within 14 days after receiving notice of the qualifying event.

7.1.7 Nonliability of Plan

Plan will cooperate with Group to assist Group in meeting its obligations regarding Continuation Coverage, provided that, except as otherwise set forth in the following subsection, Plan assumes no responsibility for Group’s compliance with Group’s
obligations under federal laws or regulations concerning Continuation Coverage. Group hereby indemnifies and holds Plan harmless from any and all claims, liability and expenses arising out of Group’s failure to comply with its obligations under federal laws or regulations regarding Continuation Coverage.

7.1.8 Coordination of Covered Services

If a Member who has elected Continuation Coverage under this Agreement subsequently becomes covered under another group health care plan or policy which has an exclusion for preexisting conditions, the Continuation Coverage under this Agreement will be secondary to coverage under such other plan or policy; except that the Continuation Coverage under this Agreement will be primary with respect to the preexisting conditions which are excluded under such other group plan or policy.

7.1.9 Regulations

If federal or state laws or regulations are enacted or issued governing Continuation Coverage and the application of such laws or regulations would modify this section regarding benefits under COBRA [or Cal-COBRA], such laws or regulations will supersede any contrary provision provided herein.

7.2 CONTINUED GROUP COVERAGE AFTER TERMINATION OF COBRA

If a Subscriber elects to extend group health benefits under COBRA [or Cal-COBRA], the Subscriber, the Subscriber’s spouse, and/or former spouse(s) may be entitled to an extension of those group health benefits after COBRA [or Cal-COBRA] benefits terminate. Group must notify the Subscriber, the Subscriber’s spouse and/or former spouse(s) if they are eligible for extended benefits upon termination of Continuation Coverage under COBRA [or Cal-COBRA].

7.2.1 COBRA enrollees who reach the 18-month or 29-month maximum available under COBRA, may elect to continue coverage under Cal-COBRA for a maximum period of 36 months from the date the Member’s continuation coverage began under COBRA. If elected, the Cal-COBRA coverage will begin after the COBRA coverage ends. Group or Group COBRA administrator will notify Member of eligibility to continue coverage under Cal-COBRA. Member has 60 days from that notification to contact VHP to continue Group Coverage under Cal-COBRA.

Note: COBRA enrollees must exhaust the entire COBRA coverage to which they are entitled before the Member can become eligible to continue coverage under Cal-COBRA.

In no event will continuation of Group Coverage under COBRA, Cal-COBRA, or a combination of both be extended for more than three years from the date such Coverage began.

7.3 EXTENSION OF BENEFITS

Except as expressly provided in this section, all rights to services and other benefits hereunder terminate as of the effective date of termination of this Agreement.

If, when this Agreement is terminated as to the entire Group, a Member is receiving treatment for a condition for which benefits are available under this Agreement and which condition has caused such Member to be Totally Disabled as determined by Plan, then such Member will be covered, subject to all
limitations and restrictions of this Agreement, including payment of Copayments and the Monthly Premium, for Covered Services directly relating to the condition causing the Member to be Totally Disabled. This extension of benefits terminates upon the earlier of (1) the end of the twelfth month after termination of this Agreement, or (2) the date the Member is no longer Totally Disabled as determined by Plan, or (3) the date the Member’s coverage becomes effective under any replacement contract or policy without limitation as to the disabling condition. A person is Totally Disabled if he or she satisfies the definition of Totally Disabled in this Agreement.

If Plan terminates this Agreement for cause as specified in Paragraph 6.4.4 (Cancellation by Plan for Cause), any Member who is a registered bed patient in a hospital at the effective date of termination will, subject to payment of the periodic prepayment fee and applicable Copayments, receive all benefits otherwise available hereunder to institutionalized patients for the condition under treatment during the remainder of the particular episode of institutionalization, until either (1) the expiration of such benefits or (2) determination by Plan that hospitalization is no longer Medically Necessary, whichever occurs first.

If prior to termination there has been no default in the payment of the Monthly Premium or those made on the Member’s behalf, and the Subscriber or Subscriber’s Eligible Dependent are receiving inpatient obstetrical care at the date of termination, Plan will continueCoverage of the obstetrical care for the parent until discharge from the hospital.

SECTION 8 – GRIEVANCE PROCEDURE

8.1 GRIEVANCE PROCEDURE

A Member who has a question or complaint regarding a denial of Prior Authorization or referral can contact his or her Primary Care Physician or Plan directly. If the Member is not satisfied with the Plan’s or Primary Care Physician’s decision or if the Primary Care Physician does not act in the time period allowed, the Member may file a grievance with Plan. A Member who has a complaint may request that a Grievance be filed with the Plan in accordance with Plan procedures; the Member, the Member’s Plan Provider or authorized representative of the Member may submit a written Grievance directly to Plan. A copy of the Grievance plan and forms for written complaints or concerns are provided to all Plan Providers’ offices. Complaints may also be filed at Plan’s office by writing to or visiting the Plan office located at 2480 N. First Street, Suite 160, San Jose, California 95131 or by calling 1.888.421.844 (toll-free), Attention Grievance Department. Alternatively, a Member may file a Grievance online with the Plan via forms available through the VHP’s internet website http://valleyhealthplan.org. Complaints must be filed with the Plan within 180 days from the date of the event, which caused a Grievance. As needed, the 180 days starts on the date the Plan provides Member with a Grievance Form translated into the language of the Member’s choice.

The Plan will provide the Member with written responses to Grievances and Disputed Covered Services with explanations of the reasons for the Plan’s responses. If the Plan makes a Coverage Decision and denies services on the basis that they are not Medically Necessary, the Plan will provide the clinical reasons related to Medical Necessity. If the Plan denies services on the basis that the services are not covered Benefits, the Plan will state provisions that exclude such services. The Plan will resolve all Grievances within 30 days.

Upon completion of the grievance process, a Member who is dissatisfied with the final resolution may submit a grievance to the Department of Managed Health Care (Department) for review after completion of the grievance process or participation in the grievance process for at least 30 days.
If the grievance involves an imminent and serious threat to a Member’s health and/or a Life-Threatening or Seriously Debilitating condition, including but not limited to, severe pain, potential loss of life, limb, or major bodily function, the Plan will provide an expedited review as required by Section 1368.01(b) of the Health and Safety Code. The Member may also submit the grievance or Disputed Covered Service grievance involving an imminent and serious threat to a Member to the Department prior to completion of the grievance process or prior to participation in the grievance process for 30 days.

The Plan does not have a requirement that the Member must first participate in the Plan's Grievance process before requesting the Department to review a Grievance. Refer to the section titled "Independent Medical Review."

Members also have the right to receive vital documents, such as the Plan Grievance Form or Plan Application form, in threshold languages as defined by Section 1259 of the Health and Safety Code. Plan will provide translation services in accordance with the 21 day timeframe stipulated in Section 1367.04 of the Health and Safety Code.

8.2 REVIEW BY THE DEPARTMENT OF MANAGED HEALTH CARE

The California Department of Managed Health Care (the “Department”) is responsible for regulating health care service plans. If a Member has a Grievance against the Plan, the Member should first telephone Plan at 1.888.421.844 (toll-free) and use the Plan’s Grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to the Member. If the Member needs help with a Grievance involving an emergency, a Grievance that has not been satisfactorily resolved by Plan, or a Grievance that has remained unresolved for more than 30 days, the Member may call the Department for assistance. The Member may also be eligible for an Independent Medical Review (IMR). If the Member is eligible for IMR, the IMR process will provide an impartial review of medical decisions made by the Plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for Emergency or Urgently Needed Services. The Department has a toll-free telephone number (1.888.466.2219) and a TDD line (1.877.688.9891) for the hearing and speech impaired. The Department’s internet website www.dmhc.ca.gov has complaint forms, IMR application forms, and instructions online.

8.3 INDEPENDENT MEDICAL REVIEW

If VHP denies the Member health care services on the basis that the service is not Medically Necessary, the Member or his designee can request an Independent Medical Review (IMR). The Member must first have completed the VHP Grievance process or have participated in the grievance process regarding a Disputed Covered Service for at least 30 days. However, the Member can directly request an IMR review in the event the denied services are Experimental or Investigational Treatments. The IMR request for review of Experimental or Investigational Treatments must be based on the following requirements that the Member's Plan Physician certifies that the disease or condition is:

(A) Life-Threatening and Seriously Debilitating, or

(B) due to a terminal condition that has a high probability of causing death within two years and that the Member’s Plan Physician certifies that standard therapies used have not been effective to improve the condition, would not be medically appropriate, or there is no other beneficial standard therapy covered by the plan than the proposed drug, device, procedure or therapy,
(C) the specific drug, device, procedure, or other therapy recommended by the Plan Physician would be a Covered Benefit, except for the Plan’s determination that the therapy is Experimental or Investigational.

An Independent Medical Review or IMR means a review process conducted by health care professionals that are not associated with a health plan. It is a way for doctors and other health care professionals outside the Plan to make an independent decision about the Member’s health care. The Department of Managed Health Care’s HMO Help Center operates the Independent Medical Review Program.

The Member must submit a request for an IMR to the DMHC within 6 months of receiving a denial from the Plan. The Member may request an IMR only for a service that is a Covered Benefit. The Member can obtain more information on the IMR process by accessing the Department of Managed Health Care’s website at www.dmhc.ca.gov/imr or by calling a VHP Plan Member Services Representative at 1.888.421.844 (toll-free).

Nothing in this section shall preclude a Member from seeking assistance directly from the Department in cases involving an imminent or serious threat to the health of the Member or where the Department determines an earlier review is warranted. In such cases, the Department may require the plan and contracting providers to expedite the delivery of information.

SECTION 9 – GENERAL PROVISIONS

9.1 CHANGE IN COVERED SERVICES

Plan will not decrease Covered Services during the term of this Agreement except as agreed to in writing between Group and Plan; however, Plan may decrease Covered Services with at least 30 days written notice prior to the effective renewal date of the Agreement. Such written notice will be made by postage-paid mail to the Group or will be hand delivered to the Group.

9.2 NOTICE OF PLAN PROVIDER'S INABILITY TO PERFORM

Plan will provide Group written notice within a reasonable time of any termination or breach of contract by, or the inability to provide Covered Services by any Plan Provider, or any other person with whom Plan has a contract to provide Covered Services hereunder, if Group or any Member may be materially and adversely affected thereby.

9.3 NECESSARY DOCUMENTS

Any Member who fails to submit any documents requested under this Agreement must pay the charges for services received.

9.4 I.D. CARDS

Cards issued by Plan to Members are for identification only. Possession of a Plan identification card confers no right to services or other benefits under this Agreement. To be entitled to such services or benefits, the holder of the card must, in fact, be a Member on whose behalf all applicable charges and Premiums under this Agreement have been paid. Any person receiving services or other benefits to which he or she is not then entitled pursuant to the provisions of this Agreement must pay applicable charges.
9.5 SERVICES NON-TRANSFERABLE

No person other than a Member is entitled to receive Covered Services under this Agreement. Such right to Covered Services is not transferable.

9.6 WORKER’S COMPENSATION INSURANCE

This Agreement is not in lieu of and does not affect any requirement of coverage by Workers’ Compensation insurance. All benefits paid or payable by Workers’ Compensation for Covered Services are payable to Plan under the paragraph entitled “Third Party Responsibility” in Section 10 (Limitations).

9.7 RULES AND CRITERIA

Plan may adopt reasonable policies, procedures, rules, criteria and interpretations to promote orderly and efficient administration of this Agreement.

9.8 NO MEMBER LIABILITY FOR PLAN’S FAILURE TO PAY PLAN PROVIDERS

As required by law, every contract between Plan and a Plan Provider specifies that if Plan fails to pay such Plan Provider, the Member will not be liable to the Plan Provider for any sums owed by Plan.

9.9 MEMBER LIABILITY TO NON-PLAN PROVIDERS

The Member may be liable to a Non-Plan Provider for the cost of Non-Plan Provider’s services, unless Prior Authorization has been obtained from Plan or the services were Emergency Services.

9.10 PLAN LIABILITY FOR CHARGES

Upon termination of a Plan Provider contract, Plan will be liable for Covered Services (other than for Copayments) rendered by such Plan Provider for a Member under the care of such Plan Provider at the time of such termination until the Covered Services are completed, unless (i) Plan makes reasonable and medically appropriate provision for the assumption of such Covered Services by another Plan Provider or (ii) Plan arranges for the continuation of Covered Services by the terminated provider at the time of termination and at the request of a Member who is undergoing a course of treatment for one of the following conditions:

(A) An Acute Condition.

(B) A Serious Chronic Condition.

(C) A high risk Pregnancy that has reached the second or third trimester.

(D) A terminal illness.

(E) The care of a newborn child between birth and age 36 months.

(F) The performance of a surgery or other procedure that is authorized by the plan as part of a documented course of treatment.

In cases involving an Acute Condition, a Serious Chronic Condition or newborn child, the Plan will furnish the Member with Covered Services on a timely and appropriate basis from the terminated provider for up to 12 months. In cases involving the performance of a surgery or other procedure that is authorized
by the Plan, the Plan will furnish Covered Services for up to 180 days from the date of Plan Provider’s termination.

The Plan will require that the terminated provider whose services are continued beyond the contract termination date agree in writing to the same contractual terms and conditions that were imposed upon the provider prior to termination.

9.11 NONDISCRIMINATION

Plan shall not refuse to enter into any contract, cancel or decline to renew or reinstate any contract, nor shall Plan modify the terms of a contract because of race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, marital status, sexual orientation, genetic characteristics, or age (except as provided in Section 2, Eligibility) of any contracting party, or person reasonably expected to benefit from such contract.

9.12 RELATIONSHIPS AMONG THE PARTIES

The relationship between Plan and Plan Providers is that of independent contractors. Plan Providers are not employees or agents of Plan nor is Plan nor any employee of Plan an employee or agent of Plan Providers. No Member is an agent or representative of Plan, its agents or employees, or Plan Providers, or any person or organization with which Plan made or will make arrangements for the performance of services under this Agreement.

Plan Providers maintain the provider-patient relationship with Members and are solely responsible to Members for all of their services. In no event will Plan be liable for the negligence, wrongful acts, or omissions by a Plan Provider in the course of delivery of services (regardless of whether such services are Covered Services), nor will Plan be liable for services or facilities which are unavailable to the Member for any reason beyond Plan’s control. Neither Group nor any Member is the agent or representative of Plan and neither will be liable for any acts or omissions of Plan, its agents or employees, any Plan Provider, Medical Group or any other person or organization with which Plan has made or hereafter makes arrangements for the performance of services under this Agreement.

9.13 BINDING EFFECT UPON MEMBERS

By this Agreement, Group makes Plan Coverage available to persons who are eligible and duly enrolled under Section 2 (Eligibility). By enrollment or accepting services or benefits under this Agreement, Members legally capable of contracting and legal representatives of all Members incapable of contracting agree to all terms, conditions, and provisions hereof and thereby agree to be bound by this Agreement.

9.14 CHANGE IN AGREEMENT

The Plan may, at any time, add, amend, modify, or delete provisions in this Agreement by giving the Group (60) days written notice. Otherwise this Agreement may not be changed, amended, or modified except in writing executed by the Group and Plan. This Agreement may be amended, modified or terminated in accordance with its terms, without the consent of the Members.

Notwithstanding the above, changes in premium rates or changes in coverage can only become effective (i) on the renewal effective date of the Agreement if the Plan gives the Group at least 60 days written notice prior to the renewal effective date or (ii) at any time in writing if executed by the Group and Plan.
9.15 NONWAIVER

No delay or failure by Plan to exercise any right under this Agreement will be deemed a waiver of such right in the future. The provision by Plan of extra contractual benefits to a Member will not create any rights to extra contractual benefits, either to the same Member in the future or as to any other Member.

9.16 ASSIGNMENT

This Agreement is not assignable by Group without the prior written consent of Plan. The rights, benefits and any payments under this Agreement are not assignable by Members without the written consent of Plan.

9.17 NOTICES

Unless otherwise specified in this Agreement, the Group agrees to disseminate to its Members any disclosure forms, plan summaries or other notices regarding material matters in the next regular communication to such Members, but in no event later than 30 days after receipt thereof from Plan.

Notice will be sent by United States mail, first class, postage prepaid, addressed to:

To Plan:  Valley Health Plan  
2480 N. First Street, Suite 160  
San Jose, California 95131  
Attn: Chief Executive Officer

To Member:  Member’s last address known to Plan

To Group:  Group’s last address known to Plan

9.18 PARAGRAPH HEADINGS

The paragraph headings and captions of this Agreement are for ease of reference and will not limit, amplify or otherwise affect the meaning of any provision of this Agreement.

9.19 GOVERNING LAW

Plan is subject to the requirements of Chapter 2.2 of Division 2 of the California Health & Safety Code and applicable regulations developed by the Director of the Department of Managed Health Care as set forth in Title 28 of the California Code of Regulations. Any provisions required by either of the above will bind the parties to this Agreement whether or not provided in this Agreement.

9.20 ENTIRE AGREEMENT

This Agreement, addenda and membership applications constitute the entire agreement between the parties as of the Effective Date of Coverage, and supersedes all other agreements between the parties. No representation by any broker, agent, or marketing representative or any other person will be binding upon Plan unless expressly set forth in this Agreement.

9.21 CONTRACT EXECUTION

Unless otherwise prohibited by law or County policy, the parties agree that an electronic copy of a signed contract, or an electronically signed contract, has the same force and legal effect as a contract executed
with an original ink signature. The term “electronic copy of a signed contract” refers to a transmission by facsimile, electronic mail, or other electronic means of a copy of an original signed contract in a portable document format. The term “electronically signed contract” means a contract that is executed by applying an electronic signature using technology approved by the County.

SECTION 10 – LIMITATIONS

10.1 CIRCUMSTANCES BEYOND PLAN'S CONTROL

If, due to circumstances not reasonably within the control of Plan, such as complete or partial destruction of facilities, major disaster, epidemic, war, riot, civil insurrection, or similar causes, the rendition of Covered Services is delayed or rendered impractical, then neither Plan nor any Plan Provider will have any liability or obligation on account of such delay or failure to provide or arrange for services, except that Plan will make a good faith effort to provide or arrange for such Covered Services under this Agreement within the limitations of such policies and personnel as are then available. In the case of labor disputes, the obligation of Plan will be to arrange and pay for an alternate method of receiving care.

10.2 NON-DUPLICATION OF BENEFITS

The benefits under this Agreement are not designed to duplicate any benefits for Members who are entitled to receive benefits under Workers’ Compensation, employer liability laws, Medicare, or CHAMPUS. All sums paid or payable for Covered Services provided pursuant to this Agreement will be payable to and are deemed assigned to Plan. By executing an enrollment application, Subscriber agrees for himself/herself and his/her enrolled Eligible Dependents to submit to Plan the necessary claim forms, consents, releases, assignments and other documents reasonably requested by Plan, including enrollment under Parts A and B of the Medicare Program, in order to assist Plan in recovering the Reasonable Charges (i.e. reasonable value of services) provided to a Member who receives benefits covered under Medicare, CHAMPUS, the Workers’ Compensation Law or any other health plan or insurance policy. Any Member who fails to submit such documents reasonably requested must pay charges for services received, as determined by Plan, and will be subject to termination. When a Member has available benefits with another health plan or insurance policy, Plan as a secondary payor will pay only the remaining allowable charges whether or not a claim is made to the primary payor. The fact that a Member has duplicate coverage in no way reduces the Member’s obligation to make all required Copayments. The non-duplication provisions of this paragraph apply to the full extent permitted by law.

10.3 REIMBURSEMENT RESPONSIBILITY OF PLAN

If Plan for any reason beyond its control, is unable to provide Covered Services, then Plan will be liable for reimbursement of the expenses necessarily incurred by any Member in procuring the services through non-participating providers to the extent required by the California Department of Managed Health Care.

10.4 THIRD PARTY RESPONSIBILITY

In cases of injuries caused by any act or omission of a third party (including, without limitation, motor vehicle accidents and injuries and illnesses covered by Workers’ Compensation) and complications incident thereto, Plan will furnish Covered Services. However, if any recovery from a third party is received on account of such injuries, Member will reimburse Plan for the value of the services and benefits, as set forth below. By executing an enrollment application, each Member grants Plan a lien on any such recovery and agrees to protect the interests of Plan when there is a possibility that a third party may be liable for a Member’s injuries. Each Member specifically agrees as follows:
(A) Each Member will give prompt notification to Plan of the name and location of the third party, if known, and of the circumstances which caused the injuries;

(B) Each Member will execute and deliver to Plan or its nominee any and all lien authorizations, assignments or other documents requested by Plan which may be necessary or appropriate to protect the legal rights of Plan or its nominee fully and completely; and

(C) Immediately upon receiving a monetary recovery based on a judgment, award or negotiated settlement on account of such injury, each Member will reimburse Plan for the value of all such services and benefits provided or arranged by Plan at the "Plan Provider's rates". All Covered Services provided through Plan Hospitals or Plan Physicians will be deemed provided to Members in the form of services rather than cash payments. “Plan Provider rates” means the rates charged for the services and benefits for medical, surgical, hospital and related health care services as provided or arranged by Plan. Any such monetary recovery by or on behalf of Member or Member’s attorney or other representative will be held in trust for the benefit of Plan, and will not be used or disbursed for any other purpose without Plan’s express prior written consent.

(D) The reimbursement required by this section will not exceed the total amount of recovery obtained by Member. The obligation to reimburse Plan for the value of services and benefits provided or arranged by Plan applies to the full amount of the recovery even though the judgment, award or settlement is less than the total amount of the Member’s alleged damages, or does not specify a monetary amount for medical expenses, or specifies that all or part of the recovery is for damages other than medical expenses.

10.5 COORDINATION OF BENEFITS

(A) Covered Services Subject to This Provision

All of the benefits provided under this Plan contract are subject to this provision.

(B) Definitions for Purposes of This Section

(1) “Health Plan” means any plan providing benefits or services for or by reason of medical or dental care or treatment which benefits or services are provided by:

(a) Employer, blanket, or franchise insurance coverage;

(b) Service plan contracts, group practice, individual practice, and other prepayment coverage;

(c) Any coverage under labor-management trusteed plans, union welfare plans, employer organization plans, or employee benefit organization plans; and

(d) Any coverage under governmental programs, and any coverage required or provided by any statute.

The term “Health Plan” will be construed separately with respect to each policy, contract, or other arrangement for benefits or services and separately with respect to that portion of any policy, contract or other arrangement which reserves the right to take the benefits or services of other Health Plans into consideration in determining its benefits and that portion which does not.
(2) “This Health Plan” means that portion of this Agreement which provides the benefits that are subject to this provision.

(3) “Allowable Expense” means any necessary, reasonable, and customary item of expense at least a portion of which is covered under at least one of the Health Plans covering the person for whom the claim is made. When a Health Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid.

(4) “Claim Determination Period” means a Calendar Year.

(C) Effect on Covered Services

(1) This Section (C) will apply in determining the benefits as to a person covered under This Health Plan for any Claim Determination Period if, for the Allowable Expenses incurred as to such person for such period, the sum of:

(a) The value of the benefits that would be provided by This Health Plan in the absence of this Coordination of Benefits (COB) provision; and

(b) The benefits that would be payable under all other Health Plans in the absence therein of provisions of similar purpose to this provision, would exceed such Allowable Expenses.

(2) As to any Claim Determination Period to which this COB provision is applicable, the benefits that would be provided under This Health Plan in the absence of this COB provision for the Allowable Expenses incurred as to such person during such Claim Determination Period will be reduced to the extent necessary so that the sum of such reduced benefits and all the benefits payable for such Allowable Expenses under all other Health Plans, except as provided in subparagraph (3) of this Section (C) will not exceed the total of such Allowable Expenses. Covered Services payable under another Health Plan include the benefits that would have been payable had claim been duly made therefore.

(3) If

(a) Another Health Plan which is involved in subparagraph (2) of this Section (C) and which contains a provision coordinating its benefits with those of This Health Plan would, according to its rules, determine its benefits after the benefits of This Health Plan have been determined, and

(b) The rules set forth in subparagraph (4) of this Section (C) would require This Health Plan to determine its benefits before such other Health Plan,

Then, the benefits of such other Health Plan will be ignored for the purposes of determining the benefits under This Health Plan.

(4) For the purposes of subparagraph (3) of this Section (C), the rules establishing the order of benefit determination are:
The benefits of a Health Plan which covers the person on whose expenses claim is based other than as an eligible dependent, will be determined before the benefits of a Health Plan which covers such person is covered as an eligible dependent, except that if the person is also a Medicare beneficiary and as a result of the rules established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:

1. Secondary to the Health Plan covering the person as an eligible Dependent; and

2. Primary to the Health Plan covering the person as other than an eligible Dependent (a retired employee);

then the benefits of the Health Plan covering the person as an Eligible Dependent are determined before those of the Health Plan covering that person as other than an eligible Dependent.

Except for cases of a person for whom claim is made as a Child whose parents are separated or divorced, the benefits of a Health Plan which covers the person on whose expenses claim is based as an Eligible Dependent of a person whose date of birth, excluding year of birth, occurs earlier in a Calendar Year, will be determined before the benefits of a Health Plan which covers such person as an Eligible Dependent of a person whose date of birth, excluding year of birth, occurs later in a Calendar Year. If either Health Plan does not have the provisions of this subparagraph which results either in each Health Plan determining its benefits before the other or in each Health Plan determining its benefits after the other, the provisions of this subparagraph will not apply, and the rule set forth in the Health Plan which does not have the provisions of this subparagraph will determine the order of the benefits.

Except as provided in subparagraph (4)(e) of this Section (C), in the case of a person for whom claim is made as a Child whose parents are separated or divorced and the parent with custody of the Child has not remarried, the benefits of a Health Plan which covers the child as an Eligible Dependent of the parent with custody of the Child will be determined before the benefits of a Health Plan which covers the Child as a dependent of the parent without custody.

Except as provided in subparagraph (4)(e) of this Section (C), in the case of a person for whom claim is made as a dependent Child whose parents are divorced and the parent with custody of the Child has remarried, the benefits of a Health Plan which covers the Child as a dependent of the stepparent will be determined before the benefits of a Health Plan which covers that Child as a dependent of the stepparent, and the benefits of a Health Plan which covers that Child as a dependent of the stepparent will be determined before the benefits of a Health Plan which covers that Child as a dependent of the parent without custody.

In the case of a person for whom claim is made as a dependent child whose parents are separated or divorced, where there is a court decree which
would otherwise establish financial responsibility for the medical, dental or other health care expenses with respect to the child, then, notwithstanding subparagraphs (4)(c) and (4)(d), the benefit of a Health Plan which covers the child as a dependent of the parent with such financial responsibility will be determined before the benefits of any other Health Plan which covers the child as a dependent child.

(f) Except as provided in subparagraph (4)(g) of this Section (C), the benefits of a Health Plan covering the person for whose expenses claim is based as a laid off or retired employee, or Eligible Dependent of such person, will be determined after the benefits of any other Health Plan covering such person as an employee, other than a laid off or retired employee or Eligible Dependent of such person.

(g) If either Health Plan does not have a provision regarding laid off or retired employees, which results in each Health Plan determining its benefits after the other, then the rule under subparagraph (4)(f) of this Section (C) will not apply.

(h) If a person whose coverage is provided under a right of continuation pursuant to federal or state law is also covered under another Health Plan, the following will be the order of benefit determination:

1. First, the benefits of a Health Plan covering the person as an employee, member, or subscriber, or as that person’s Eligible Dependent;

2. Second, the benefits under Continuation Coverage. If the other Health Plan does not have the rules described above, and if, as a result, the Health Plans do not agree on the order of benefits, the rule under this subparagraph (4)(h) of Section (C) is ignored.

(i) When subparagraphs (4)(a) through (4)(h) of this Section (C) do not establish an order of benefit determination, the benefits of a Health Plan which has covered the person on whose expenses claim is based for the longer period of time will be determined before the benefits of a Health Plan which has covered such person the shorter period of time.

(5) When this COB provision operates to reduce the total amount of benefits otherwise payable as to a person covered under This Health Plan during any Claim Determination Period, each benefit that would be payable in the absence of this COB provision will be reduced proportionately, and such reduced amount will be charged against any applicable benefit limit of This Health Plan.

(D) Right to Receive and Release Necessary Information

For the purpose of determining the applicability of and implementing the terms of this provision of This Health Plan or any provision of similar purpose of any other Health Plan, This Health Plan may release to or obtain from any insurance company or other organization or person any information, with respect to any person, which This Health Plan
deems to be necessary for such purposes. Any person claiming benefits under This Health Plan will furnish such information as may be necessary to implement this provision.

(E) Facility of Payment

Whenever payments which should have been made under This Health Plan in accordance with this COB provision have been made under any other Health Plans, This Health Plan will have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amounts it will determine to be warranted in order to satisfy the intent of this provision, and amounts so paid will be deemed to be benefits paid under This Health Plan and, to the extent of such payments, This Health Plan will be fully discharged from liability under This Health Plan.

(F) Right of Recovery

Whenever payments have been made by This Health Plan with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this COB provision, This Health Plan will have the right to recover such payments, to the extent of such excess, from one or more of the following, as This Health Plan will determine: any persons to or for or with respect to whom such payments were made, any insurers, service plans or any other organizations.

SECTION 11 – PRINCIPAL BENEFITS AND COVERAGES

Valley Health Plan believes this Coverage is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a
grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Member's Coverage may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

“Emergency Services” also means an additional screening, examination, and evaluation by a physician, or other personnel to the extent, permitted by applicable law and within the scope of their licensure and clinical privileges, to determine if a Psychiatric Emergency Medical Condition exists, and the care and treatment necessary to relieve or eliminate the Psychiatric Emergency Medical Condition or detoxification, within the capability of the facility.

Follow-up visits require a referral from the Member’s Primary Care Physician unless such visits are for Urgently Needed Services. If emergency room visits are made in non-emergency situations, as defined in Section 1317.1 of the Health and Safety Code, the Member will be responsible for the resulting charges. Copayments for Urgently Needed Services are set forth on the Copayment Schedule. The Member must present their VHP ID Card and call VHP within 48

Plan also covers transportation to return the Member to a Plan Hospital, upon Prior Authorization by Medical Director, if the Member was hospitalized at a non-Plan Hospital.

(2) Plan also covers Medically Necessary Emergency Services received by Member on an outpatient basis when inside the Service Area.

(3) Emergency services and benefits received from a non-Plan Hospital are subject to the notification requirements for out-of-area Emergency Services and will be covered so long as such services constitute Medically Necessary Emergency Services.

(D) In-Area Urgently Needed Services

(1) If a Member is within the Service Area and requires Urgently Needed Services for an unforeseen illness or injury to prevent serious deterioration of the Member’s health, the Member will call the 24-hour Nurse Advice Line at 1.866.682.9492, schedule an appointment or go to a VHP Network Walk-in Urgent Care Clinic. (2) If the Plan determines that the Member may be safely transferred to a Plan Hospital, and the Member refuses to consent to the transfer, the hospital must provide the Member with written notice that the Member will be financially responsible for 100% of the cost for services provided to the Member once the Member’s Emergency condition is stable.

(3) If the non-Plan hospital is unable to determine the Member’s name and contact information at the Plan in order to request Prior Authorization for services once the Member is stable, the non-Plan hospital may bill the Member for such services.
If the Member feels that s/he was improperly billed for services that were received from a non-contracted provider, the Member should contact VHP’s Member Services Department at 1.888.421.4425 (toll-free).

11.8 MEDICAL TRANSPORT SERVICES

If the Member is hospitalized in a non-Plan Hospital for Covered Services, the Member may receive Medically Necessary Prior Authorized medical transport services to return the Member to a Plan Hospital or Plan Facility when such transfer is appropriate, as determined by the Medical Director. Continuing follow-up treatment by Non-Plan Providers for accidental injury or emergency illness is limited to prior approval of Medically Necessary services required before the Member can, when it is medically appropriate, return to the Service Area.

11.9 PRESCRIPTION DRUGS

Health Plan will cover all Medically Necessary prescription drugs except as excluded below and subject to a Copayment per prescription or refill, as set forth on the Copayment Schedule.

Plan Physicians use a comprehensive drug Formulary that includes FDA-approved drugs (brand name and generic equivalent). VHP delegates the Formulary drug selection process to its Pharmacy and Therapeutics Committee (P&T). The Formulary has been prepared as a reference for all health professionals who share the responsibility for the management of the health care for VHP Members. The Formulary is prepared for publication by VHP under the direction of the P&T. The Formulary is published and updated online monthly. Additions and deletions to the Formulary, which occur throughout the year by action of the P&T, are conveyed to VHP’s pharmacy benefits manager (PBM). The PBM advises the Plan Providers and Members as appropriate. Record of these changes are maintained in the P&T minutes, and a summary of changes are published on the Plan’s website.

To identify whether a specific drug(s) is on the Formulary, members may speak to the Plan PBM at 1.866.333.2757 or go online to www.valleyhealthplan.org

Covered outpatient prescription drugs must be Medically Necessary for treatment of the specific illness or injury for which the drug was prescribed by a physician. Prescription drugs are covered only when prescribed by a Plan Provider (or Non-Plan Provider rendering services with Prior Authorization of Plan) and only when dispensed by a Plan Pharmacy, except when a Member requires Emergency Services. New prescription(s) prescribed by a Plan Provider can be filled at a Plan Pharmacy. For prescription refill request(s), contact the Plan Pharmacy.

Medically Necessary antibiotics and pain medications prescribed by the Member’s dentist are a Covered Benefit only when filled at a Plan Pharmacy.

Medically Necessary non-Formulary drugs may be covered if the Member's Plan Physician obtains Prior Authorization from VHP or PBM designee by faxing a Prescription Drug Prior Authorization or Step Therapy Exception Request Form (i.e. via facsimile) to Plan PBM. The decision of urgent and standard non-formulary prescription requests will be made within the regulated turnaround time. A communication of the decision will be mailed and faxed to the provider within the regulated turnaround time. If the Prior Authorization request is denied, the Member will be referred back to the Plan Physician for alternative treatment and/or to contact VHP PBM customer services by calling 1.866.333.2757 for further assistance. In the event Member needs to file Grievance with the Plan the Member must contact VHP Member Services. If VHP denies the Member Grievance VHP will notify the Member in writing of the reason for denial. The notice shall also inform the Member of their right to dispute the decision.
All routine prescription drugs must be filled at/through a Plan Pharmacy. The Member is allowed a 30 day vacation supply override. The Member may be financially responsible for lost or misplaced medications. The PBM or pharmacist advises the Member of all charges.

After hours, weekends, holidays, emergent or urgent care prescriptions are also subject to the authorization process. The Member may have the prescriptions filled at any Plan 24-hour pharmacy. If a Plan Pharmacy is not available, VHP will cover the prescription filled at an Out-of-Network Pharmacy.

Drug prescriptions (including non-Formulary drugs) paid for by the Member and obtained from non-Plan providers and filled by non-Plan Pharmacies may be subject to denial of reimbursement upon review by the VHP's Medical Director.

Only over the counter (OTC) items listed on the Formulary are a Covered Benefit.

11.10 DURABLE MEDICAL EQUIPMENT

Members are entitled to the use of Durable Medical Equipment, upon Prior Authorization by the Medical Director, when Medically Necessary, when, and for the time, prescribed by a Plan Physician and obtained from a provider authorized by Plan. In the discretion of Plan such equipment may be obtained by lease/rental or purchase. Plan will cover only the initial purchase of Durable Medical Equipment.
