

THE ONTARIO DOMESTIC ASSAULT RISK ASSESSMENT (ODARA)

Aaron Johnson

Director of Pretrial Services

January 5, 2018

O.D.A.R.A.

- Developed and Validated by Waypointe Centre for Mental Health Care
- Initially Validated in the Greater Toronto Area
- Utilized by Police, Probation, and Court Officers
- 13 item assessment
- Used only for intimate partner violence cases
- Assesses the recidivism risk of similar scoring defendants re-assaulting their current intimate partner within a 5 year period
- Office of Probation also utilizes the ODARA.

Bail and Release Group Recommendation 16

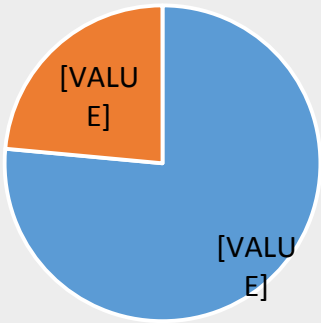

- Explore and employ a domestic violence specific risk assessment tool that is validated to avoid racial bias.
- Research and assistance received from different public agencies in Ontario, Nova Scotia, Iowa, Colorado and Maine.
- PTS trained and certified assessment staff to use the Ontario Domestic Assault Risk Assessment (ODARA).
- The assessment has been shared with the offices of the Superior Court, District Attorney, Public Defender, and both public and community members of the Domestic Violence Council.
