Please describe the method to be used to remove the tree(s).

Method to be determined b contractor.

Will there be any concrete work associated with this tree removal? If yes, a separate encroachment permit from Roads and Airports will be required for that work.

Yes  
 No

Owner/Applicant is to provide the additional information as attachments to this application:

1. Photographs of the tree(s) proposed for removal.
2. A tree survey or site map with the accurate location, number, species, size (diameter measured 4.5 feet above ground, approximate height and approximate canopy diameter), general health, and approximate age, if know, of the tree(s) proposed for removal. Location and name of Santa Clara County maintained road and limits of road right of way.
3. As applicable, a replanting, re-vegetation, and/or permanent erosion and sediment control plan. Include proposed location, size and species of replacement tree(s).
4. As applicable, photographs of the damage caused by the tree(s).
5. As applicable, the replacement tree information from the Master Plant List.
6. As applicable, a copy of the Arborist or Forester's signed statement or report.

**Owner is to Acknowledge, Agree, Sign and Date the Following:**

I hereby agree to defend, indemnify and hold harmless the County and its officers, agents, employees, boards and commissions from any claim, action or proceeding brought by any person or entity other than the applicant ("third party") against the County or its officers, agents, employees, boards and commissions that arises from or is in any way related to the approval of this application, including but not limited to claims, actions or proceedings to attack, set aside, void or annul the approval. If a third party claim, action or proceeding is filed, the County will promptly notify the applicant of the claim, action or proceeding and will cooperate fully in the defense. Notwithstanding the above, the County has the right to participate in the defense of any claim, action or proceeding provided the County bears its own costs and attorney fees directly associated with such participation and defend the action in good faith. The applicant will not be required to pay or perform any settlement unless the applicant agrees to the settlement.

I (We), the Owner(s) of the subject property, hereby authorize(s) the filing of this application and on-site visit by authorized staff. In addition I (We) acknowledge and understand the information above related to fees and agree to pay all application fees. I (We) certify and accept the terms and conditions as described above.

Owner's Name(s) (please print) Paul Pascoal, PE

Owner's Signature(s)

# **PUBLIC NOTICE INTENT TO REMOVE STREET TREE**

A request for approval to remove sixteen (16) trees **located within the County Road Right-of-Way at Junipero Serra Blvd** has been filed with the County's Roads and Airports Department. **The trees are being removed to allow for the Junipero Serra Traffic Calming Project.**

Pursuant to §C16 of the County Ordinance Code (Tree Preservation Ordinance) notice is given to adjoining property owners and notice is to be posted on site for a minimum of seven (7) calendar days prior to the Roads and Airports Department presenting the application for tree removal to the Board of Supervisors.

Any person who objects with the proposed tree removal may submit a written protest to the Roads and Airports Department within seven (7) days of the date of this posting (see posted date below). Written protests will then be forwarded to the Clerk of the Board of Supervisors who will notify each of the Supervisors of the proposed removal as well as protests received from the public.

Any comments regarding the tree removal application must be submitted **by email (along with contact information)** to the following:

Paul.Pascoal@rda.sccgov.org
