SECTION 2010 EXISTING FACILITIES- INTERIOR

2010.1 GENERAL - Work performed under this section shall include the following:

1. Installation of an 8' x 40' container capable of storing fixtures, furniture, and equipment located inside the Dyer House.
2. Prepare a Recording Chart of all items removed from each room.
3. Remove items in building and store them in the rented container.
4. Installation of an 8' x 10' container capable of storing miscellaneous items from drawers, cabinets, shelves and tables. This container will be used exclusively by Y.S.I. staff only for the storage of materials during construction. Both the 8' x 40' container and the 8' x 10' container shall be installed in place during the week of Notice to Proceed and shall be the first order of work.

2010.2 RECORD EXISTING SURFACE CONDITIONS - The Contractor shall conform to the provisions of "Preservation of Property," of the Standard Specifications and these Project Specifications.

Prior to the Construction, the Contractor shall submit a DVD disc recording of all existing conditions that will be affected by the construction work for the purpose of providing a detailed record of the existing surface conditions of properties, structure, or other appurtenance within the project area. The DVD disc shall provide an overview of the entire project site. The disc shall also show detailed view of the interior structure.

The video recording shall have sufficient clarity to the satisfaction of the Engineer. The DVD disc shall provide an audio commentary describing all significant damaged area, cracks, settlements, deficiencies and any other condition which should be documented as pre-existing in order to avoid a mistaken future claim.

The Contractor shall submit the DVD disc labeled with the location, date, and time the disc was made including a written log indicating the location and description of any existing defects or irregularities in the project area. Upon acceptance by the Project Manager, these discs shall become the property of the County.

Payment for compliance with this section shall be deemed included in the General Conditions, General Requirements and Mobilization, and no additional compensation will be allowed therefore.

2010.3 ITEMS TO BE REMOVED AND REPLACED BY CONTRACTOR AFTER CONSTRUCTION- FURNISHINGS, FIXTURES AND EQUIPEMENT (FF&E).

The following items are to be removed from the Dyer House and placed in the Storage Container provided by the Contractor:
