3.2 **Interest.** Any payment due from LESSEE to LESSOR, including but not limited to rent, shall bear interest from the due date until the date paid at an annual rate equal to the lesser of: (a) ten percent (10%), or (b) maximum annual interest rate allowed by law. In addition, LESSEE shall pay LESSOR all costs and expenses incurred by LESSOR in the collection of such payments and interest.

3.3 **Late Charge.** For all rent due and owing after the date specified in Section 3.1, LESSEE shall pay, without the necessity of prior demand or notice, to LESSOR a late charge equal to five percent (5%) ("Late Charge") of any installment of rent that is not received by LESSOR within five (5) days after the due date for that payment. A Late Charge equal to five percent (5%) shall additionally be assessed to installments on payments of back rent, if said installments are not received by LESSOR within five (5) days after the due date of such installment as set forth herein. LESSEE and LESSOR agree that these Late Charges represent a fair and reasonable estimate of the additional costs and expenses LESSOR will incur by reason of a late payment of rent or back rent by LESSEE. In no event shall this subsection be deemed or interpreted to grant LESSEE a grace period or extension of time within which to pay any payment of rent or to prevent LESSOR from pursuing or exercising any right or remedy available to LESSOR for LESSEE's failure to pay a rent payment when due.

4. **OPTIONS TO EXTEND**

If this SUBLEASE shall not have been previously terminated, and if LESSEE is not in default under the terms of this SUBLEASE, then LESSEE shall have the option to extend the term of this SUBLEASE on the same terms and conditions for up to four additional terms ("Option Terms"):  

4.1 Each additional term shall be for three (3) years from the expiration of the Initial Term ("Option Term") or previous Option Term.
4.2 Said Option Term may be exercised only by the delivery of written notice by LESSEE to LESSOR at least ninety (90) days, but no more than one hundred eighty (180) days, in advance of the Termination date of the Initial Term or previous Option Term.

4.3 Rent for each year of the Option Terms shall be Three Hundred Fourteen Thousand Dollars ($314,000) exclusive of the operation and maintenance cost. In addition, the operation and maintenance costs are based on an annual base amount of Thirty Thousand Dollars ($30,000) with a 3% escalation for each year thereafter during the Option Terms. Rent and the operation and maintenance payments are due quarterly on the first day of each quarter (March 1, June 1, September 1, and December 1).

5. PREMISES

5.1 Use of Premises. The Premises shall be used as a fixed collection site for household hazardous waste, such as used motor oil, automotive and other types of batteries, antifreeze, oil filters, paint, garden chemicals, household cleaners, pool chemicals and other common hazardous consumer products. LESSEE shall commence operation of the Premises upon acceptance of the Premises as specified in Section 5.3, or as indicated in Exhibit A to this SUBLEASE, and shall remain open to the public no less than 4 days per week.

5.2 Condition of Premises. The parties hereby acknowledge that the collection facility is currently under construction with LESSOR’s completion and delivery of the Premises to LESSEE anticipated occurring on January 1, 2013. In the event LESSEE does not receive delivery of the Premises by April 1, 2013, LESSEE has the right to terminate this agreement without recourse or damage to LESSOR by providing no less than 30 days written notice to the LESSOR. LESSEE’s right to terminate ceases upon delivery of the Premises.

5.3 LESSEE agrees to accept the Premises delivered AS-IS, WHERE-IS condition substantially consistent with the Permit Set signed by the Director of Public Works December 16, 2010, which LESSEE hereby acknowledges having reviewed and approved. LESSEE shall provide LESSOR a punch list regarding any substantial noncompliance of the Premises with the construction drawings and plans within five (5) days of delivery, or forever waive the right to acceptance of the Premises in AS-IS, WHERE-IS condition. The parties shall act in good faith to resolve any items on the punch list.

6. LEASEHOLD IMPROVEMENTS

6.1 Ownership and Removal. All personal property not affixed in any way to the Premises including inventory, together with LESSEE’s trade fixtures, (collectively, “LESSEE’s Property”) shall remain the property of LESSEE. Upon the termination or expiration of the SUBLEASE term, if LESSEE is not then in default under the SUBLEASE, LESSEE may remove LESSEE’s Property from
the Premises no later than the termination or expiration date. In addition, LESSEE may remove from the Premises all items installed by LESSEE that are indicative of LESSEE’s business and may otherwise “de-identify” the Premises, as LESSEE reasonably believes necessary or appropriate for the protection of LESSEE’s interest in LESSEE’s trademarks, trade names or copyrights. LESSEE shall repair any damage to the Premises caused by such removal, including patching and filling holes. In no event shall LESSEE remove or be required to remove any restrooms, flooring, ceilings, utility or electrical components located inside the walls or HVAC systems. All other utility systems will be capped and returned to a condition compatible with code requirements.

6.2 Abandonment. Any of LESSEE’s Property not removed from the Premises within fifteen (15) business days of the date the SUBLEASE terminates or expires shall be deemed abandoned and shall thereupon become the property of LESSOR. LESSOR may possess and dispose of such property as LESSOR deems appropriate. This provision shall apply under all circumstances, including default by LESSEE under this SUBLEASE.

6.3 Tenant Improvements. LESSOR shall have the right to review and approve any plans and drawings for fixtures, furniture and equipment within the Premises, as reasonably necessary for the operation of LESSEE’s business (“Tenant Improvements”), including any material changes to the plans and drawings. LESSOR’s approval of the Tenant Improvements may be based upon such conditions as LESSOR deems necessary, including but not limited to LESSEE’s procurement of sufficient bonds for the Tenant Improvements.

6.4 Liens. All Tenant Improvements shall be completed free of mechanic’s liens, with first-class materials and workmanship, and in compliance with all applicable permits, ordinances, rules, regulations, and laws applicable to the Premises.

7. MATERIALS ACCEPTED

7.1 LESSEE may only use the Premises to accept Hazardous Waste as defined in this Section. “Hazardous Waste” shall include the following: (i) hazardous waste as defined in the Health and Safety Code section 25218.1(e) or as later amended, and which include but are not limited to automotive fluids, automotive and other types of batteries, latex and oil paint, oil filters, garden chemicals, household cleaners, pool chemicals, home generated sharps and pharmaceutical waste and other common hazardous consumer products; (ii) hazardous waste produced by conditionally exempt small quantity generator (CESQG), as defined in Section 261.5 of Title 40 of the Code of Federal Regulations, or as later amended. LESSEE shall accept materials from the public only during regular operating hours when the Premises are attended by LESSEE’s staff. Automotive fluid
wastes will be bulked on site. Paint may be bulked and reprocessed by filtering, mixing and pouring into 5-gallon containers. To meet state mandates for waste minimization, the paint and other reusable products will be offered to the public through a “Materials Reuse Program.” This type of program is designed to reduce the amount of hazardous waste generated by the HHW Program because products that are still good, such as cleaners, garden products and paint, are offered to the community for reuse. At the discretion of LESSEE, LESSEE may accept reusable products at the Premises and/or bring reusable products from the monthly temporary collection events to the Premises for redistribution.

7.2 Compliance with Laws. LESSEE will properly observe, comply with, and execute, all present and future orders, regulations, directions, rules, laws, permits, ordinances and requirements, hereinafter collectively called “laws,” of all governmental authorities (including, but not limited to, state, municipal, county and federal governments, and their departments, bureaus, boards, and officials), applicable to LESSEE’s hazardous waste collection program or relating to the use or occupancy of the Premises for collection of Hazardous Waste.

7.3 Maintenance. During the term of this SUBLEASE, LESSEE shall, at LESSEE’S sole cost and expense, keep, maintain and leave the areas of the Premises used by LESSEE in good and safe order and repair, ordinary wear and tear excepted. LESSEE shall be responsible for cleaning up any spills of materials, trash, clothing, furniture or other items on the Premises, which were brought thereon as a result of LESSEE’s collection events. If LESSEE fails to keep, maintain or leave the Premises in good and safe order and repair, LESSOR may, at its option, after written notice to LESSEE, complete such maintenance or repairs. LESSEE shall pay LESSOR within thirty (30) days from the date of request from LESSOR for the cost of the maintenance or repair work performed by or on behalf of LESSOR. LESSOR’s request for payment shall specify the maintenance or repair work performed.

8. SERVICE AREA

Residents of any jurisdiction belonging to the Program will be allowed to bring household hazardous waste to the Program at the Premises.

10.2. LESSEE acknowledges that the Premises are located on a site which was ground leased and developed with financing from the New Markets Tax Credit Program (NMTC). LESSEE shall not take any action with regard to the Premises that would cause LESSOR to be in violation with the NMTC requirements. LESSEE shall use reasonable efforts to obtain recovery from all available resources, including insurance, of any liable hauler or liable disposal facility operator. perform hereunder unless such default or breach continues for 30 days after LESSEE’s
receipt of notice there of from LESSOR. If LESSEE fails to pay LESSOR, LESSOR at
its option may terminate this SUBLEASE if the failure is not remedied by LESSEE
within sixty (60) days from the date payment is due.

17. **WAIVER.**

The waiver by either party of any breach or violation of any provisions of this
SUBLEASE shall not be deemed to be a waiver of any breach or violation of any other
provision nor of any subsequent breach or violation of the same or any other provision.
The subsequent acceptance by either party of any monies which become due hereunder
shall not be deemed to be a waiver of any pre-existing or concurrent breach or violation
by the other party of any provision of this SUBLEASE.

EMERGENCY PROCEDURES

Bomb Threat

- Telephone Threat

When a bomb threat is made over the telephone, obtain the following information from the caller:

- Exact location of the device
- Time set for explosion
- Description of the device
- Reason the caller has placed the bomb
- Exact words used by the caller
- Keep this information as confidential as possible
- Notify the Police Department – Call 911
- Notify Environmental Services Department

In the event you are asked to evacuate the building, move away from the building to allow for clear passage of emergency personnel. Do not re-enter the building until advised by the Police and/or OED-Real Estate Services.

- Suspicious Packages or Mail Bombs
Letter bombs are usually sent through the mail addressed to a specific individual in the company, usually disguised to look like some sort of gift or a small package. Letter bombs have the power to kill or maim anyone close to them if they go off. Letter bombs are usually a large size manila envelope ¼" to ½" thick and are fairly rigid. They have been mailed from cities or small towns in the United States, as well as from foreign countries. They are usually mailed to a person by title, such as Chairman, President, Manager, Security Officer, etc.

If a letter is suspected to be a letter bomb:

- Clear everyone out of the area for at least 25 feet around it
- Notify the Police Department – Call 911
- DO NOT HANDLE IT UNDER ANY CIRCUMSTANCES
- DO NOT ATTEMPT TO DEACTIVATE IT YOURSELF

**Earthquake**

**Before an Earthquake**

- Secure objects such as files, office equipment, bookshelves and other potentially dangerous objects
- Be familiar with your immediate work area and floor plan. This will help you react effectively when it is necessary to find the closest and safest shelter point/

**During an Earthquake**

- Get under a sturdy table or desk and hold on or move towards the center of the building. The building core is the strongest part of the structure.
- Keep your back to all glass objects if you cannot avoid them completely.
- Be aware of falling debris. Cover your head as much as possible.
- Do not panic. A clear mind will help you through the dilemma.

**After the Earthquake**

- Remain calm and stay in your area (unless an emergency dictates otherwise).
- Look for injured people and administer first aid where needed.
- Use telephone for emergencies only.
- Be alert for after shocks. Their intensity can produce further damage. Respond to the after shock as though it is the original earthquake.

**Evacuation**

- Normally, it is not recommended to evacuate a building after an earthquake. Outside one may experience falling glass from the building.
- However, if an evacuation is required, use the stairs. Do not use the elevator. Walk down at a steady pace. Do not run.
Evacuation

If it becomes necessary to evacuate the building due to a large fire or a great amount of smoke, the items below are of extreme importance:

- Keep calm; do not panic.
- Do not attempt to use the elevator.
- Use the stairs. Enter the stairwells and proceed to ground level – keep to the right of the stairwell, as emergency response teams may be entering the stairwell.
- Walk rapidly; do not run.
- Before opening any doors, feel the door. If it is hot, do not open.
- If possible, close all doors along the way, as this will slow the spread of a fire.
- If you are caught in smoke: Crawl along the floor, as the air is cleaner and cooler, take short breaths, and breathe through your nose. If forced to make a dash through smoke or flames, hold your breath.
- Do not go back to get personal belongings.
